DEDICATION

THIS volume of Torontonensis is dedicated to the Right Honourable Sir William Mulock, K.C.M.G., P.C., LL.D., Chancellor of the University of Toronto, and Chief Justice of Ontario, who through a long life has kept the heart of youth; who, as a Minister of the Crown, faithfully served Canada and the Empire; and who, through application of the idea of Federation to University organization helped to combine variety of academic tradition with unity of general purpose in this University.

BOOK ONE

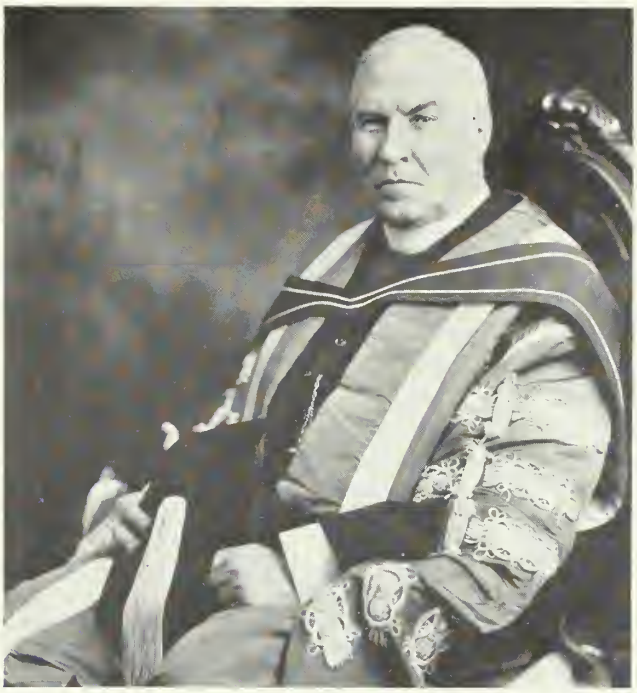

SENIORS

"Courage to scorn defeat, patience that can look forward to the long result, a sense of humour that enables one to laugh at failure — these are all-important. To smile at defeat and to try again verges on victory. And do not forget that the most important lessons of life are to be found in adversity. To agonize — that is to wrestle with one's self—in the intellectual and spiritual sense is an essential discipline. Do you recall the words of a great German poet?

'Who never ate with tears his bread,
Who never through night's care-wracked hours
Has wept in sadness by his bed,
He knows you not, ye Heavenly Powers'."

Sir Robert Borden.

To the Graduating Classes of the University of Toronto

IT IS my happy privilege to offer to you, the graduating classes of the University, my warmest greetings and my sincere good wishes for your future welfare. This is the time for both retrospect and prospect. You look back on crowded years of opportunity, of hard work, and cheerful companionship. Your education has been given you through lectures, discussions, books, recreations and personal friendships. You have helped educate one another. If you have gained from your university course a love of good literature and a group of friends, you have gained much. You will carry away with you the company of great thoughts, the inspiration of great ideals, the example of great achievements, and the consolation of great failures. You will have learned both what other people think, and how to think for yourselves.

To what do you look forward? In past years positions have awaited you after graduation. Now positions are not so easy to get. Mr. Fairbairn, the chief engineer of the Canadian Pacific Railways, one of our own graduates of the Faculty of Applied Science, told the members of the Engineering Society at their annual dinner, that in all probability there would await each one for some years "hard work, hard knocks, and hard times". I hope that you will all have the speedy opportunity of doing work, even though it is hard work. "Endure hardness as good soldiers" is a timely apostolic exhortation. Hard times make strong men and women. In such days we are challenged to learn anew the avoidance of waste, the privilege of toil, the value of training, and the supremacy of soul over things. You young men and women will have the chance in due time to take over the management of a world which the past generation has in many ways mishandled.

We trust that through faith in God, in your fellows, and in yourselves, you will make a better world than we have been able to make. Stand fast in these troublous times. Hold to the great intellectual, moral and spiritual fundamentals of life. Cultivate clear thinking, and constant goodwill. Be courageously hopeful, and kindle the fires of hope in others.

Your ALMA MATER gives you her blessing. She is proud of your sterling character and buoyant determination. She is judged by the kind of men and women you prove to be. Be worthy of her best ideals. Gratefully cherish her in your thoughts, words and deeds. Give to her, and to your country and your God loyal and efficient service. Over the gateway into the grounds of a famous university are words which I pass on to you:

"Enter to grow in wisdom;
Depart to serve thy country
and mankind."

H J Cody

UNIVERSITY COLLEGE

To the Graduating Class in University College

By PROFESSOR MALCOLM W. WALLACE, B.A., PH.D.

TO WISH you God-speed, if the phrase is to be interpreted as success in a worldly sense, is hardly possible to-day without an uncomfortable feeling that the wish falls somewhat short of perfect sincerity. You are graduating at a time when the disorder of the world shows only faint signs of abating. For the present it is a world which may deny to many of you an opportunity to pour your energies into those channels to which you are instinctively attracted by your various tastes and capacities.

We are beginning to understand that compulsory unemployment is one of the greatest afflictions under which men suffer, and it is a measure of our present disorder that this affliction now selects as its victims, not merely the unskilled and the ignorant, but a great multitude of those who are specially qualified to contribute to the well-being of society.

Many of you will doubtless find more or less satisfactory employment, but I confess that in writing this greeting to the graduating class I am thinking especially of those who may be less fortunate. For you, the immediate future may contain much of disappointment, and you will be tempted to indulge in bitterness and unavailing low spirits. I can say nothing to you that will conjure away this frustration of your hopes, but I can at least recall to your minds the reflections which adversity has always called forth from the wise. Keats was suffering under a much more intolerable burden of frustrated hopes than most of you are likely to experience when he wrote: "The first thing that strikes me on hearing of a misfortune having befallen another is this—'Well, it cannot be helped: he will have the pleasure of trying the resources of his spirit'." Bacon declared that the virtue of adversity is fortitude, and indeed there is nothing else that can avail.

You will know that the luxury of indulging one's sense of disappointment and regret is futile and weak, and that there is always scope for choice and self-mastery. Many men have converted periods of disappointed hopes into opportunities for fitting themselves more adequately to play their part in the world when opportunity at length presented itself. You are living in the dawn of a great new era in human affairs, and the very necessity of adjusting yourselves to new conditions may be the instrument for developing your characters and capacities.

I know that homilies of this kind must seem to you a poor substitute for more substantial prospects, and I am very conscious of the fact that they can be delivered with most effect only by those who are fully sharing your troubles. Nevertheless, all human experience testifies to the wisdom of accepting the inevitable, of making the best of what cannot be helped, and to the high virtue of heroic courage and of a determination to think as clearly and act as wisely as we may when difficulties have gathered thick about us.

UNIVERSITY COLLEGE 3T3 PERMANENT EXECUTIVE

J. D. AGNEW (President), MARGARET CONBOY (Treasurer), NORAH BOWERS (Vice-President), W. G. ROSS (Secretary).

Class History of 3T3 University College

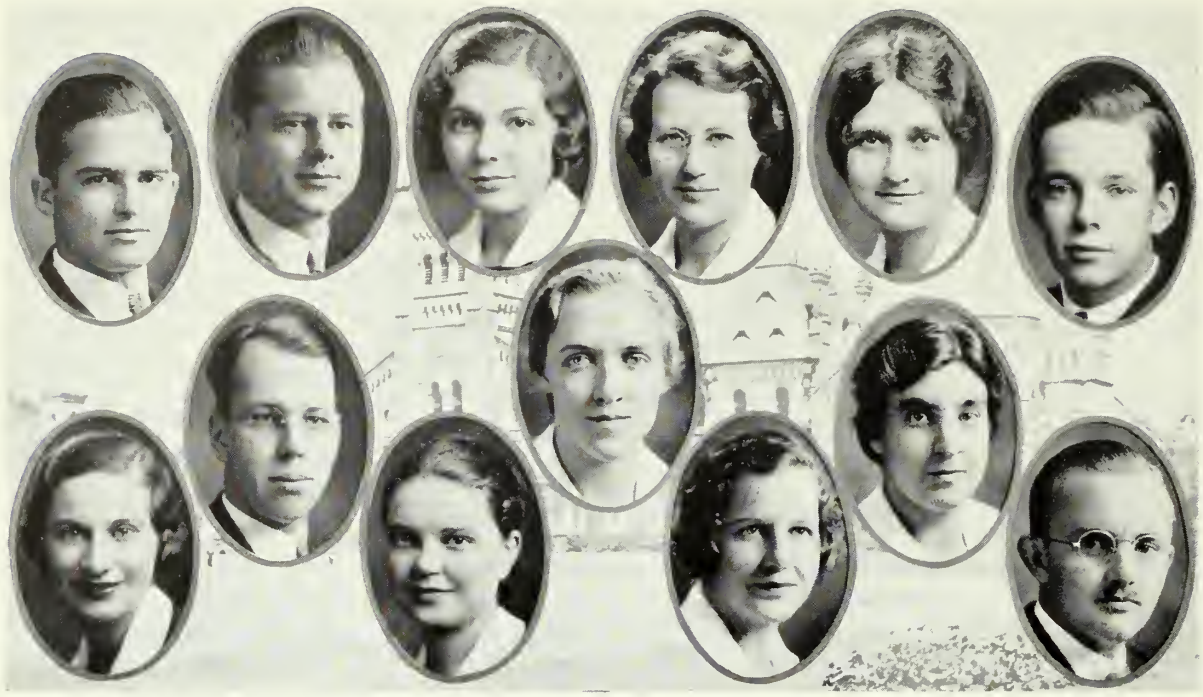

WE, 3T3, constitute the graduating year of University College. Filled with a "spirit", which had its inception in our freshman year, we have carried on striving ever to live up to noble precedents, and determined to leave behind us a record without peer. In almost every phase of University and College activity we have been represented, and have upheld the honour of our College. The success of our year has largely been due to the co-operation of the men and women who have worked together to create an "esprit de corps" which has developed, despite many difficulties.

In almost every branch of Athletics you will find 3T3 represented. Our men and women have always striven to do their utmost for their University and College in their respective fields. We have won our share of honours at the track-meets, assaults-at-arms, rowing, basketball, baseball, water polo, rugby, tennis, hockey and soccer.

Along the lines of literary endeavour, we have also been well represented. During our four years the Players' Guild has achieved many new successes. Debating has been encouraged and several speakers of ability have developed. We have been responsible for the revival of the U.C. Parliamentary Club and have placed it on a firm basis.

Nor have we ignored the academic side of University life because of lesser and seemingly more attractive extra-curricular activities. In scholarship we have left our mark and have always tried to uphold that scholastic record of which our College is so justly proud.

The Undergraduate History of 3T3 is now inscribed on the everlasting parchment of time. Four years ago we entered University College as neophytes, full of hope, and anxious to broaden our minds along various lines of learning. Now we have served our period of apprenticeship, and we enter a new field of life filled with the determination to give of our best. Our future success or failure will be determined in later years, but that which we have achieved while at University is now of the past, and is worthy of our Class.

VICTORIA COLLEGE

To the Graduating Class of Victoria College

By Chancellor E. W. Wallace, M.A., D.D.

OF YOU, who are about to step forth from College halls in this year of 1933, two virtues seem to be required.

One is *courage*. Whatever your chosen life may be, you will find it overcrowded, with at best a grudging welcome to the newcomer, perhaps with actual opposition that discourages and alarms. For few will the way be open and prepared. There will be demanded of you courage of the kind that wins a match against a seemingly impossible score, or the finer type that plays the game to the end when success is manifestly impossible. That is the test that makes great players—and these are the times that develop great character, based upon an unconquerable courage that learns from every misfortune, that wrests a deeper victory from the very experience of defeat.

Such courage is possible when one has developed a *faith* broad and firm enough to stand any challenge—a confidence in himself won from the most gruelling testing, a confidence that at the last value can be discovered in the most unlikely circumstance and made his own possession and that of the world, a confidence that at the heart of things there is an essential friendliness that is on the side of what is fine and noble and unselfish, a spiritual power with which a man can ally himself in the assurance that, if he gives himself to the best that he knows, he will never ultimately be let down.

You have had four busy years in manifold activity, all of which should prove a preparation for the test that lies ahead. May your courage and your faith carry you through the difficulties of these first years into a life not unworthy of our hopes for you.

May I pass on to you some lines from our own Victoria poet, E. J. Pratt, in his heroic story of The Roosevelt and the Antinoe.

> "The hour had called for argument more rife
> With the gambler's sacrificial bids for life,
> The final manner native to the breed
> Of men forging decision into deed—
> Of getting down again into the sea,
> And testing rowlocks in an open boat,
> Of grappling with the storm-king bodily
> And placing Northern fingers on his throat."

PERMANENT EXECUTIVE OF CLASS 3T3, VICTORIA COLLEGE

Standing: D. D. CHITTENDEN; G. W. BIRTCH

Sitting: MISS M. L. HAMPSON; W. D. CONKLIN; DOCTOR W. B. LANE (Honorary President) MISS F. G. CLARE

Victoria College 3T3 Class History

SEPTEMBER, 1929! And the halls of Victoria echoed to the tread of a large, unwieldy year, and the tumult of its long unwieldy yell. Now the "livelier iris gleams upon the burnished dove" of 1933. Perseverance, perspective and pep have taught us to handle both our yell and ourselves.

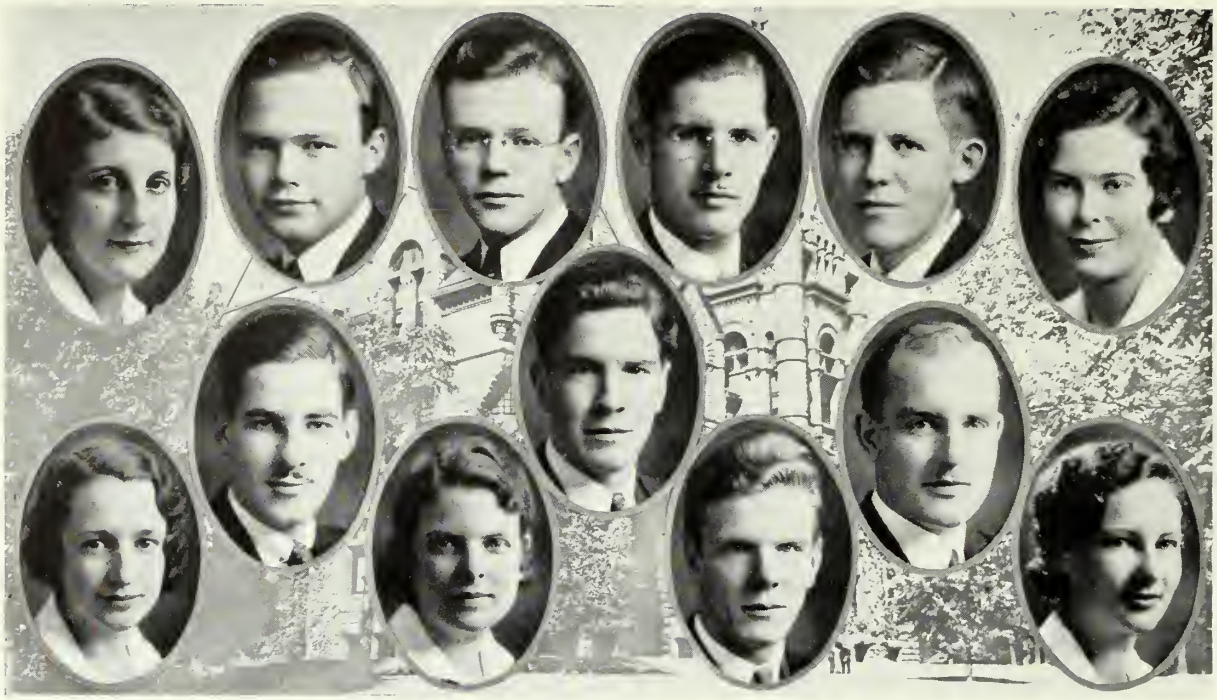

As a year we form the second largest that has ever come to Victoria. We acknowledge and bewail our mainfold—registration. Yet we have striven for quality in spite of quantity and believe that we have striven well.

Looking back upon our medley of diligence and dancing, skating and debating, we feel that our university training has not been one-sided or stereotyped—that essentially perhaps we stand for friendship, combined with and based on diversity and originality of outlook.

We wish we could imagine better parties in the future than the ones we've had together, but we don't think they're possible. At each successive hike our camp-fire has blazed brighter—that last, glowing with the added warmth of Dr. Lang's hospitality, will illumine many a mile of the road ahead.

In the first year of 3T3 the college welcomed a new Chancellor, and now in our last she greets a Principal with equal enthusiasm. And to come to a relationship that is ours alone, we cannot imagine a more sympathetic and congenial Honorary President than we have had in Dr. Lane.

So the class of 3T3 becomes one more pictorial aggregation on the walls of Alumni Hall. We go out now to make our history and take our share in the world's. A salute to adventurers!

ST. MICHAEL'S COLLEGE

To the Graduating Class of St. Michael's College

By THE REV. H. S. BELLISLE, B.A., M.A., CATH.U.AM.

IT IS with mingled feelings of joy and sorrow that I bid farewell to the class of 1933, joy because you have been successful, sorrow because our ways now necessarily divide. I rejoice with you in your triumph. You have done your duty well and deserve the victory. During the long years of preparation you have met difficulties with confidence, and have overcome with courage. Parting with friends is always difficult. During your many years' sojourn amongst us you have become to us something more than friends. You have become members of our common family.

You have followed a variety of courses. You have approached reality from many different angles. You are like travellers who have been lifted up to the summit of a high mountain and allowed to gaze upon the fertile fields which extend far beyond the powers of the natural vision. You realize now how expansive are territories of which you have had a glimpse but have not touched, nor understood. You appreciate now how much there is to be known and how little, after all, you know. Your university life has opened up to you a kingdom and you see how far-flung are its boundaries and how difficult it is to travel therein successfully unless you have a plan and a guide. May you continue to study. May you continue to accept advice and guidance from your professors whom you have come to know, not as task masters but as travellers like yourselves who have had a little more experience and some measure of success.

You have formed friendships amongst the members of your class and with your professors. It is impossible that these endure just in the same way after graduation as before. But it is possible, though our ways divide, for us to see from time to time something of each other, to exchange views, to discuss plans and so to help and assist each other in the journey of life. The College is still at your disposal to use it in any way in which it may be helpful to you.

I cannot perhaps do better than repeat the advice given by St. Augustine to his students, *Deum videbit qui bene vivit, bene orat, bene studet.* If you follow this advice learning will never turn you aside from virtue but both united will bring you to the vision of God.

TRINITY COLLEGE

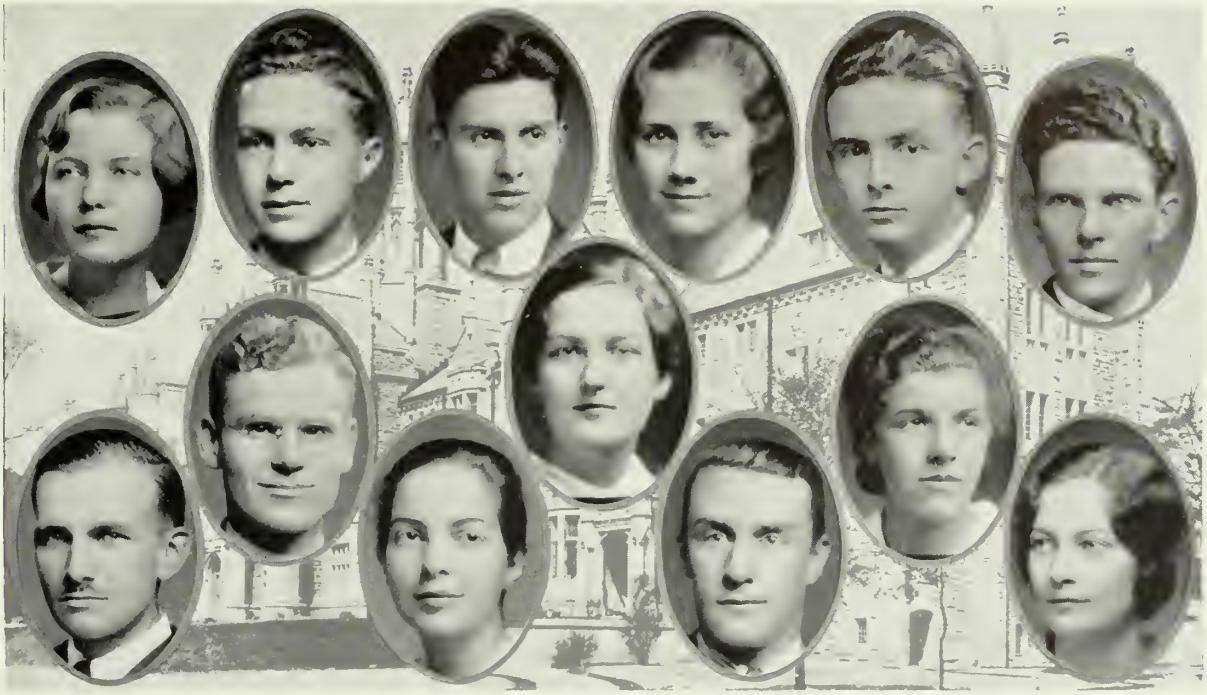

To the Graduating Class of Trinity College

By Rev. F. H. Cosgrave, M.A., B.D., D.C.L., LL.D.

FOUR happy years of undergraduate life are to end with the Annual Convocation in June, when the members of this Class of 1933 will receive from our revered Chancellor the visible token of the approval of their University. At such a time your fellow-students offer to you their congratulations and very sincere good wishes that the voyage of life upon which you are embarking may be a fair and prosperous one. Just now the waters are unusually rough and the storm is likely to rage for some time to come. But we believe that you are not dismayed. As an earlier generation of students faced the perils of War, so you are prepared to face the hazards and difficulties of your day. We shall hear from you no word of complaint. You will not say with Hamlet "The time is out of joint: O cursed spite; that ever I was born to set it right!", but rather with Rupert Brooke, "Now God be thanked Who matched us with this hour".

It is hardly necessary to assure you that we your fellow-students will follow your career with interest, and that we shall greatly rejoice when we see you contributing something worthy to the reconstruction of social and political life. We may dare to believe that your success in helping your fellows in these difficult days is due in some measure to what you gained in the associations of University and College life and be encouraged to think that our task in maintaining such institutions is one worth the best that we can give it.

COMMERCE AND FINANCE

To the Graduating Class of Commerce and Finance

By Professor Gilbert E. Jackson, B.A.

FOUR years ago, a graduate in Commerce and Finance was "on the top of the world". His predecessors in the Course had made a good name for themselves in business; Canadian industries were expanding rapidly; the services of the trained man were in active demand.

Students were flocking into the Course from all directions; in many cases, with a conscious desire to share the supposed advantages of Commerce graduates, when their turn should arrive to cross the threshold of business. But, while the Course was still expanding in numbers, the tide of prosperity turned; and those who came in on the flood are now going out on the ebb.

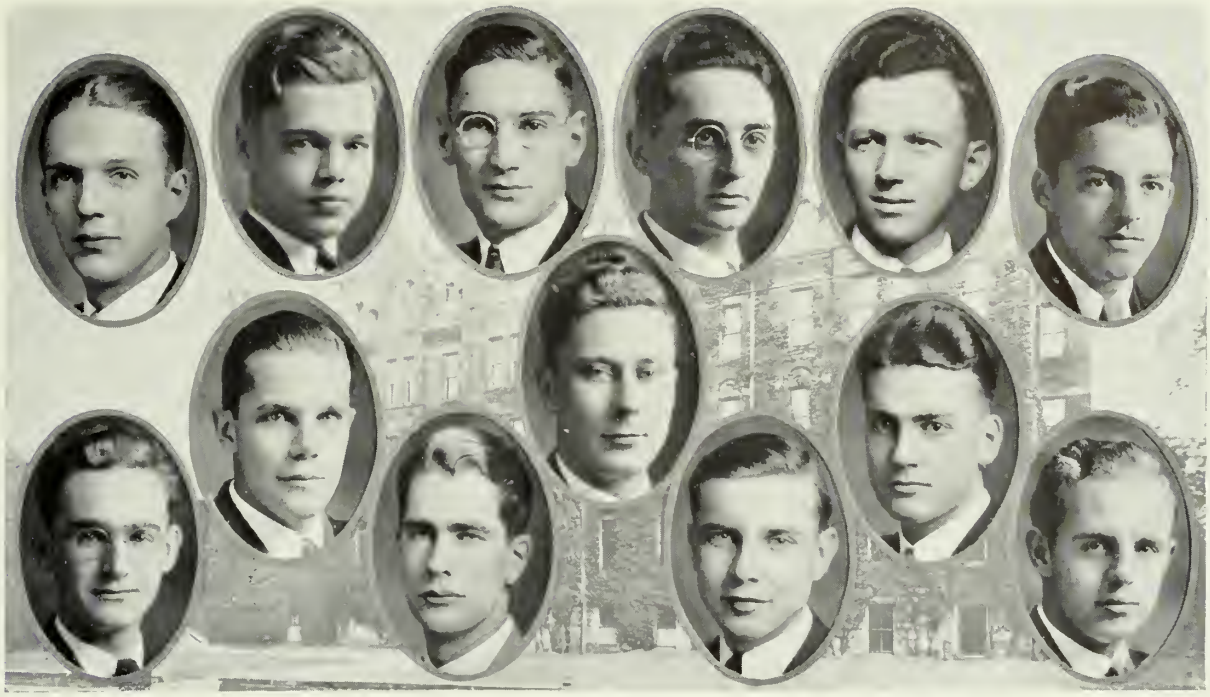

Never, perhaps, were the conditions facing young graduates more difficult; and it is of these conditions that I wish to speak briefly. Three points I would stress.

In the first place we are now in a position, at this hour of need, to take full advantage of the good-will towards Commerce graduates, to which I have already referred. In the course of our search for opportunities, and despite many disappointments, we meet with kindliness and encouragement everywhere.

In the second place, after three years of increasing depression, which at one time seemed bottomless, it is beginning to be plain that there is a "floor", below which depression is in any case unlikely to go; and even on the worst supposition, if the depression continues unabated, this "floor" (which is not far distant) will soon be reached. We may congratulate ourselves, at any rate, that we know the worst and have already faced it.

In the third place, the great Canadian corporations recognize quite frankly that, in good times or bad, they must recruit a minimum of trained young men. In one aspect, every great business executive is engaged in the business of education. He must provide against the time, a generation hence, when he will no longer be directing his organization. He can only do so by securing a continuous supply of such recruits, that he may reasonably expect to find among them a small proportion of first class executive material, and by training the best of them personally. Such recruits are needed in times of depression, no less than in times of prosperity.

Much the same conditions were faced by the class of '32, as must now be faced by the class of '33. We are cheered, however, by the knowledge that though some graduates of '32 have encountered great difficulties, an overwhelming majority have already found useful occupation. We hope and believe that the class of '33 will do likewise. They carry with them, as they leave us, our warm good will.

IN 1929 special arrangements were made for the benefit of students who had entered Commerce and Finance and had been interested only in receiving a training along the lines of Commerce and Finance, and who under the new regulations regarding standing, would presently be transferred to the Pass Course. A special Course was devised for the benefit of such students with approximately the same content as Commerce and Finance. This Course may be entered only in the second year or later, and only by such students as have been through at least the first year of the Course in Commerce and Finance. This new Course is, at the present time, officially a subdivision of the Pass Course; but it is a distinct unit in itself, and has come to be known in general parlance as the Pass Course in Commerce. Students in this course as in Commerce and Finance, are members of the Commerce Club.

TEACHERS' COURSE

DEPARTMENT OF UNIVERSITY EXTENSION

To the Graduating Classes in the Department of University Extension

By W. J. DUNLOP, B.A., B.PAED.

ON THE next page will be found reproductions of photographs of some of those who graduate this year in the Teachers' Course. It is expected that twenty-three teachers will be awarded the degree of Bachelor of Arts in June; but not all of them are supplying their photographs to TORONTONENSIS.

Previous to June, 1933, two hundred and ninety-eight men and women completed the Teachers' Course and graduated. During the session of 1932-33, more than six hundred teachers have been taking work in the First, Second and Third Years of the Teachers' Course.

The Teachers' Course was arranged by the University of Toronto some years ago so that those who are employed during the day may secure a university education by means of Teachers' Classes, which are held in the evenings, on Saturdays, and late in the afternoons, at the University and elsewhere in the Province, or by means of the Summer Session. The term "extra-mural" should not be used in describing these students. They attend lectures, just as do students in residence, but they attend them at different times. Naturally, these students cannot take a full year's work in a session. As a rule, a student in the Teachers' Course does the work of three university years in five, six or seven years.

The Teachers' Course is an adaptation of the Pass Course and has fewer options. The standard is just as high. The only difference is that, by means of the Teachers' Course, the work is made accessible to those who cannot attend the University in the regular way.

Under the direction of the Department of University Extension there are three diploma courses; a two-year course in Occupational Therapy; a one-year course in Teaching and Administration for Graduate Nurses; and a two-year course in Physiotherapy. The photographs of some of the graduates in these courses will be found beginning on page one hundred and sixty-one.

This Department also conducts a great many evening classes, short courses and Extension Lectures. All students in the Department of University Extension are adults. Last year there were 5,159 adults taking definite, continuous work. When the figures for this year are compiled at the end of June, the total will be considerably larger than this. Besides, more than 29,000 people attend Extension Lectures each year. The function of the Department of University Extension is to serve the citizens of the Province of Ontario.

DR. BLANK SERVICE DEPT.

To the Graduating Class in Medicine

By J. G. FitzGerald, M.D., LL.D., F.R.C.P.

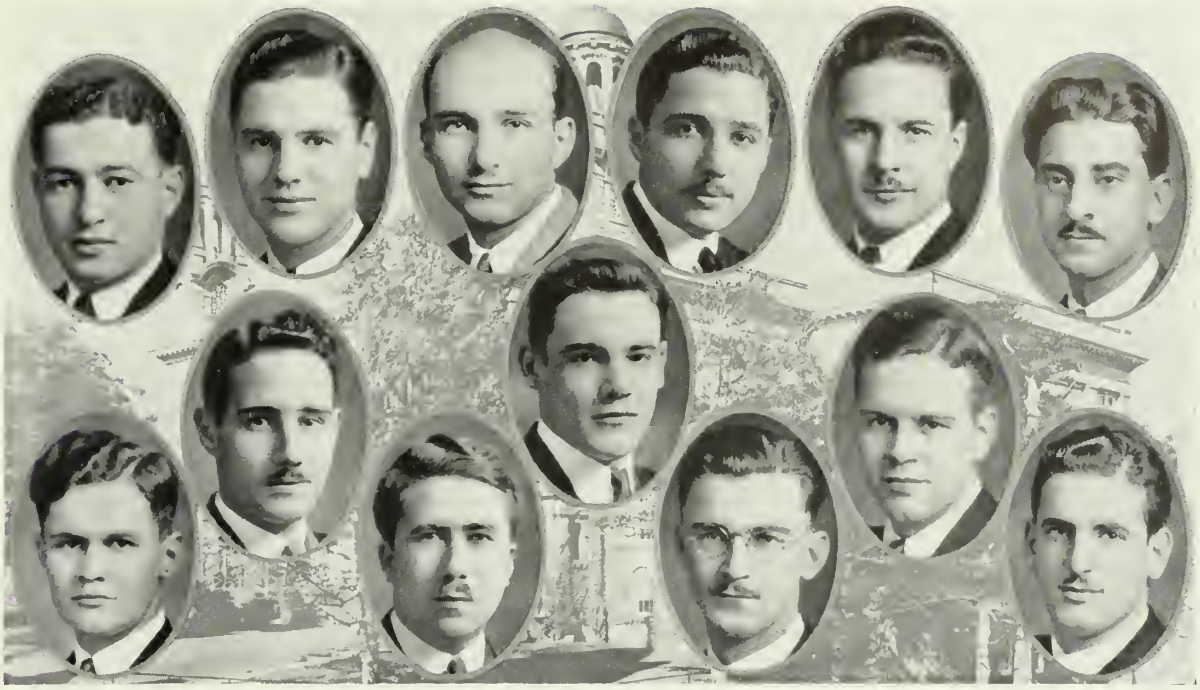

THE Council of the Faculty of Medicine shares with me, I am sure, the wish that you of the graduating class may have every success in the future in your chosen field of endeavour. We congratulate you upon having achieved your first objective. Furthermore, many of us confidently believe that the majority of those who in this University receive the degree of Bachelor or of Doctor of Medicine at the annual convocation in June, 1933, will continue to progress upon the not easy path which you have marked out for yourselves. It has doubtless been realized by every member of the class of 1933 that the preliminary preparation which has required six or seven years of effort in the university is obviously only the first stage in the discipline which you have adopted.

Despite constant reiteration (indulged in year after year by those who are requested to do so; or by those who permit themselves the luxury of admonition) it is probable that you will profit by these suggestions only to the extent to which they appear to you to be reasonable. The circumstances which are likely to determine whether you will continue to be students and investigators after graduation are two in number. The first will be conditioned upon the extent to which you are endowed with intellectual curiosity, and the second upon the efforts and sacrifices you are prepared to make to contribute to the welfare of the community and to the advancement of medical science, in the practice of your chosen profession. The first factor is largely a matter of heredity but nevertheless is something which may be cultivated and developed. Those who make this effort will be rewarded. The second depends chiefly on your own initiative. Success or failure in that direction, then, is almost wholly an individual, personal responsibility which each of you will achieve in varying degrees.

The practice of medicine, the conduct of research and investigation in the medical sciences and the application of the principles of prevention of disease are, apparently, becoming more and more socialized with the passage of time. Evolutionary changes are occurring everywhere in the modern world, which may have a profound effect upon the status and position of the doctor, whether he is engaged in private medical practice, in public health endeavours, or in the prosecution of scientific research. It may be well for each one of you to give consideration and attention to these developments. This should provide you with useful information for guidance and orientation in your progress and development as educated citizens, and as substantial contributors to human welfare.

That the rewards and distinctions which you receive may be those which you justly merit, is the sincere wish of those who to-morrow will be your colleagues and who were yesterday your instructors, in medicine.

APPLIED SCIENCE AND ENGINEERING

To the Graduating Class of the Faculty of Applied Science and Engineering

By PROFESSOR C. H. MITCHELL, C.B., C.M.G., D.S.O., C.E., LL.D., D. ENG.

I CONGRATULATE you upon graduating from the University at this time. Perhaps you will think this a strange view to express when we are in what will go down in history as the most severe depression in many decades. If you reflect, however, and if you have been watching the trend of affairs during the past six months, this may not be such an irony as may at first appear.

The signs as presented by financial men, industrialists and engineers, indicate that we are now at the turn, if not past it, and definite improvement in conditions in Canada is approaching. To young engineers this will be welcome and to you especially, now about to go out into the engineering world, such a prospect should be encouraging. It does not follow that you may immediately have employment in your chosen field or indeed in engineering at all, but it does mean that you will be out in the stream, going with it, and ready to take advantage of what may offer.

What may present itself in the next year or two may also not be quite what you might choose but I ask you to remember that in our profession nearly any kind of experience in early employment is good experience, looking to the future. Even if you have difficulty and it is strenuous, discouraging or even unpleasant, remember too, that oftentimes such experiences are worth while in disciplining and stiffening ourselves for a life career. Keep in mind the adage of our forefathers, who, living in old England, an island in the tempestuous Atlantic, used to say that "Rough weather makes good sailors".

By all means continue your education by yourself, learning, reading and seeing engineering works whenever and wherever you can. If you can obtain any kind of place in good Canadian work do so, looking to the future, making experience the first objective and remuneration the second. Do not let us think so much of today—1933—but keep our eyes on 1935 and onwards.

My best wishes, and good luck to you all.

Class History of 3T3 Applied Science & Engineering

THE history of the class of 3T3 Applied Science is essentially the history of all preceding classes. We have endeavoured to live up to the traditions handed down to us by those ahead and to inculcate them into those following. However a feeling of failure is ours, inasmuch as we have seen this year what is apparently the passing of the time honoured custom of handing the fundamentals of these SCHOOL traditions to the incoming freshmen on the end of a barrel stave. The young Knight of old received the accolade, the young "men" of to-day were initiated but what of the "old women" of to-morrow? Surely the White Race is deteriorating.

3T3 gave the last Soph-Frosh Banquet, marking the cessation of another SCHOOL custom, and down-town police dispatches now report "All quiet in Shea's Lobby."

We are also men of distinct taste—for having taken a violent dislike, in our second year, to the decorations of Burwash Residence and the residents therein, the massive oaken doors were battered down and the necessary adjustments made, whereupon, at the invitation of the Caput we cheerfully paid for the rebuilding of the outraged domicile.

We are also men of determined opinion—We said the editor of the Varsity in '30 was all wet and being School men, meant it. Poor fellow, he had such a lovely brown suit and Hart House Pool was disgustingly full of water.

We have also the usual quota of clever lads, with many outstanding athletes and social wizards to complete the circle. Just look the pictures over and be assured that when the "corner" is turned, 3T3 will be there to welcome you back to prosperity, (or the soup kitchen).

In closing 3T3 wish to thank 3T2 wherever the latter may be that they didn't have to leave School uninitiated.

DENTISTRY

To the Graduating Class in Dentistry

By Professor Wallace Seccombe, D.D.S.

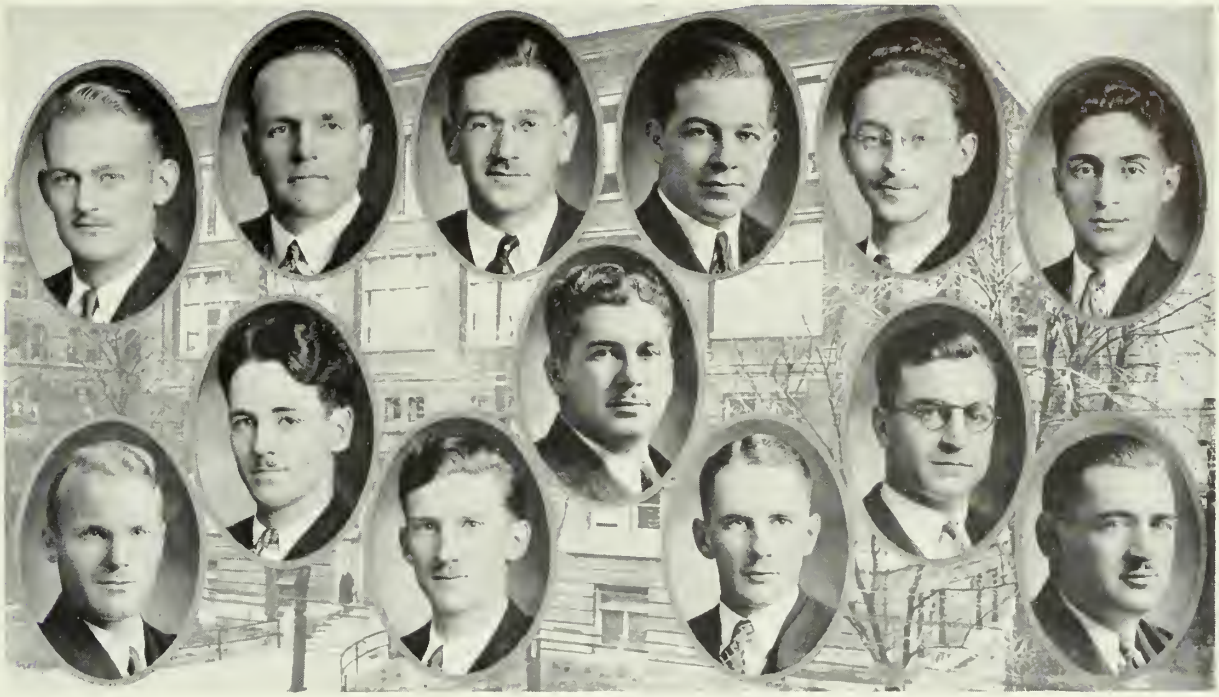

LIFE'S pendulum swings from one extreme to another. As recently as two generations ago man frequently referred to himself in such humble terms as "worm" and "dust of the earth". It was inevitable that such a lowly concept should change. The pendulum then swung to the point where man conceived himself as king, limitless in achievement and sufficient in power. In many ways kingship was attained but, unfortunately, not the kind referred to by Henry Drummond, the kingship of self-control.

The scientist to-day freely admits that there is a limit beyond which he cannot go. His researches have brought him face to face with infinity. In all our relations immutable law steps in, stops the swing of the pendulum, and we are compelled to revise our thinking, and alter our plans in accord with new objectives.

Periods of readjustment are never pleasant, but they seem to be the way of progress. They are disciplinary and lead us to face facts and think things through. They send us back to the main road, a new road, wider, straighter, and leading to higher ground.

It is my great hope that the members of this graduating class may have learned in their University life that economic, sociological and political concepts, are not really fundamental things, but that they are controlled by something more vital in the heart of man, the spiritual quality. A recognition of "first things first" will result in true success and an abundance of happiness, quite aside from "good times" and "bad".

You are to be admitted to membership in a great profession and will spend your lives serving in the field of public dental health. Your teachers have enjoyed their contacts with you and will follow your careers with friendly interest. This is a young man's world in the making—be true to your best selves and to the highest traditions of your profession!

WYCLIFFE COLLEGE

To the Graduating Class of Wycliffe College

By Rev. R. B. McElheran, M.A., D.D.

EVERY Graduate of this year knows that he is receiving his Degree or Diploma in troublous times. Our difficulties have been extremely well advertised. It is, therefore, unnecessary to go over ground that is so familiar to all members of the class. You are also quite well informed concerning the many panaceas for the world's ills. You have heard of all kinds of theories whose advocates have been broadcasting their ideas with ever increasing zeal.

The fact remains that the time for theorizing is past. The agonies which people of our generation have endured cannot be alleviated by glib talk or idle philosophies. There are wrongs to be righted and needs to be met which demand the leadership of men who will not merely talk, but will act. You need not only clear thinking but strong will-power to meet the challenge of the hour. The duty and opportunity of our generation are imperative and unique.

That throws us right back upon the vital question of personal character. Our country needs men of pure minds, noble aspirations, and wills dominated by Christ Himself. He came to be "the Light for men". He whom you proclaim points not only a possible way out, but the only way out of our difficulties. "I am the Way, the Truth and the Life".

As Graduates of Wycliffe College, taking up your work in 1933, you will do so with strong courage and undaunted faith because you know that your Divine Leader will lead us through all the perplexities of the present emergency, if we will only follow Him. To proclaim Him to a perplexed and baffled generation, and to consecrate your life to the bringing in of His glorious day of peace and good-will, is a task and a privilege that should thrill every member of the class.

EMMANUEL COLLEGE

To the Graduating Class of Emmanuel College

By Rev. Principal R. Davidson, M.A., Ph.D., D.D.

DURING three years you have seen many changes in the College. Professor W. A. Potter died in 1931, Professor J. W. Macmillan and Principal Gandier in 1932. Your fellow-student, E. G. Wilkins, was drowned last summer. At the end of your first year Professor Baillie went to New York, and Professor Macleod succeeded to his chair. A year later Professor McLaughlin and Dr. Ramsay retired. When you entered you had neither class rooms nor residence of your own; now you have lived and worked in your own buildings for two years.

You leave us to take up your work at a time of great difficulty. There is not only the economic embarrassment; the fabric of society is perhaps more strained at other points. It is not easy today for any man to see his way and to hold it; you will need a vision and a constancy sufficient for yourselves and for others as well. Both College and Church will expect of you that you do not lose contact with the Pioneer of all right and adventurous living.

You go to join the great company of Alumni—a society that endures and yet is ever young. In that society you will continue to share in the life of your *alma mater*. The ideals and temper of life here will depend in no small degree on your vision and high loyalties.

FORESTRY

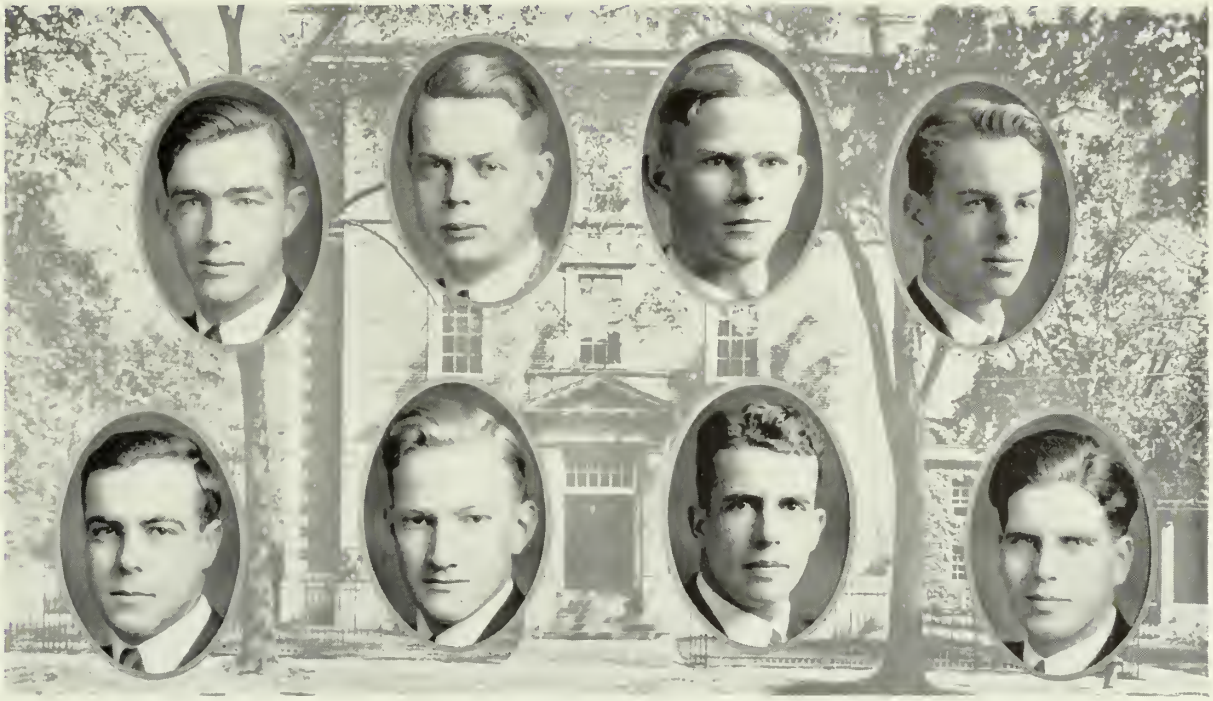

To the Graduating Class of the Faculty of Forestry

By C. D. Howe, M.A., Ph.D.

THE Faculty of Forestry is twenty-five years old and during this period it has grown slowly and steadily from a student body of five to seventy members. In the earlier years the profession was new and untried in this country. The students had no assurance of employment at the time of graduation, yet they persevered and finally won because they had faith in their profession as a public service; also because they had good judgment and a capacity for hard work. They, and the hundred or more graduates who have followed the pioneers, have established the profession on firm foundations. Although they are being swayed somewhat in the present storm, the foundations are still firm. It is always to be remembered that this is the first real storm the profession has met in twenty-five years. It may bend but it will not be broken. Therefore my parting message to the class of Nineteen Hundred and Thirty-three is: Emulate the qualities of the pioneers of the profession. Have the courage to endure and keep the faith. The psychology of the Canadian people is sound.

ONTARIO VETERINARY COLLEGE

To the Graduating Class of the Ontario Veterinary College

By C. D. McGilvray, M.D.V., D.V.Sc.

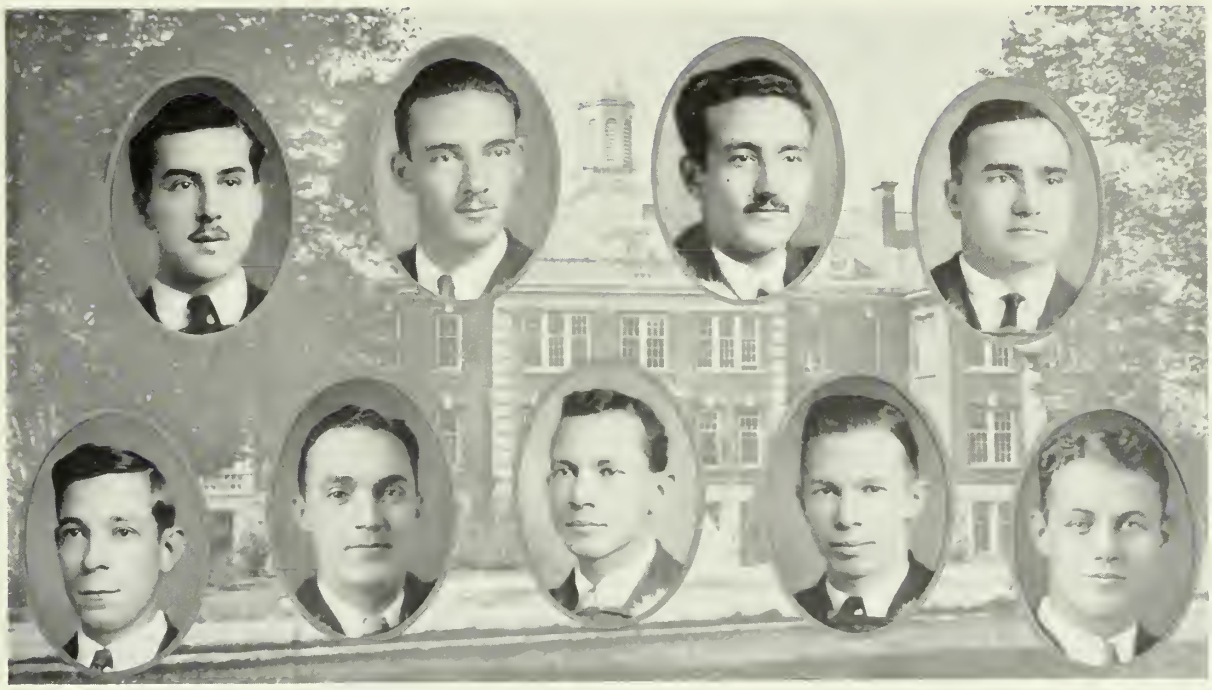

AS THE time approaches when you have to begin your professional career my earnest wish is that you may prosper. In times like these you are truly commencing your life work during a period of transition, and you may have to overcome many difficulties. Fortunately, it is becoming more widely realized that veterinary science is enlarging its usefulness in public service. This statement is based on two fundamental facts of major importance to the well being and prosperity of a nation.

Firstly:—The welfare of public health is being further safeguarded by the control of diseases communicable from animals to man with fatal effect.

Secondly:—By preventing and eradicating diseases among domestic animals the further prosperity of agriculture through live stock development and allied interests is being encouraged and safeguarded.

Along these lines the achievements of veterinary science are comparable to those of the other learned sciences. This is being accomplished through private enterprise in general practice, as well as through municipal and government public services. An effort has been made through academic work to properly train and equip you so that you may realize and perform the services expected of you. At the same time you must understand that your training is not completed through academic studies. To become fully developed it must be continued throughout your life by perseverance and application.

It is your duty to prove worthy of your professional calling.

ONTARIO COLLEGE OF PHARMACY

To the Graduating Class of Pharmacy

By PROFESSOR C. F. HEEBNER, PH.G., PHM.B., F.C.I.C.

PHARMACY has for its primary object the service which it can render to the public in safeguarding the handling, sale, compounding and dispensing of medicinal substances.

The practice of pharmacy demands knowledge, skill and integrity on the part of those engaged in it. Pharmacists are required to pass certain educational tests in order to qualify under the Pharmacy Act, which restricts the practice of pharmacy to those persons who by reason of special training and qualifications are able to qualify under regulatory requirements and grants to them privileges necessarily denied to others.

In return, the Pharmacy Act expects the pharmacist to recognize his responsibility to the community and to fulfil his professional obligations honourably and with due regard for the physical and moral well-being of society.

The pharmacist should uphold the approved legal standards of the British Pharmacopœia and the Canadian Formulary for articles which are official in either of these works, and should as far as possible, encourage the use of these official drugs and preparations and discourage the use of objectionable nostrums. He should sell and dispense only drugs of the best quality for domestic use and for filling prescriptions.

He must be properly remunerated by the public for his knowledge and skill when used in its behalf in compounding prescriptions, and his fee for such professional work should take into account the time consumed and the great responsibility involved as well as the cost of ingredients.

He must not sell or dispense powerful drugs and poisons to persons not properly qualified to administer or use them, and should use every proper precaution to safeguard the public from all poisons and from all habit-forming medicines.

The pharmacist should seek to enlist and merit the confidence of his patrons and when that confidence is won, it should be jealously guarded and never abused by extortion or misrepresentation, or in any other manner.

He must consider the knowledge which he gains of the ailments of his patrons and the confidence regarding these matters, as entrusted to his honour and should never divulge such facts unless compelled to do so by law.

He should be willing to join any constructive effort to promote the public welfare and should so regulate his public and private conduct and deeds as to entitle him to the respect and confidence of the community in which he practises.

Class History of 3T3 Pharmacy

NOW the time of study and long preparation for our chosen profession is over. We are about to take our places throughout the province as contributors to the health and welfare of our country, and in the years to come will look back on the time spent at U. of T. and remember the faces pictured in the following pages.

As a permanent reminder that our class was possessed of good fellowship toward the school and for those who will follow us, a piano was placed in the common room, a gift from our class.

In future recollections our thoughts will often bring us memories, of the Dean, and the Professors with whom we came in contact, at our college and the University.

In the Field of Sport, although our teams have not won major honours, they have been keen contestants and hard opposition in Inter-Faculty games. Several of our members have ably filled positions on various teams of the Inter-Collegiate groups.

We feel that the affiliation of our College with the University of Toronto has been a great boon to our Profession and because of the extended and improved course, the members of our class consider themselves ably equipped to take their places as Pharmaceutical Chemists in the ranks of the Professions.

Let us depart, happy in the knowledge and friendship gained, and hope that some day we shall meet again.

"Cheerio!" Class of 3T3.

UNDERGRADUATE ACTIVITIES

We school our manners, act our parts--
But He who sees us through and through,
Knows that the bent of both our hearts
Was to be gentle, tranquil, true.

Hart House

THE FOUNDERS' PRAYER

"The Prayer of the Founders is that Hart House, under the guidance of its Warden, may serve in the generations to come the highest interests of this University by drawing into a common fellowship the members of the several colleges and faculties and by gathering into a true society the teacher and the student, the graduate and the undergraduate; further that the members of Hart House may discover within its walls the true education that is to be found in good fellowship, in friendly disputation and debate, in the conversation of wise and earnest men, in music, pictures and the play, in the casual book, in sports and games and the mastery of the body; and lastly, that just as in the days of war this House was devoted to the training in arms of the young soldier, so in time of peace its walls may be dedicated to the task of arming youth with strength and suppleness of limb, with clarity of mind and depth of understanding, and with a spirit of true religion and high endeavour."

HART HOUSE is so called in memory of the late Hart Massey. Begun in 1911, it was completed in 1919 and presented, fully equipped, to the University of Toronto by the Trustees of the Massey Foundation. To Vincent Massey, Vice-Chairman of the Massey Foundation, is due the idea of Hart House, as well as the form it assumed under his personal supervision. From the autumn of 1914 until November, 1918, it was used for military purposes and within its walls thousands of men were trained for service overseas. On the first anniversary of the Armistice (11th November, 1919) Hart House was formally opened by His Excellency the Duke of Devonshire, who was at that time the Governor-General of Canada. Mr. Henry Sproatt and Mr. Ernest Rolph were the architects of the building which comes as near to meeting the requirements of the ideal house for student activities as any on this continent or perhaps in the world.

In its widest interpretation Hart House, which is for the use of men only and is non-residential, seeks to provide for all the activities of the undergraduate's life which lie outside the actual lecture rooms. Architecturally of great beauty, and built around a quadrangle, Hart House is unique in that it houses under one roof a finely proportioned hall called "The Great Hall", common-rooms of every description, a library, a debates room, a small chapel together with rooms for the use of the Student Christian Association, a studio for painting and sketching, photographic dark rooms, a billiard room, senior common-rooms and dining-rooms for both faculty and graduate members, an upper and a lower gymnasium (both admirably equipped), separate rooms for boxing, wrestling and fencing, an indoor running track, a large swimming pool, squash racquet courts, an indoor rifle range, extensive locker rooms, offices for the Students' Administrative Council and for the athletic and medical staff, a few bedrooms for guests and the offices and private rooms for the Warden. Below the quadrangle is a fully-equipped theatre with foyer, green room, dressing rooms, wardrobe and the office of the director of the theatre. Every male undergraduate of the University is required to be a member of Hart House, towards the upkeep of which he pays an annual fee of ten dollars. The House has no endowment and these fees are its chief source of revenue.

The care of Hart House and its welfare has to a large extent been entrusted to the undergraduates themselves. There are six standing committees, namely, House, Hall, Library, Music, Billiard and Sketch. Each of these committees, except the Billiard Committee which is slightly smaller in size, consists of two faculty members (one of whom is the chairman), one graduate member, ten

undergraduates and the Warden. Eight of the ten undergraduate members are elected annually through the undergraduate membership of Hart House, the other two being elected by their own number to serve on the same committee the following year. The gymnasia, swimming pool and the conveniences connected with athletics are under the control and direction of the Athletic Directorate. Mr. T. A. Reed, Secretary-Treasurer of the Athletic Association, has his office in Hart House. The personnel and duties of the standing and special committees subject to the authority of the Board of Stewards are as follows:

HOUSE COMMITTEE

The House Committee is the senior of the standing committees and has charge of the general management and social activities of Hart House. Under its supervision come all regulations governing the use of the House and all plans for the comfort and convenience of its members. The barber shop and guest rooms are under its care. The committee is also responsible to the Board of Stewards for seeing that the House is kept in good repair both as regards its structure and equipment. The annual elections of the committees of Hart House are also under the management of this committee. The Masquerade was again successfully held last November.

The members of the House Committee for 1932-1933 are: C. F. Morrison (Chairman), the Warden, the Rev. E. C. LeBel, J. R. Gilley (Comptroller), J. M. Langton (Graduate Representative), J. D. McLennan (Athletic Association Representative), E. D. Fennell (Ontario College of Education Representative), R. M. Archer, M. W. Babe, C. B. Britnell, A. D. Clute, W. D. Conklin, E. R. Eaton, S. K. Learie, T. E. McDonnell, Jr., J. I. Stewart and W. I. B. Stringer (Secretary).

HALL COMMITTEE

The duties of the Hall Committee are to exercise a general supervision over the Great Hall, the graduate dining-room, the kitchen department of Hart House and the tuck shop. A comparatively large number of students use the Great Hall. Taking into consideration the undergraduate, graduate and faculty meals as well as special functions and dinners, the total runs as high as thirteen

hundred a day. The tuck shop is an important adjunct to this department of the House, continuing to do a popular trade.

The members of the Hall Committee for 1932-1933 are: Dr. G. C. Cameron (Chairman), the Warden, Professor G. P. deT. Glazebrook, J. R. Gilley (Comptroller), Professor F. C. A. Jeanneret (Faculty Union Representative), D. M. Fleming (Graduate Representative), H. K. Armstrong, J. D. C. Boland, D. F. Cornish, J. D. Cromarty, H. R. Douglas, J. P. Page, R. A. Parkinson, G. L. M. Smith, C. W. Tyson and H. R. Cummings (Secretary).

LIBRARY COMMITTEE

The library in Hart House is recognized as one of the most beautiful rooms in the whole building.

In accordance with the idea of the Founders, the Library Committee has for the past ten years been engaged in the building up of a collection of books such as might be found in a good private library and as a result of their work the room has now become a popular resort of all who like to spend their leisure hours reading the casual book.

At present there are about five thousand volumes on the shelves about half of which are fiction, while the rest are composed chiefly of biography, history, languages and general literature. Additions to the library are made at regular intervals and the activities of the committee are chiefly centred around the selection of new books for purchase. A collection of first editions and private press books is slowly growing in size.

The Library Committee is further responsible for the selection of periodicals for use in the reading room and in this department of the House a wide range of weekly and monthly journals may be found.

Mr. D. A. Sinclair (Victoria '36) who at Christmas succeeded Mr. E. H. Norman (Victoria '33) as Curator, is responsible for the care and checking of books, but no other supervision over the library is exercised. From the first the policy of the Library Committee has been to keep the shelves open at all times and to encourage the feeling that the contents of the library are the common property of members of Hart House. It is by this means that the unique character of the library has been preserved.

The members of the Library Committee for 1932-1933 are: Professor L. C. A. Hodgins (Chairman), the Warden, Professor E. K. Brown, N. J. McLean (Graduate Representative), D. A. Sinclair (Curator of the Library), E. C. Apps, J. M. Clark, J. M. F. Gillis, A. J. Glass, W. J. Hendry, J. A. MacDonald, W. G. Shambrook, M. E. Smith, W. S. Smith and J. W. Graham (Secretary).

MUSIC COMMITTEE

The Music Committee directs and generally supervises the various musical activities of the House. The major function of the Music Committee is to arrange a number of concerts, recitals and songsters and thus to encourage and stimulate an appreciation for good music among the undergraduate members of the House. Pursuing the policy of former years, the committee has, during the present academic year, arranged eight Sunday Evening Concerts and a series of Friday Afternoon Recitals. The Sunday Evening Concerts, the most popular musical institution of the University, are held in the Great Hall of Hart House at 9.00 p.m. on Sunday evenings at stated intervals during the term. Owing to the generosity of the leading musicians of the city undergraduates are afforded the opportunity of hearing music of the highest order and it is evident from the very large audiences which regularly attend them how much these concerts are appreciated. The Governor-General of Canada and the Countess of Bessborough were present at the concert held on 20th November given by the choir of the Church of St. Mary Magdalene. From the end of October and continuing until the middle of March, Friday Afternoon Recitals are held each Friday at 5.00 p.m. in the Music Room. These recitals have drawn a large number of undergraduates week by week.

A series of eight Songsters is held in the Music Room on Sunday evenings

when there is no concert in the Great Hall and is conducted by Mr. J. Campbell McInnes. From the first they have drawn a large and enthusiastic number of students. Mr. McInnes has again taken charge of the Songsters during the past year and their success is due to his brilliant direction.

The members of the Music Committee for 1932-1933 are: Professor H. R. Kemp (Chairman), the Warden, M. St. A. Woodside, Dr. E. A. C. MacMillan, F. R. MacKelcan (Graduate Representative), W. H. Bradley, D. H. Chitty, C. L. Coburn, J. F. R. Crowe, J. A. Harley, H. C. Herz, D. G. Johnstone, H. G. Kibble, T. C. Wheatley and A. C. R. M'Gonigle (Secretary).

BILLIARD COMMITTEE

The billiard room of Hart House is a recreation centre for a large number of undergraduate members. It is under the control of the Billiard Committee. The general idea of the Billiard Committee of past years has been to promote the English game of billiards in preference to other games. With this object in view a handicap tournament is held after Christmas each year, the winner having his name inscribed on the Hart House Cup. A snooker tournament is also held, the winner receiving a miniature silver cup. The policy of the Billiard Committee has been to see that good English billiard tables are provided and that the general equipment is in good condition.

The billiard room is a source of revenue to Hart House and financial statements are placed before the committee which is directly responsible, as are all other standing committees, to the Board of Stewards.

The members of the Billiard Committee for 1932-1933 are: C. R. Myers (Chairman), the Warden, C. A. Farewell (Graduate Representative), H. Bocknek, V. J. Dore, F. V. C. Hewett, D. A. McIntosh, F. L. Shipp and J. R. Berwick (Secretary).

SKETCH COMMITTEE

The Sketch Committee is responsible to the Board of Stewards for the art activities of Hart House. They include control of the sketch room and the print room and the holding of exhibitions therein, the winter loan exhibition hung in the principal rooms of the House, the management of sketching classes under an artist and the occasional purchase of pictures.

The exhibitions during 1932-1933 have included a representative collection of recent work by Toronto artists; water-colours by Peter Haworth and Mrs. Haworth; paintings by F. S. Haines, Franklin Casey, F. H. Brigden and the Group of Seven; the annual photographic exhibition arranged by the Camera Committee; sketches and drawings by Wendell P. Lawson; drawings and lithographs by Charles Goldhamer, and two exhibitions of paintings and drawings, one by undergraduate members and one by senior members of the House. In the spring there was a display of work by Marion Long, L. A. C. Panton and the students of the Ontario College of Art respectively.

At the close of the previous year Hart House purchased "October Morning, Algoma" by A. Y. Jackson, and the graduating class of 1932 presented "Red House, Winter" by Lawren Harris. A picture by C. F. Comfort entitled "Prairie Road" was also added to the collection.

The art classes held in the sketch room during the winter under the direction of H. S. Palmer have again proved very popular.

The members of the Sketch Committee for 1932-1933 are: Dr. E. M. Walker (Chairman), the Warden, Professor E. A. Havelock, W. E. Carswell, A. Goggio (Keeper of the Prints), I. R. Clemens, W. Garard, J. J. Harris,

F. R. Hume, F. Lasserre, C. W. Minett, C. R. Parmenter, J. R. Sime, M. A. Wilkinson and F. S. Brien (Secretary).

CAMERA COMMITTEE

The Camera Committee, which is a special committee of Hart House, is responsible for the management of the dark rooms, the care of photographic equipment and the general encouragement of photography among the members of the House. On the occasion of the Masquerade a member of the Camera Committee took photographs of the prize-winners for records and the newspapers.

In January the committee arranged an exhibition of photography by members of Hart House in the main sketch room. This was one of the most popular shows of the year.

During the previous year the committee had been giving serious consideration to the enlarging of the camera quarters. With the assistance of a generous grant from the Massey Foundation, the work was carried out most satisfactorily during the past summer. The former camera quarters are now used as a general display room with all the dark rooms in the newly excavated corridor below.

The members of the Camera Committee for 1932-1933 are: Professor A. F. Coventry (Chairman), the Warden, W. F. Haehnel (Graduate Representative), A. R. J. Leary, G. R. E. Pitts, W. E. Shute, J. F. Weston and R. W. Mancantelli (Secretary).

SQUASH RACQUETS COMMITTEE

The Squash Racquets Committee, which is a special committee of Hart House, is responsible to the Board of Stewards for the general control of the squash courts. The game continues to grow in popularity and several hundred members of Hart House are regular players. The Inter-Faculty and Individual Tournaments were again held and the names of the winners of these tournaments were inscribed on the boards placed in the gallery. Hart House was represented by two members at the Canadian Squash Racquets Championship held in January at Hamilton.

The members of the Squash Racquets Committee for 1932-1933 are: A. B. Fennell (Chairman), the Warden, N. F. A. Scandiffio (Graduate Representative), J. S. Beatty, J. L. Leibel, J. E. T. McMullen, N. M. Pivnick and M. Pasternak (Secretary).

DEBATES COMMITTEE

On 31st January, 1924, the first debate ever held in Hart House took place under the management of an informal committee appointed for that purpose. This debate was held on the open parliamentary system and special Rules of Procedure were drawn up by the committee. The debates room in Hart House was arranged as far as possible similar to the Provincial or Federal House. The Speaker's chair was placed in a central position, members for the motion being on his right and those against the motion on his left. After the four speakers "on the paper" had finished their speeches the debate was open to any member who having caught the Speaker's eye might then rise and address the House. At 10.30 p.m. the House divided on the motion. There were no judges and the whole procedure was a definite attempt to get away from the competitive type of debate which is really an oratorical contest by which a team of three men from

one university or faculty tries to win a victory over a team of three men from another university or faculty.

The aim of debates held under the Hart House system is to encourage real debating in contrast to the delivery of speeches carefully prepared for weeks beforehand and also to give undergraduates an introduction into public life by discussing questions of general interest across the floor of the House with the country's ablest men. Among visitors who have spoken "on the paper" or from the floor of the House are the Hon. E. C. Drury, J. S. Ewart, K.C., the Rt. Hon. W. L. Mackenzie King, the Hon. W. E. Raney, K.C., the Hon. J. W. Nickle, K.C., Andrew McMaster, K.C., the Hon. Hugh Guthrie, the Hon. Manning Doherty, the Hon. G. Howard Ferguson, the Hon. W. H. Price, K.C., Miss Agnes Macphail, M.P., Dr. J. R. P. Sclater, Samuel McBride (Ex-mayor of Toronto), E. J. Garland, M.P., the Hon. G. S. Henry, Dr. W. Hamilton Fyfe and the Hon. Ernest Lapointe.

Representatives from McGill University were present at the last debate.

The members of the Debates Committee for 1932-1933 are: Professor G. W. Brown (Chairman), the Warden, E. W. McInnis, B. J. Thomson and D. J. Walker (Graduate Representatives), P. A. Dufresne, S. M. Hermant, R. W. Reville, H. V. Rice, S. E. Stewart, A. R. Tilley, J. A. Walters and S. H. S. Hughes (Secretary).

GRADUATE COMMITTEE

The Graduate Committee, which is a special committee of Hart House, is responsible for the activities of the senior members. Dinners held at certain intervals throughout the year and the Graduates Ball which takes place on New Year's Eve are organised by this committee. It has a general supervision over the graduate athletic activities as well as the graduate dining-room and sitting-room. The committee is elected at the annual meeting of senior members of the House in March of each year.

The members of the Graduate Committee for 1932-1933 are: D. G. Ferguson (Chairman), the Warden, A. S. Burton, B. A. R. Dignan, M. J. C. Lazier, Dr. A. A. Somerville, A. B. Ward, the Comptroller, the Assistant Secretary and C. R. Delafield (Secretary).

BOARD OF STEWARDS

The Board of Stewards is the governing body of Hart House and is so constituted as to include among its members the secretaries of the six standing committees and representatives of the chief organisations in Hart House. Subject to the superior authority of the Board of Governors of the University the direction, management and administration of Hart House including matters of discipline are entrusted to the Board of Stewards. The Board is assisted by a Finance Committee which makes recommendations with regard to financial matters. The general supervision of the whole house is entrusted to the Warden, who is appointed by the Board of Governors of the University and is ex-officio chairman of the Board of Stewards. He is assisted by the Comptroller of Hart House, J. R. Gilley (S.P.S. '21), the Assistant Comptroller, W. R. Cowan (S.P.S. '24), the Secretary of Hart House, C. R. Delafield (U.C. '30), and the Assistant Secretary, D. L. Emond.

In connection with the convention of the American Historical Association held in the University during the Christmas vacation, meals were served to the delegates in Hart House and an outstanding exhibition of Canadian historical records sent from the Dominion Archives was on view in the East Common-Room during the conference and for the first few days of the Easter term.

The members of the Board of Stewards for 1932-1933 are: the Warden (Chairman ex-officio), the Rev. Dr. H. J. Cody, the Hon. Vincent Massey (appointed by the Board of Governors), Professor H. Wasteneys and Professor K. B. Jackson (appointed by the President), T. A. Reed (Financial Secretary of the Athletic Association), Professor J. E. Thomson (Faculty Union), D. G. Ferguson (Graduate Committee), K. D. Whatmough (Student Christian Association), F. A. Fell (Athletic Directorate), S. L. B. Martin (Students' Administrative Council), W. I. B. Stringer (House Committee), H. R. Cummings (Hall Committee), J. W. Graham (Library Committee), A. C. R. M'Gonigle (Music Committee), J. R. Berwick (Billiard Committee), F. S. Brien (Sketch Committee) and the Comptroller (Secretary).

STUDENT CHRISTIAN ASSOCIATION

The religious life of the House is under the guidance of the Rev. L. A. Dixon who is the leader of the Student Christian Association in the University. Afternoon addresses are arranged and groups meet regularly for study and discussion. The Chapel is used for services and is also open daily for private prayer and meditation.

The glass in the windows of the Chapel was collected from the devastated areas of France, Flanders and Italy and over the altar is a crucifix carved by Eric Gill and presented to the House by Sir Michael Sadler.

Joint Executive, Students' Administrative Councils

THE year 1932-33 has been largely a year of readjustment for the Joint Executive, Students' Administrative Councils, as both the President and the Secretary-Treasurer were new officers. The Council suffered a heavy loss when Mr. M. K. Kenny, who had acted as President for two years, moved to Montreal and Mr. A. Gordon Burns, who had held the position of Secretary-Treasurer, was appointed Assistant-Manager of the University Press. The new officers, Mr. Brock MacMurray as President and Mr. E. A. Macdonald as Secretary-Treasurer, have taken over and carried through their duties in most satisfactory fashion.

The interest of the new President of the University in the affairs of the student body has been keen, and his enthusiastic co-operation has materially assisted many student activities. The Joint Executive this year was invited by the President to be present officially at the Remembrance Day service, and was entertained by him at dinner in March.

The undertakings of the Joint Executive this year have been many and varied. In addition to the routine work of the Council, which includes the publishing of the Varsity, Torontonensis, and the Handbook, the sale of rings, pins, etc., the Women's Book Exchange, the sale of Students' Season Tickets, and the administration of student activities such as N.F.C.U.S. and intercollegiate debates, the Students' parades, football parades, trips, cheerleading, colour schemes, etc., the Joint Executive were hosts on several occasions to visiting students from other universities, including a large group from South Africa, gave a dinner and bridge party for the masthead of the Varsity Staff, and provided funds for the concert of the University Band. One important work of the Joint Executive was the administration of the Undergraduates' Loan Fund which was set up by the Council last year from its accumulated surplus.

In this second year, operating under the new constitution, the Joint Executive has succeeded to a marked extent in co-ordinating the common interests of the different student bodies. The year has been most harmonious and the few difficult questions have been settled satisfactorily due to the willingness of all members to co-operate.

UNIVERSITY COLLEGE LITERARY AND ATHLETIC SOCIETY EXECUTIVE
1932-33

N. M. Pivnick (2nd Yr. President), S. M. Hermant (Treasurer), D. J. Agnew (4th Yr. President), R. A. Bell (Secretary), A. C. Smith (1st Yr. President), B. M. Draper, (3rd Yr. President), G. I. King (Asst. Secretary).

T. E. McDonnell Jr. (Athletic Director), N. H. Shaw (President), A. F. W. Plumptre (Hon. President), B. Laskin (Literary Director), H. G. Skilling (Social Director).

University College Literary and Athletic Society

AS THE student governing organization and the only body representative of all the men of University College, the University College Literary and Athletic Society necessarily represents the activity or inactivity of the men of the College in extra-curricular affairs. If we establish this as our criterion, it would not be too much to say that the College has enjoyed an extremely active and well-balanced year. For, like the proverbial well-oiled machine, the "Lit." has at all times functioned smoothly and efficiently.

Operating for the first time upon a financial plan which includes a budgeting scheme as its central feature, the Lit. has achieved a financial stability, if not opulence, hitherto unknown. Much heralded and much debated, the budget administration has proved an unqualified success, a success even exceeding the fondest hopes of its most ardent protagonists. Its success has appreciably lightened the duties and worries of a harassed Executive and enabled a proper planning of the various activities of the Society.

The Society was most fortunate in electing as Honorary President for 1932-33, Mr. A. F. Wynne Plumptre of the Department of Political Science. Spurred on by his enthusiasm and guided by an Executive, the distinguishing feature of which was previous experience on the Executive, the Society has passed through a year fraught with many difficulties, in a most creditable manner.

LITERARY ACTIVITIES

The Literary activities of the Society are under the direction of the First Vice-President or Literary Director, this year, Mr. Bora Laskin. Six regular meetings of the Society have been held in the Junior Common Room with a larger attendance than has been noted for many years.

For the November meeting, Miss Agnes Macphail, M.P. for Grey Southeast, made a special visit from Ottawa to speak to a well-attended meeting of the

men of the College. This innovation (one might almost say, revolution) of having a lady speaker met with the approval and approbation of all. A further surrender to the female of the species took place at the December meeting when the Women's Undergraduate Association were for the second time in history the guests of the Society.

Outstanding among the activities of the Literary Department has been the revival after some years somnolence of the University College Parliamentary Club. A debating society, organized in parliamentary form, with a Prime Minister and his Cabinet and a Leader of the Opposition, it has thrived from the very day of its opening in October and now warrants classification as one of the more important debating organizations in the University. Its governments have possessed a marked instability and already five Prime Ministers have occupied the Treasury benches. These are Messrs. M. B. Gelber, R. W. Reville, R. A. Bell, W. E. Beamish and M. M. Marks. The Speaker of the House is Mr. B. Laskin.

The University College *Undergraduate* edited by Mr. W. G. Goddard, has made its appearance and been received with favourable comment. This publication receives special mention elsewhere in these pages.

ATHLETIC ACTIVITIES

In no other section of its activities can University College be considered so integral a part of the University as in Athletics. With University College in athletics, as indeed in all things, it is the University first, the College next. The names of many of the players on University teams in every branch of sport are most familiar to University College men.

Supervision of athletics in the College is delegated by the University College Literary and Athletic Society to an advisory Athletic Board, consisting of the sixteen managers of the various College teams with Athletic Director "Tommy" McDonnell as Chairman. The new "planned economy" under which the Society is now operating has increased the amount of money at the disposal of the Athletic Board and U.C. teams are now equipped as never before.

The U.C. contributions to interfaculty competition are recorded in another section of this book, yet, the achievement of the track team in winning the interfaculty meet deserves special mention. In addition, U.C. remain the holders of the championship in interfaculty rowing. The winning of the McEachern Cup for the individual Tennis Championship of the University by a U.C. man, Sydney Hermant, is another record of which University College is proud.

And so, University College goes on, contributing her best to University teams and at the same time making a most creditable showing in interfaculty competition.

SOCIAL ACTIVITIES

The conduct of the College Social functions is another duty concentrated under the Lit. Executive. Under the guidance of Gordon Skilling, the Social Director, the usual three functions have been held.

The Roof Garden of the Royal York Hotel was the setting for the opening dance of the year on October 19th, The Fall Dance. Following close upon this were the U.C. Follies, held in Hart House on December 2nd.

The grand finale of the social season was the majestic Arts Ball, held in the Royal York Hotel on January 20th. This was the first time that the Arts Ball had been held away from Hart House and the change met with the approval of everyone.

In addition to these three College parties, the various years have held a number of year parties at the Women's Union, all of them being well-attended. The informal spirit with which they are so invariably conducted has greatly enhanced their popularity.

VICTORIA COLLEGE UNION EXECUTIVE 1932-33

Victoria College Union

UNTIL three years ago the undergraduate affairs of Victoria College were administered by two separate organizations, representing the men and women respectively. Co-operation between the two bodies was difficult and none of the many other undergraduate societies was actively connected with the administrative bodies. In order therefore to make possible greater co-ordination between the activities of men and women and to give closer unity to the affairs of the students in general the Victoria College Union was formed through the efforts of a few zealous and far-sighted students. This organization absorbed the Victoria College Students' Parliament (Men's) and the Women's Undergraduate Association and became the official undergraduate administrative body. All other college organizations have since become affiliated with the Union, so that it is a truly representative body. At first an experiment, it is now a proven success.

The Victoria College Union Executive represents the students on the Joint Executive of the S.A.C., arranges all official social functions, conducts annual elections for all affiliated societies, publishes Acta Victoriana, the college magazine, controls the Debating Parliament and exercises financial supervision of all affiliated organizations. It is also responsible for the Annual "Bob".

The Executive-in-Council of the Union is composed of two representatives from each member and meets at intervals to sanction financial expenditures made by the Executive Committee and to discuss student affairs. Meetings this year have been few as all business of the Union has been conducted carefully and few untoward circumstances have arisen.

There have been two regular open meetings, one in each term, at which students may criticize the administration and be informed regarding the procedure of affairs. Changes in the constitution may also be made at these meetings. This year the sessions have been of particular interest as important constitutional changes have been made, and much discussion aroused.

Generally speaking the year has been a successful one. The members of the executive have found it a pleasant duty to work together and have co-operated very well. The Bob and the Vic At-Home were just a little above the usual high standard set by those functions and all other business has gone smoothly. The executive pictured above have enjoyed the year's work and trust that future executives may be as happy in their relations with faculty and students as they have been.

ANNESLEY STUDENT GOVERNMENT ASSOCIATION

The Annesley Student Government Association

THE Annesley Student Government Association had its beginning in a petition sent to the Senate of Victoria College in the year 1912. This petition expressed the feeling then prevalent among the students, that it was highly advisable to "assume individual and community responsibility in the life and conduct of the Women's Residences". Such responsibility, it was thought, if given to the students, would make for the development of character and the promotion of loyalty to the best interests of the residences. It was founded upon an agreement between the Authorities of Victoria College and the resident women students; which agreement entrusted to the latter the management of all non-academic matters pertaining to conduct while in residence. Annesley Hall was the first women's residence in Canada to adopt this system of self-government and with necessary modifications it has been functioning steadily since its introduction.

Each woman student in the residences of Victoria College is subject to the legislation of the constitution of "Asga", and is, in consequence, a member of the Association. Representation from each of the four years is a factor in realizing the individual responsibility which each girl owes to the body she herself has helped to elect. It is this spirit of active co-operation between executive and members which is one of the reasons for the success attained since the inauguration of the system. The other cause is the sympathetic support given to the Association by Dr. Norma Ford, Acting Dean of Women, and the Dons' Council, who, following the tradition set by the former Dean, Miss M. E. T. Addison, do all in their power to work with "Asga" for the good of the residence life as a whole. With such assistance "Asga" may hope to accomplish even more in the future and show itself an even greater power in the life of Victoria College.

TRINITY COLLEGE LITERARY INSTITUTE COUNCIL, 1932-33

G. H. Johnson (Debating Secretary), W. N. Turner (Keeper of the Mace), A. R. Tilley (Assistant Treasurer), C. Garrett-Jones (1st Year Councillor), H. Bedford-Jones (Clerk of the House), H. V. Rice (Permanent Secretary), R. L. Seaborn (President), J. K. Thomas (Speaker), W. N. Bowden (Treasurer), J. S. Woods (2nd Vice-President).

Absent: P. A. Dufresne, R. F. Wodehouse.

Trinity College Literary Institute

THE Literary Institute is the oldest institution in Trinity College, having been founded more than ninety years ago. It has as its motto 'Feros Cultus Voce Formare', and in accordance with this it has always been a medium for student expression.

Regular meetings are held every Friday evening. These meetings are conducted as party debates under the Parliamentary system, with a Speaker presiding and a Government and Opposition defending and opposing the motions. Due attention is paid to ceremony and traditional usage according to the customs of the Parliament of Great Britain and Northern Ireland. The Government holds office until defeated at two successive meetings when the Opposition automatically becomes the Government, or until it is voted down on a motion of want of confidence, when a new election is held. There are three Permanent Officials, the Speaker, Secretary, and Treasurer. The Secretary is the connecting link between Governments.

An oratorical contest and a Conversazione may be conducted by the Institute, the Conversazione being arranged by a special committee. It is one of the notable events of the term and excellent evidence of the good work of this committee.

Special inter-college debates are held with St. Hilda's, University, Victoria, and Huron Colleges. This year representatives of the University of Dayton, Dayton, Ohio, were the guests of the Institute on one occasion. These and the regular meetings have done much to foster public speaking, as has been evidenced by the large number of members of the Lit. who have been on the Debates Committee of Hart House in recent years.

ST. HILDA'S HOUSE COMMITTEE

Back Row: C. GISBORNE, E. HOLDEN.

Front Row: C. SALE, MISS CARTWRIGHT, M. MCCULLOCH.

St. Hilda's College House Committee

ST. HILDA'S College House Committee is made up of Miss Cartwright, Dean of St. Hilda's, the Head of College and the heads of the three lower years, who are chosen by their academic standing on entering. The head of the fourth year automatically becomes Head of College and President of the College Meeting, while the head of the third year is Secretary and the head of the Second, Treasurer.

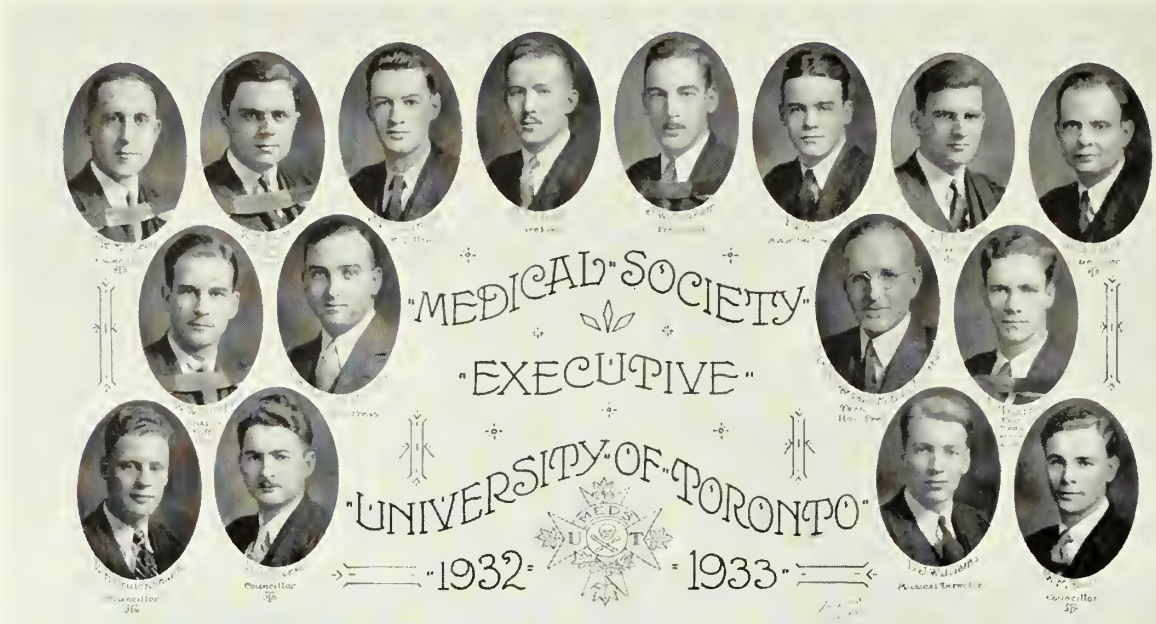

The House Committee meets every two weeks and discusses all matters which concern the management or discipline of the College. The College Meetings are held usually once a month and the College has an opportunity to express its views on the matters at hand.

In St. Hilda's, the year system is in effect and each year forms a complete unit with its special duties and privileges, in the larger sphere of the College as a whole. In the various activities of the year, the members are offered an opportunity to prove their abilities and to become assets to the College.

The heads of the various societies are usually chosen from the Fourth year, with one or more members of the four years on the executive. The Third year has no particular duty, except to assist the Fourth year in maintaining college discipline. The management of the Freshies is in the hands of the Sophomores, whose duty it is to instil in them the traditions of St. Hilda's, and to instruct them in their various duties.

The Women's Auxiliary is a very active society and the girls work for the Annual Bazaar to raise money for missionaries and charitable organizations. The St. Hilda's Literary Society stimulates the intellectual development of the college and during the year, there are usually a few addresses by outside speakers. There is a debating shield, which affords an incentive to the inter-year teams, and the cup which is presented to the best year play, is always keenly contested.

During the year there are numerous class parties and informal receptions and two formal dances, the St. Hilda's At Home and the Soph-Senior.

The Medical Society

THE Medical Society is the undergraduate organization of the Faculty of Medicine. Since its inauguration in 1895 its influence and activities have been greatly extended but the principle embodied in the original by-laws still determine the policy of the Society. The Medical Athletic Society and the University Medical Journal are controlled by this body which is also responsible for the Medical At-Home, the Soph-Frosh dinner and Dance, the Faculty Dinner, and Daffydil—that presentation at Hart House theatre which was so well received this year.

One of the functions of the Society is to sponsor a few meetings at which speakers of note address the student body. The talks are both educational and entertaining and much is done in this way to broaden the medical students' outlook. We have been fortunate this year in the celebrated personnel of our speakers.

The elections are held in February, the new executive coming into office in September of the next academic year. This year over 85% of the undergraduates registered voted.

The student body is proud of its society and one may well speak of "Medical esprit". Every undertaking of the Society was highly successful.

And so we close the 38th year of the History of the Medical Society.

MEDICAL WOMEN'S UNDERGRADUATE ASSOCIATION, 1932-33

Back Row: HARRIET GATES (S.C.M. Rep.), JEAN LANG (1st Yr. Rep.), DOROTHY WHINTON (2nd Yr. Rep.), ELIZABETH STOCKDALE (Torontonensis Rep.).

Front Row: JESSIE GRAY (Vice-President), DR. MARION HILLIARD (Honorary President), HELEN MCKINLEY (President), MARY MARSHALL (Secretary), MARGARET HARCOURT (Treasurer).

The Medical Women's Undergraduate Association

THE Medical Women's Undergraduate Association has been since 1907, the organization which binds together all women in the Faculty of Medicine.

The executive pictured above is serving for the term 1932-33. Each of the six years has a representative holding an executive position. This body governs the business and social activities of the women students.

Activities begin with a tea to welcome the freshettes. A little later is an initiation ceremony, after which the "infants" are officially recognized.

This year the Medical Common-Room has proved itself quite the spot for parties. A most successful fall tea dance was held there and a delightful games party at Christmas time.

The five o'clock teas at the Women's Union are perhaps the most enjoyable part of our routine. At the January tea Dr. Edna Guest thrilled us with her tales of a presentation at the Court of St. James and the romance of surgery in Vienna.

The formal affair of the season is the annual "Nabob Tea" held the last Saturday in January. This is the time we entertain our professors, their wives and our medical alumnæ. As guest artists we were fortunate in having Maude Watterworth, harpist, and Kathleen England, soprano, two charming musicians.

The "Senior Party" in April is the "grande finale", a farewell to our Graduating Class. This year there are nine women emerging from the ranks of undergraduate to graduate. May they continue through life with the courage and enthusiasm we have known, is the wish of their own Undergraduate Association.

The Engineering Society

THE Engineering Society since 1888 has been entirely comprised of undergraduate members of this faculty, before which time the Dean acted as President. At the present time by virtue of the constitution, each undergraduate is parted from a small fee at the time of his registration entitling him to be present at all open meetings and make use of the facilities placed at his disposal by the Engineering Society.

The Engineering Society Executive is made up of the President, 1st Vice-President, 2nd Vice-President, Treasurer and Secretary. Included as members are the four Year Presidents and the Chairmen of the six clubs which are affiliated with, and subsidized by the Engineering Society, also the Chairman of the Debating Club, the President of the Athletic Association and the Director of Publications and Publicity.

The President, a member of the Fourth Year presides at both the open meetings and at those held by the Society Executive. He is, ex officio, a member of all Society committees. The 1st Vice-President is in control of all social events of the years, while the 2nd Vice-President has complete charge of the Engineering Society store. The Treasurer has the financial burdens to bear, while the Secretary answers such correspondence as is necessary.

The Debating Club, having gained in popularity during the past few years, is headed by a fourth year man and comprised of any undergraduate members who care to become proficient at holding their own at public speaking.

With the President of the Society as chairman, open meetings are held monthly to bring the undergraduate body in touch with engineers who have made a success of their chosen vocation.

The Director of Publications and Publicity governs the Edition of "Transactions and Year Book"—a record of the year's major events in the "Red School House". He also supervises the editing of "Toike Oike"—a journal of unsullied reputation.

The School Athletics are governed by the President of the Athletic Association who sees that competent coaching is given each team, and that School is well represented at the finishing line.

The Engineering Society as a whole deals carefully with each problem, small or large, that crops up in university life, and endeavours to its fullest extent to co-operate with the other faculty organizations of the University.

Students' Parliament—Faculty of Dentistry

THE Students' Parliament is composed of all the undergraduates enrolled in the Faculty of Dentistry. This body conducts all student activities through an executive known as the Cabinet which is composed of twelve members elected annually by student vote. It consists of the president of parliament, the class presidents of each of the five years as well as the presidents of the other undergraduate activities.

It has the purpose of administering faculty social events and business matters pertaining to the student body as well as to provide an official channel of communication between the staff of the Faculty, the governing bodies of the University and the student body. Meetings are held at regular intervals throughout the school term.

In general its constitution is modelled after that of the Students' Administrative Council and its actions and powers affecting the dental students are very similar to those exercised by the Students' Administrative Council affecting the students of the University as a whole.

WYCLIFFE COLLEGE LITERARY SOCIETY EXECUTIVE, 1932-33

First Row: E. A. HAWKES (Asst. Secretary), R. Y. METCALFE (1st Yr. Rep.), F. E. SMITH (Curator), F. W. POOLEY, B.A. (Critic), B. A. PEGLAR (Second Vice-President).

Second Row: J. T. RHODES (Secretary), R. C. GOOD (L. Th. Speaker), T. R. MILLMAN, B.A. (President), F. C. JACKSON, B.A. (First Vice-President), L. F. GEARY (Treasurer).

Wycliffe College Literary Society

THE Wycliffe College Literary Society, under the presidency of Mr. T. R. Millman, B.A., has enjoyed a very eventful and successful season. Its programme has been one of varied interest and enjoyment. The hearty co-operation of the members has contributed in no small way to make the year a very successful one.

The Debates have been well attended and have aroused considerable interest.

Under the able management of Mr. F. C. Jackson, B.A., "Cap and Gown" has had a record year. Not only has it paid its way better than in previous years, but under the guidance of Mr. L. P. Hunt, B.A., the editor, it has eclipsed the record of previous years in literary style and material.

This year we have been able to secure several notable speakers. Mr. A. Lismer, A.R.C.A., gave a most interesting illustrated address on "The appreciation of Art". Dr. R. J. Renison, the former bishop of Athabasca spoke to us of the beauties of that little known part of Canada, the Peace River country.

The social events were not forgotten, though this year they were curtailed considerably. The outstanding event was the Farewell Banquet in honour of the retiring Dean, Rev. B. W. Horan, B.D., at which he presented to the society a gavel inscribed "The Horan Hammer".

The Literary Society has had an honourable history. The best wish of the retiring Executive is that in the years ahead each member may appropriate increasingly the truth of the Society's motto:

"Magna est admiratio Copiose sapienterque dicentis"

Students' Administrative Council, St. Michael's College

THE duty of the students' council is to control all the college of the student body. A varied and extensive programme was arranged for the ensuing year, including a return to Dramatics and the re-organization of the Students' Parliament; two important factors of college life which had been neglected for the past few years.

The Freshmen's Reception was held on Oct. 16th in Hart House. Sophs, Juniors and Seniors were entertained by the buffoonery and versatile talent of the newly initiated. The sense of humor of all being satisfied luncheon was served in the Great Hall.

On Feb. 22nd the Arts' students assembled for their annual banquet, the outstanding event of the college year. The Hon. Vincent Massey was the guest of honor, replying to the toast to the University of Toronto. Amongst those present were Prof. J. Moritain of the Mediaeval Institute and J. B. Bickersteth, Warden of Hart House. The College Glee Club and Orchestra supplied the music for the occasion.

The Hart House elections took place on March 8th and after a hot election campaign the following St. Michael's men were successful at the polls—R. J. Miller, Debates Committee; J. A. Vining, House; J. R. Rowell, Hall; G. E. J. Schuett, Music; J. E. Walsh, Library; J. C. Myers, Sketch; W. G. O'Brien, Billiards.

The executive wishes to thank the students for their whole-hearted support during the past year and to express the wish that the same spirit of co-operation will be shown to the executive of '33-'34. Vale!

Ontario Veterinary College Students' Administrative Council

THE Students' Council of the Veterinary College has a personnel of eleven members. The Senior, Junior and Sophomore years are each represented on the Council by groups of three elected from their respective classes. The Freshmen have two members.

Since 1922, the year in which the Ontario Veterinary College was transferred to Guelph, athletics have been carried on in affiliation with the Ontario Agricultural College. For some years, however, it has been felt by the students of the Veterinary College that separate athletic activities would promote a better college spirit. The feeling gained impetus this year, owing to a considerable increase in the student population, and, after careful consideration, athletic relations with the O.A.C. were severed. The spring term saw, as a result, the formation of an Ontario Veterinary College Athletic Association and also a Glee Club. The experiment has thus far proved highly successful and it is the sincere hope of the Council that the years to come will witness an increasing unity in the student body, both athletically and otherwise.

The welfare of the students has been the consistent aim of the Council and with this end in view we have attempted to create a more attractive and homelike atmosphere in the students' common rooms by the installation of a radio and the provision of varied reading matter.

During the past year the relations between the Faculty and the Student body have been completely harmonious, any of the minor difficulties that arose being amicably and expeditiously disposed of, so that as an arbitrator the Council has been almost superfluous.

Altogether we feel that we are quite justified in calling our year of school government a successful one and in wishing an equal success to the members of the Council for next year.

U.C. WOMEN'S UNDERGRADUATE ASSOCIATION

Mrs. Jeanneret (Hon. President), E. Wallace, J. Hunnisset, M. Hogarth (President), R. Payne, R. Rutherford, Miss M. Ferguson.

Absent: Mrs. D. Dempster.

Women's Undergraduate Association

THE Women's Undergraduate Association is the official legislative body of the women of University College. Mrs. Jeanneret was the Honorary President for the year 1932-33. The other representatives on this Council include the dean of women, the president, vice-president (athletic director), secretary, treasurer, a representative of the Students' Christian Movement, a Social Service representative, a music convenor, the head girls from the college residences, and the presidents of each year.

The Women's Undergraduate Association arranges all college social functions, such as the house-party for the seniors and the freshies at the beginning of the fall term, the Autumn Tea, and the initiation.

Literary and Athletic events of the College are also arranged by this Council. An annual public-speaking contest for women undergraduates is held and for the last few years Sunday afternoon musicales and songsters have been held, which have proved very successful.

Every woman undergraduate in University College is a member of this Association. Two mass meetings are held during the year, and one with the University College Literary and Athletic Society.

R. L. Taylor (Vice-President), C. G. Boyd, B.A. (President),
Prof. W. W. Bryden, M.A., D.D. (Hon. President).
H. F. Davidson, B.A. (House), W. A. Young (Treasurer).

Knox College Undergraduates' Association

THE system of government within Knox College is of the students, for the students, by the students. Every matter relating to the residential life is open to the consideration of this body. Its meetings, both executive and parliamentary, provide an excellent training in legislative activities and in the leadership of young men.

The monthly meetings of the Knox College Undergraduates' Association this year have been very much alive. His Majesty's Government has upheld the dignity of the House by presenting a wide-awake and well-prepared programme; His Majesty's Opposition has been full of rhetorical power but, in the main, has supported the Government.

The House Committee has attained a very high level of efficiency. The Programme and Worship Committee has presented a varied programme, including the Skit Night, the Christmas Dinner and the "Purple and White" At Home. The chapel services every morning have effectively promoted the spiritual side of undergraduate life.

In athletics, Knox has taken her part nobly in various Interfaculty competitions. The Soccer team has for the fifth consecutive season won the Arts Faculty Cup. The Hockey, Basketball and Baseball teams augur success in their several departments in the near future.

"Knox tidaber alekem koh,
Ki yavo kol lo nira,
Hineni, hineni nus atah
Hurrah for old Knox! Hurrah! Hurrah!"

EMMANUEL COLLEGE STUDENTS SOCIETY

R. M. Clark (Chairman of Residence), C. Ferguson (Missionary), H. Inglis (Worship), A. Organ (Athletic).

F. Fidler (Secretary), F. Bannister (President), Dr. Michael (Honorary President), E. Newbery (Vice-President), J. Stinson (Treasurer).

The Emmanuel College Students' Society

IN THE few short years which mark the history of the Emmanuel College Students' Society, remarkable progress has been made in the building up of an essentially vital college spirit. Not only have the students themselves been knit together in the bonds of "the noble tradition we hold", but very definite progress in fellowship, and a common sense of mission have been developed between staff and students. Even the difficult problem of the relationship between church students in Arts and the men in Theology has been grappled with and a definite measure of success attained.

The student activities of Emmanuel are under the direction of various committees whose work is integrated and made effective by the executive of the Emmanuel College Students' Society.

The Worship Committee seeks to deepen the spiritual life of the College by arranging for chapel services, communion services, and retreats.

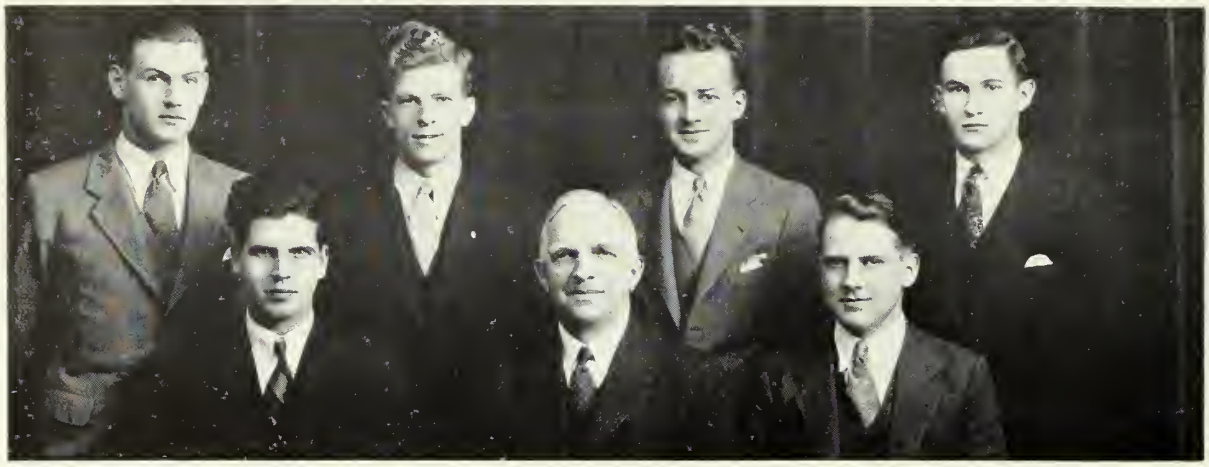

The Missionary Committee seeks to stimulate interest in Missions, not only in the College, but in co-operation with the Church Home Mission Board. to send out men experienced in summer missions to enlist the support of the Church community.

The men in residence are governed and provided social advantages by the residence committee. Musicales and other functions enhance the unique quality of residence life.

The Athletic Committee endeavours to promote athletics in such a manner as to provide an opportunity for recreation for every student. This Committee develops teams for interfaculty competition in basketball and hockey. This year Emmanuel was well represented on the Victoria team which won the Mulock Cup and on the Victoria team which reached the finals in the struggle for the soccer trophy.

The Vice-President's Committee in seeking closer fellowship between the Church students in Arts and the theological students, is performing a worthy function.

Emmanuel does not live to herself in an atmosphere of cloistered satisfaction in the contemplation of theology despite the temptation in this direction provided by our more than adequate college buildings. Her students are not unappreciative nor untouched by the cultural atmosphere and wider interests of the University at large.

FORESTERS' CLUB EXECUTIVE 1932-33

Front Row: R. S. YOUNG (President), DR. HOWE (Hon. President), A. P. LESLIE (Alumni Rep.).

The Foresters' Club

THE official organ of student government and social activity within the Faculty is the Foresters' Club. Athletic matters, a field in which the members are quite active, are controlled by the Foresters' Athletic Club.

Throughout the year fortnightly meetings are held when matters of Club business are dealt with and where the members are enabled to meet with men who are leaders in state, industry and the sciences.

The "Undergraduate Night" and Debate, when the topics are taken by Club members, provide in some measure for the development of self-expression through public-speaking.

Soon after the Seniors return from Fall Camp at Achray, the Foresters' Stunt Night is held. This event is featured by Dean Howe's address, the First Year skit, and the wearing of bush attire by those present. This year a successful departure from custom was made when Stunt Night was held in Hart House.

The Annual Banquet is the first social function of the Easter Term and is a very effective method of introducing alumni and undergraduates.

The Forestry At-Home, held in Hart House each February would not seem to be the natural habitat for a Forester but annual experiment proves that the Woodsmen find the environment eminently congenial.

Graduates and Undergraduates are kept informed of each other's doings through the medium of the yearly News Letter sent out each Spring.

Absent: F. M. VANSTONE, D. A. FISHER.

The Commerce Club

IN A year in which most concerns find it difficult to report any advance, the Commerce Club has more than held the ground gained in previous years.

Subservient to all the activities carried on by the Club, has been its function of developing contacts between undergraduates in the course of Commerce and Finance, and professors, graduates and men of affairs.

The Annual Banquet was addressed by Mr. J. W. Dafoe, editor of the Manitoba Free Press, and the attendance exceeded all previous records.

In addition to the Annual At Home, held in the Roof Garden of the Royal York, a Tea Dance was arranged on the afternoon of the Queen's Rugby game and both were thoroughly enjoyed by those attending them.

The Crocombe trophy was taken this year by J. Beatty, winner of the Squash Tournament.

Several highly successful smokers and noon hour lectures have been held and were addressed by the following speakers: Prof. F. H. Underhill; Mr. Chas. H. Ingersoll; Prof. C. A. Curtiss of Queen's University; Mr. J. S. Woodsworth M.P.; Dr. W. T. Jackman; Mr. Graham Spry; Lt. Col. Geo. A. Drew.

A very encouraging feature, has been the attendance at the functions of the Club of graduate members. It is hoped that the graduates will continue to attend the gatherings of the Club, and in wishing our graduating members every success in the future, we trust that we may have the pleasure of welcoming them back at these gatherings next year and thereafter.

The executive of the Club wishes to thank all those who have co-operated in making the past year a success.

Torontonensis, 1933

THIRTY-FIVE years ago the first volume of the University year-book, Torontonensis, appeared on this campus. Graduates of '98, much as they like their own little volume, must cast rather envious eyes on volume thirty-five, for it has grown to nearly three times its original size, and now includes practically every activity of the undergraduates of the university.

With one or two exceptions the book is the same as it was last year, the only noteworthy change being in the back-ground in the biography section. Each faculty for the first time has its own building for its background.

For the first time too, a competition was held in connection with the Campus Life pages. While the response was not as great as was expected, nevertheless the editors had an extremely interesting group of snaps from which to choose. The contributions of the prizewinners will be found grouped, each on one of the first three pages of Campus Life.

The Editorial Staff takes this opportunity of thanking the constantly harassed but ever genial and willing representatives of the various faculties. Without their co-operation the task of collecting such a vast amount of material from so many different sources would be an impossible one.

The Editor-in-Chief is particularly grateful for the excellent work done by the editorial board, particularly to Mr. T. E. Roulston, who for the second year has taken on the duties of Art Editor, though last year his name was by an unfortunate oversight omitted from the Editorial Board.

The Varsity

"*The Varsity*" endeavoured throughout the year 1932-33 to mirror the news and views of the undergraduates of the University, as well as that can be done by a staff of some sixty students who are able to devote only part of their time to journalistic work. Individuals and political organizations were encouraged to express their views in a column given over to that purpose, and dramatic and musical criticisms were given emphasis by a staff of competent critics.

Early in the Easter semester "*The Varsity*" was sued for libel in the student Moot Court conducted by the Department of Law, a case which attracted considerable attention. Perhaps the most interesting evening of the year was spent on the night on which the Jazz Issue was prepared for publication. On that occasion the attempt of a small party of celebrating students to suppress the issue was frustrated by some of the staff.

"*The Varsity*" again became a member paper of the Canadian Intercollegiate Press this year, and entertained a convention of delegates from the other member papers in November in Hart House. The Editor-in-chief at present represents "The Varsity" on the C.I.P. as President of the Central Division, which includes the college newspapers in Ontario and at McGill University.

The Undergraduate

THE "UNDERGRADUATE" Magazine appeared this year in a form different from previous issues. Instead of devoting its pages almost entirely to so-called impressionistic writing, the staff made an attempt to interest as many of the undergraduates and groups as possible. To this end, articles were solicited from members of the Faculty and of the student body who were in a position to write with authority.

Mr. Henry Noyes' Jardine Memorial Prize Poem, "The Transformation", was the most important feature of this issue. The excellence of his work was praised highly by the judges.

Due to financial difficulty, the magazine was only published once. The circulation has always been small, but it showed an appreciable increase this year. If the succeeding staffs will continue to edit it with the interest of the undergraduates in mind, this University College publication will eventually attain to a position of importance.

Acta Victoriana

ACTA VICTORIANA is one magazine hampered by tradition. It has come out seven times a year now for so long that it has for some time been regarded passively as a Victoria institution. As it is the custom in Victoria to react rather apathetically to institutions, the result has been to make the periodical a very faint and purely external stimulus to an equally faint interest. Undergraduates would lay down the newspaper funnies to pick it up in its modest and decorous gray cover and hunt for gossip and jokes—the "bright" spots. If they found no good jokes, or if the scandal were as unintelligible as a Talmudic commentary—which it generally was—they groaned dismally and picked up the funnies again.

There is still some of that in Victoria, but, slowly but surely, we think we see signs of a renaissance. There is a greater self-consciousness in regard to Acta, an awakening of realization that it is, after all, purely what the undergraduates make it, and is no better and no worse than they are willing to have it. It is coming to be recognized, too, as the most satisfactory and permanent method of self-expression. It should be no more difficult in a college to start a tradition of active interest than one of a deliberately and painstakingly acquired pose of *ennui*. With this in mind, the present editor relaxes his grip on the torch and wishes his successor Godspeed.

TRINITY UNIVERSITY REVIEW BOARD, 1932-1933

The Trinity University Review

IN 1888 the Trinity College magazine was called, and had been called for eight years, the Rouge et Noir. But unfortunately at this time a new game of chance suddenly became both fashionable and popular; it also was called Rouge et Noir. Clearly this wouldn't do at all—it was an unheard of scandal that the magazine of a theological college should bear the name of a gambling game. The situation was as impossible as the present situation would be if the Trinity magazine was called Contract Bridge. Accordingly the name had to be changed. The Trinity University Review not only was a higher-sounding name, but it also gave a clue as to the contents; it was therefore adopted and from that year to this has borne that name.

In 1889, the year after the name was changed Convocation came to its financial aid, and in return for a stated number of copies and space rights agreed to make a yearly contribution. From that time the Convocation Editor has sat as Chairman of the Review Board.

The magazine has no definite policy. The Editorials generally congratulate Trinity men who have done well and condemn the follies of the rest of the world. As well as the reports of the various college activities, the magazine contains articles, short stories and poems. It is published eight times a year, with a circulation of 1,200 copies.

ST. HILDA'S CHRONICLE STAFF

Back Row: M. Farmer, M. Burnham, H. Salmon, W. Rally.
Front Row: B. Mullin, D. Rushbrook, L. Wilson, K. Britton, H. James.

St. Hilda's Chronicle

ST. HILDA'S CHRONICLE, the official publication of St. Hilda's College, is the only women's magazine in the University and was the first of its kind to be published in Canada. Although regarded as merely the women's residence of Trinity College, St. Hilda's has a charter and is a College in its own right; and the magazine still retains its own identity despite the fact that several attempts have been made to amalgamate it with the Trinity University Review.

In view of the fact that, at the foundation of the Chronicle about 1900, there were only eight students in the College, the financial difficulties were at first acute. At the present time, however, the magazine is self-supporting, and has a wide circulation.

The Chronicle is primarily a literary publication, containing principally undergraduate work with occasional contributions from graduates. The staff has for many years been composed entirely of undergraduates. The main features of the magazine are stories, poems, articles and a general review of activities in the College, including Sports, Debates and Dramatic Criticism.

Formerly, two issues, from thirty to fifty pages have been published yearly. This year a new policy of publishing a single Spring issue has been introduced.

Transactions and Year Book

TRANSACTIONS and Year Book is the official publication of the University of Toronto Engineering Society. Published at the end of the academic session it reviews the events of the past year and records another page of School history. A copy is provided for every undergraduate and a copy is also sent to every man of the past two graduating years.

The Transactions part of the publication presents the addresses delivered during the year at the Engineering Society meetings and has recently been broadened to include several of the year's best student theses. This makes highly instructive technical reading comparable with the best engineering journals.

The Year Book Section reviews the executive, social and athletic activities and is illustrated with photographs of the executives, committees, teams, T holders, S holders, and graduating years of each department.

Thus the six editions available to each man going through School, form an interesting and valuable résumé of his student days.

The board would like to take this opportunity of thanking all those who, through their co-operation, have helped to bring this edition into being.

The Toike Oike

AFTER weathering the storm of Technocracy the modest publication of the Engineer has again completed a successful year. It has been published "every now and then" since its inception away back in 1911.

This year the "now and then" publications included such special events in the Schoolman's life as School Nite, School Dinner, and the School-At-Home. In addition, special editions were published heralding the advent of Freshmen, Initiations, Elections and Graduation. The Xmas edition was tastefully arrayed in Christmas colours—the printing was green and the paper was read.

Throughout the year the Toike Oike followed its usual policy of acting as a purveyor of news and events and in general being "devoted to the interests of the undergraduates of the Faculty of Applied Science".

A final dinner for the combined staffs of Toike Oike and Transactions terminated the activities for another year.

Hya Yaka

THE Hya Yaka was established thirty years ago to offer to the undergraduates an outlet for literary expression and an executive training in journalism. It was mainly through the efforts of Dr. W. E. Willmott that its first editorial board was established. Closely associated with Dr. Oliver Leslie who has the honour of being its first editor were Doctors Corrigan, Husband, Davy and Large.

The first issue appeared in 1903 as a quarterly of the Royal College of Dental Surgeons. Later it became a monthly publication and now appears as a year book of the Faculty of Dentistry. The editorial staff includes representatives by students in all years. The interest of members of the Faculty and graduates has always been most helpful and gratifying to those in charge of the undergraduate publication.

As a year book, Hya Yaka carries out the purposes of its organizers, and in so doing is indispensable to the life of the college. It stimulates the students to literary endeavour, furnishes a record of all sporting and social events of the year and supplies the students with the latest in dental research.

MEDICAL JOURNAL

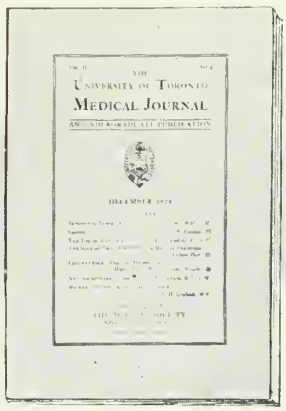

W. A. Rutherford, A. A. Bailey, E. M. Limbert, R. E. Outerbridge, H. Bright, E. G. Harkness (Business Manager), Miss M. E. Scoffield (Associate Editor), Prof. E. A. Linell, R. B. Kerr (Editor-in-Chief), H. C. Foster (Assistant Editor), W. J. Hendry (Associate Editor).

University of Toronto Medical Journal

THE Journal this year began the publication of the tenth volume. Thus has the pioneer undergraduate Medical Journal on this continent passed its first decade of life, still continuing to play an important part in the life and activities of the Medical Student.

The object of the Journal is to provide a medium through which students may gain experience in expressing themselves in print. The ability to write a clear, readable article is becoming an increasingly important part of one's medical education, for the organization of medical literature is now such that it is imperative that the contributor of new and original work must have the ability of clear expression.

This year an innovation was begun in the organization of the Journal, in the appointment of a permanent Staff Advisor to the Journal. Dr. E. A. Linell has been chosen for this position. It is believed that by this means a certain continuity will be preserved in the handling of the Journal and much sound advice from the Staff will be obtained.

DRAMA

The Players Guild of University College

DURING the past year the Players Guild, in accordance with its policy of promoting the intimacy of its members with every aspect of the theatre, had the honour of welcoming several distinguished actors to its meetings. The year's red letter day was when Wilfrid Walter, late of the Stratford-on-Avon Memorial Company and Miss Catherine Lacey presented a series of scenes from *Antony and Cleopatra* and other selections from their Shakespearian repertoire. At a later day Jack Minster of the Aldwych Theatre Company spoke informally on the actor's craft.

Two other guest productions were: the one, a performance of the "Grave-diggers scene" from *Hamlet* with Professor G. Wilson Knight in the rôle of the Prince, and a play of the Worker's Theatre put on by the Progressive Arts Club.

An interesting feature of the year was the two revivals of plays which the Guild had done several years ago, Lord Dunsany's *Fame and the Poet* and Arthur Scnitzler's *Literature*. Miss Isabel Dickson played the feminine rôle in both productions of the latter play, in the first supported by Andrew Allan and Victor Wynburne, directed by Mr. Allan, in this year's by Victor Lange and Randolph Crowe, directed by Jocelyn Moore. Though not many new actors were available, several new directors came to the fore and were responsible for excellent productions. The afternoons which proved particularly memorable witnessed the production of an act of Clifford Bax' *Socrates* by Dorothy Walker, of a scene from *King John* by Robin Godfrey, the Mad Tea Party from *Alice In Wonderland* by Ted Scythes, David Pinski's *Poland, 1919* by Robin Godfrey, an act of Kipling's *The Gadsby's* by Isabel Jordan, and other plays by Jocelyn Moore, Doris Heuston, Kathleen Stewart, Henry Noyes and Randolph Crowe.

The Guild was seriously handicapped by the retirement through illness of its president, Colin Jarvis, and secretary, Betty Clawson. Work was carried on however under the supervision of an emergency advisory council consisting of Robin Godfrey, Loetitia Wilson, Isabel Jordan, Dorothy Walker, Ted Scythes, Randolph Crowe, and the honourary president, Victor Lange.

DAFFYDIL COMMITTEE 1932-33

Front Row: W. J. Fowler (Property Manager), R. C. Dickson (Treasurer), F. M. Scott (Banquet), W. W. Simpson (Chairman), H. V. Cranfield (Editor of Epistaxis), R. S. Chenoweth (Publicity Manager), L. J. Williams (Musical Director).

Back Row: F. P. Dewar (III Representative), R. N. Storey (II Representative), E. J. Delorme (IV Representative), Miss M. I. Sanderson (Ladies Representative), J. Keshin (V Representative), H. M. Coleman (Associate Editor of Epistaxis), T. A. M. Thompson (I Representative).

Absent: W. I. B. Stringer (Vice-Chairman and Secretary), W. D. Smith (VI Representative).

Daffydil Committee

DAFFYDIL, when the histrionic talent of medical students is given full rein, was held again this year in Hart House Theatre on February 16th and 17th under the capable direction of Mr. Edgar Stone. A skit presented by each year, a seashore scene by the medettes and numerous between-the-acts artists provided the entertainment of the evening. The fifth year which won the cup for the fourth consecutive time presented "Alls Wet That Ends Wet". A Slivver and Gullible production. Dr. M. M. Crawford, Dr. A. B. Lemesurier, Dr. G. H. Lougheed, Dr. J. T. Davis and Dr. R. M. Wansbrough acted as judges.

Epistaxis, the magazine and programme associated with Daffydil, even surpassed the standard of quality set by previous editions and much praise is due to the Editor and his staff for their work on this publication.

Great credit for the almost unparalleled success of Daffydil this year is due to the fine work done by the Daffydil committee under the capable leadership of the chairman, Dr. W. W. Simpson.

On the Saturday following the two evening performances of Daffydil those who took an active part in the proceedings together with members of the staff foregathered at the King Edward Hotel at Daffydil banquet to celebrate another birthday of the annual medical show which was founded in 1895.

DENTAL DRAMATIC COMMITTEE

R. Cox, C. Down, B. Johnson, W. Cavanagh, G. McGee, E. Hackett, G. Clarke, E. Braund, T. B. Lehman, Dean Seccombe, H. S. Austin, Miss M. Oakley.

Dramatics and Royal Dental Society

THIS activity incorporates three main features during the school year—Noctem Cuckoo, Dentantics and meetings of the Royal Dental Society. Noctem Cuckoo is the dental night at Hart House which takes place in the form of an elaborate informal dance preceded by Water Polo and Basketball games. A junior and senior skit competition is held, the winner receiving the Gaston-Brule cup. This activity allows students of the Faculty to give vent to their various talents.

Dentantics is produced every spring in Hart House. It takes the form of a play or musical comedy in which students with any dramatic ability are offered an opportunity to express themselves. This activity also includes the dental nurses. As well as obtaining much enjoyment from the activity, the students receive a training in dramatics. This year Dentantics took the form of a play entitled "The Heiress Hunters". It was under the able direction of T. B. Lehman and was a remarkable success.

The Royal Dental Society gives the student the practice of taking part in the conduct of meetings and the privilege of self-expression before an audience. The meetings are held in the Dental building and the latter part of the evening usually takes the form of an informal dance.

SOCIAL

Medical At-Home

THIS year, contrary to the custom of former days the committee decided to introduce the idea of a supper dance into the arrangements for the Medical at Home.

The success of the party was unquestioned, due chiefly to the new plan which greatly added to the enjoyment of the largest function which has been held for a number of years. The excellent music, soft lights, and the genial atmosphere made the party one long to be remembered as one of the most successful parties that the Medical Society has ever sponsored.

The above committee are to be congratulated upon their work and leave a standard which the subsequent committees will find rather difficult of attainment.

DENTAL AT HOME

Dental At-Home—1933

THE At-Home Committee consists of a president elected by parliamentary vote and five representatives elected by their respective years. The president also possesses a seat on the cabinet, to which body he is directly responsible. Under the direction of the above committee, another totally successful At-Home was held this year in the month of February. The many guests who gathered at the Royal York Hotel for this delightful Dental formal function were made welcome by Mrs. W. Seccombe, Mrs. A. D. A. Mason and Mrs. F. Cole.

Dancing held in the Crystal Ballroom of the Royal York Hotel to the strains of softly crooning music was a superb treat. A delicious cabaret dinner was a never-to-be-forgotten event of the evening. Beneath dimly shaded lights the all-too-speedy evening passed into history with many a happy sigh. The glow of satisfaction and contentment on all faces was conclusive evidence that the Dental At-Home had achieved another triumph.

In the Fall a delightfully entertaining Hallowe'en dance was held at Parkdale Canoe Club. The colourful decorations of the ballroom and the usual novelties of hats and horns were in keeping with the season of the year.

The At-Home Committee was under the able chairmanship of Mr. A. N. Van Loon.

School At-Home, 1933

ANY one entering the School building previous to February 8th, could be blind in one eye and yet know that the famous School At-Home was once again the chief topic of conversation. Brilliant Coloured signs, novel stair advertisements, coloured glass drawings and a multitude of other signs proclaimed the event.

In the days that preceded that eventful Wednesday six committee men and several helpers were unusually industrious and through their combined efforts the complete and final arrangements were made.

Mrs. C. H. Mitchell; Mrs. R. W. Angus; Mrs. C. H. C. Wright; Mrs. W. J. T. Wright; Mrs. J. W. Bain; Mrs. C. R. Young; Mrs. H. E. T. Haultain; Mrs. H. W. Price; Mrs. G. A. Guess; Mr. J. S. Ball and his partner Miss J. Geddes welcomed the guests in an enviable fashion.

Tantalizing music by the Wright Brothers left nothing to be desired, and it was seldom, if ever, that a couple were seen sitting out (as far as the music was concerned). The Banquet Hall was nicely decorated with School colours, and a delightfully refreshing beverage was served to slake the thirst of the more energetic dancers.

The supper served at midnight in the Convention Room of the Royal York was particularly pleasing and the sonorous tones of the hotel organ helped to make the supper even more successful.

Hats, whistles and favours served the purpose for which they were intended as the "wee, small hours" wore on. At 3 o'clock the orchestra rose and played "God Save the King" much to the regret of 450 people.

A tired but happy throng straggled home, and when the numerous cars had been started with difficulty, the party was over, though the ladies and gentlemen will long remember it.

School Dinner

OUR feelings are mixed as we look back upon the one event of 1932, which will undoubtedly remain long in our memories. If it were not slightly egoistical, we might well say to ourselves that it was the best School Dinner we had ever arranged. In the light, however, of the very noteworthy affair put on by the committee of last year, we are obliged to say that we have kept up the standard that has for many years been maintained.

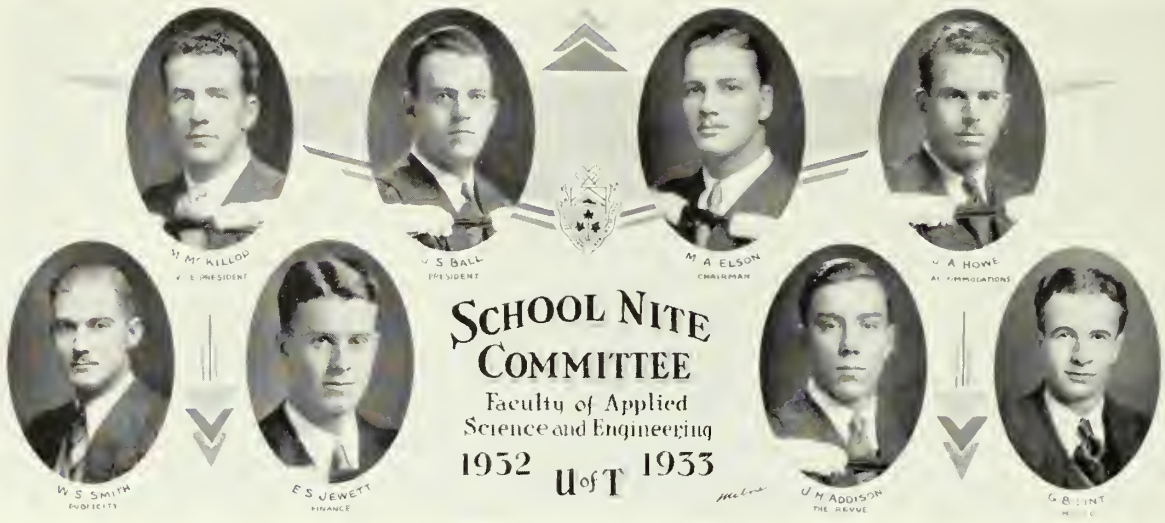

This year we were particularly favoured by the presence of a great many celebrities. The main speaker of the evening, Dr. J. M. R. Fairbairn, is well known in Railway circles as the Chief Engineer of the C.P.R. It was only natural that a man of his intellectual standing and unbiased outlook would bring us a message of homely philosophy which is such a necessary element in our present day undertakings. It goes without saying that the 600 present were all immensely impressed by Dr. Fairbairn's address.

Sir William Mulock, Canon Cody, Sir Robert Falconer, D. B. MacDonald and Dean Mitchell were all very eloquent. Each one in his turn received an enormous ovation, and it was with no little pride that we were able to present these well-known men to our students.

The toasts to the King and the University were proposed and responded to in smart delightful manner, and the whole programme ran so smoothly that the Dinner was over before one could realize it. The success of our Dinner this year was undoubtedly due to the earnest efforts of several of the staff who are too modest to have their names mentioned and to the Committee whose only thought of payment was the Dinner's success.

We, who are leaving, pass on to you this great affair. We know you will carry on and make it an even greater success in 1933. Good luck!

Special mention must be made here of the wonderful way in which Mr. Ross Workman helped in putting the good old songs across and to the decorations' committee who certainly outdid themselves in making the Great Hall a compliment to Dr. Fairbairn.

School Nite

AGAIN the big event of the year—"School Nite"—ran out into the arena to provide its annual offering of fun to more than fifteen hundred people, composed of Schoolmen, their ladies and guests.

Friday, the thirteenth of January was the date fixed by the Schoolmen for their annual informal stunt night.

Defying all superstitions attached to Fridays and Thirteens, and confident of applying the well learned principles in which Schoolmen are steeped, the committee with the backing of a faculty strong in support, laid plans to make this the greatest "School Nite" since its instigation some ten years ago.

A capacity crowd, reaching the permissible limit, as governed by Hart House, applied the well-known impact loads to the staunch timbers of the University's popular gathering place.

Believing that newness of design was necessary, a method differing slightly from that of former years was adopted for displaying the theatrical talents of our energetic actors. The "big gym" was our theatre, and the showing place of a new and "Stupendous Revue". Music, singing, dancing, gymnastics, comedy and tragedy were the offerings displayed to the expectant audience, during the two performances staged.

To relieve the overflow from the revue, there was dancing in the East Common Room and the Reading Room from 9 p.m. until 1 a.m.

Aquatic events in the colourful pool attracted many of those present and provided a keenly contested water polo game, the tension of which was relieved by an exhibition of fancy diving.

Supper was served in the Great Hall from 10:30 p.m. to 12 o'clock, and judging from reports, the larder of the House was taxed to its capacity.

The Chemical Club, mindful of our persistent thirsts, dispensed refreshments through a varied apparatus to those who could find time to force their way to the booth.

From 11 p.m. to 1 a.m. the large crowd danced to the delightful music supplied by Cliff Young's orchestra, in the "Big Gym.".

School Nite this year was under the distinguished patronage of—Mrs. C. H. Mitchell; Mrs. C. R. Young; Mrs. J. W. Bain and Mrs. E. A. Allcut.

Much of our success was due to the considerate help of Mr. Bickersteth, Warden of Hart House and his very efficient staff.

May I conclude by hoping that the following years will see even greater "School Nites", the "Nite" of nights, a party long to be remembered by every true Schoolman.

The Student Christian Association, U. of T.

THE Student Christian Association of the University of Toronto is the local organization of the Student Christian Movement of Canada. It is a fellowship of students based on the conviction that in Jesus Christ are found the supreme revelation of God and the means to a full realization of life. It seeks through study, prayer and practice to understand and follow Jesus Christ and to unite in its fellowship all students who share, and all who desire to test, the conviction on which it is based.

There are fifteen local units of the Association in the Colleges and Faculties of the University: nine of these are for men, and are linked together by the Men's Cabinet; six are for women, and are linked together by the Women's Council. The Cabinet and Council are linked in a common Advisory Board.

The activities through which the Association seeks to achieve its purpose include study and discussion groups, lectures and addresses, conferences, services of prayer and worship, and various forms of social service.

Through its affiliation with the Student Christian Movement of Canada, the Association is affiliated also with the World Student Christian Federation.

LITERARY AND DEBATES COMMITTEE

Literary and Debates Committee of the S. A. C.

THE Literary and Debates Committee of the Students' Administrative Council has been quite active during the past year. Sponsored by the National Federation of Canadian University Students, a debating team consisting of Hector MacNeill of Glasgow University and Ivor B. Jones of University College, Wales, visited Toronto in November. This Committee co-operated with the Hart House Debates Committee and arranged that the event should be held as a regular Hart House Debate. The subject was: "Resolved that this house approves of the efforts to make the British Empire an active economic unit". On this auspicious occasion women were permitted to sit in the Gallery of the House. N. H. Shaw and S. M. Hermant were the Toronto representatives, and they divided with the British team.

This committee chose Miss Isabel Jordan as their representative on a team that debated in the Maritimes Universities under the auspices of the National Federation of Canadian University Students this spring. A return team consisting of Miss Margaret Leonard of Acadia and Miss Elizabeth March of Dalhousie debated with the University of Toronto representatives, Miss Margot Thompson and Miss Margaret Farmer in Trinity College Library on February 13. Their debate was on the question, "Resolved, that radio broadcasting does more harm than good".

In the field of Intercollegiate Debating the committee sent a team to McGill consisting of A. M. Hermant and S. H. S. Hughes. The team divided on the motion, "Resolved, that Canada is in immediate need of a new policy based on the principles of the Liberal Party".

Women's Undergraduate Debating Union

EXECUTIVE 1932-33

President	Isabel M. Jordan, U.C.
Vice-president	Elinor Burrowes, Victoria
Treasurer	Marguerite Hayes, St. Michael's
Secretary	Kay Britton, Trinity
Representatives	Nora Bowers, Helen McKee, U.C.
Advisor	Miss A. E. M. Parkes

THE Women's Undergraduate Debating Union had an active year in Intercollegiate debating. The women's team was composed of Dorothea Cain, Caroline Hamel and Ann Quinlan, all of St. Michael's and Dorothy Walker of University College. Miss Cain and Miss Hamel went to McGill in December to oppose the resolution upholding government censorship of the movies. Miss Quinlan and Miss Walker met a McGill team the same night at Toronto and upheld the same resolution. The debate was for the Women's Intercollegiate Union cup representing the championship of Ontario and Quebec. The Toronto team was composed of four women who had not taken part in intercollegiate debates before, and Toronto lost in both places, but the team should be able to do better next year, at least two of the members will be at college.

In February the National Federation of Canadian University Students fostered an experiment in women's debating and sent two women's teams on tour. Isabel Jordan of Toronto and Margery Rean of Western university made up an Ontario team that toured the Maritimes, debating in Acadia university, Wolfville, Dalhousie, Halifax, Mount Allison University, Sackville and the University of New Brunswick, Fredericton. The Ontario team won three out of four debates, losing only at Mount Allison University. A Maritime team, composed of Miss Betty March, Dalhousie and Miss Margaret Leonard, Acadia debated at Toronto, Western and McGill and were successful in all three debates. Toronto was represented at home by Margaret Farmer of Trinity College and Margot Thompson of Trinity who replaced Loetetia Wilson also of Trinity who was unable to debate. The touring teams debated two resolutions; Resolved that Canada is overgoverned and that radio broadcasting has done more harm than good.

Owing to the expense involved there was no interfaculty debating this last year, but Miss Helen McKee and Miss Isabel Jordan debated at a joint meeting of the Men's Literary and Athletic Society and the Women's Undergraduate Association against Mr. Eisener Beamish and Mr. Sidney Hermant the resolution that our college years have been wasted.

The Mathematical and Physical Society

HOT dogs, doughnuts, apples, yells, initiation—that is the Freshman Hike of the Mathematical and Physical Society. Then the regular meetings start, being held on alternate Thursdays in the McLennan Laboratory, wherein the embryo physicist or mathematician, after tea and biscuits, laps up scientific knowledge that varies from "The Solar Eclipse" to "The Sour Taste of Acids".

In November the Society gives its At-Home, a delightful dance at which the members prove that on donning evening dress, they forget labs, slide-rules, etc., and remember only, "that last waltz with you". Even the professors are there!

Before this event is forgotten, the Skating Party is held. If the weatherman is unkind, there is an informal gathering at the Women's Union where, amid the usual laughter and dancing, we reiterate that M. and P. parties are THE best on the campus.

The Open Meeting in March gives our friends an opportunity to see our clever skits and to enjoy themselves à la M. and P. Shortly after, is held the Annual meeting with the excitement of elections and the pleasure of an address by Dean DeLury. Then in May, with all exams over, the year culminates in the Spring Hike.

Honour Science Club

WHEN is the next Honour Science Club Party? This question is continually being asked of the above handsome (?) group by those taking Honour Science courses who know just how much fun an Honour Science Club party is.

Just come out on a fine, moonlit October night and you'll see what a huge kick everyone gets out of being plebeian, and how thoroughly everyone enjoys a hot dog when there's a blazing fire in front to keep him warm . . . we won't guarantee how the back feels . . . but it's fun anyway.

About every month the word goes round that there's to be an Honour Science Club dance or a "members party at the Union". It's a splendid opportunity to meet your fellow worker away from the routine of "labs" when you can get to know *him* or *her* socially. So lets have everyone at the next Honour Science Club function. You won't regret it!!!

Newman Club

NEWMAN Club, a club for Catholic Students, both men and women in attendance at institutions of higher education in the city, was founded by His Grace Archbishop McNeil, D.D. to provide for their spiritual, intellectual and social needs. Its existence embodies an ideal which is successfully fulfilled in Canadian and American Universities by the Federation of College Catholic Clubs, an organization of which Toronto Newman Club is an active member.

The steady growth of the Club in its activity and membership has fully justified the belief of its founders. Years of effort by successive executives backed up by the unflagging enthusiasm of its Paulist Chaplains and the generous interest of those prominent in the Catholic life of this province, is represented in the present spacious club-house and the beautiful Chapel of Gothic Architecture.

To the many who graduate this year the halls of Newman Club will ever remain dear. Theirs will be the memory of many happy hours spent at the teas, dances, smokers and other soirées held at the Club. Their spiritual life has been well directed by a resident chaplain, through the frequent religious exercises around which all activities of the club are centred.

This year the club has enjoyed one of its best and most successful years. The large and enthusiastic membership has ensured the success of every undertaking.

German Study Club

THE German Study Club welcomes members of the faculty and students from all colleges who are either studying German at the present time or, having some knowledge of the language, are interested in the activities of the Club. A certain number of Germans living in Toronto are invited to become members.

The Club aims to promote an interest in German culture among Canadian students and also to further among them an appreciative understanding of the German people and their national life. The programmes of the monthly meetings are therefore planned with this aim in view. At the majority of meetings there is a lecture delivered in German on some subject in German literature, music or art. Frequently the members of the Club have an opportunity of hearing German music rendered by the best local talent. Informality always characterizes the end of the evening and this year the singing of German folk and student songs has proved very popular. The social hour is valuable for the student wishing to improve his conversational German.

Italian-Spanish Club

IN 1925 the Italian-Spanish Club was formed. Its aim is to impart a better knowledge of Italy and Spain by acquainting the members with the arts, music and culture of these two countries, and thus to foster a "bonne entente" between Canada and these Old World civilizations.

No small amount of the success and growing importance of the Club is due to the enthusiasm and untiring efforts of Cav. Emilio Goggio and Dr. Juan Cano. Through them the members are privileged to hear educational talks, from time to time, on Italy and Spain, and to enjoy musical programmes from some of Toronto's outstanding artists. The presence of native Italians and Spaniards as members is an important and valuable addition to the Club. Without these people something of the atmosphere, so delightful for all, would be lost.

At the end of each meeting refreshments are served, and the members have an opportunity to converse in Italian and Spanish. These informal gatherings give the members a chance to practise their ability in speaking these languages, and to realize how increasingly important they are growing from year to year.

Each year the Club presents one play in Spanish and one in Italian, both of which are always well received. The efficient co-operation of staff and students, to which the play gives rise, is not the least of the Club's achievements.

U. of T. Students' Band

PRESIDENT: J. R. GAMMAGE, SECRETARY: N. J. S. HOYLES,
DRUM MAJOR: H. B. Knap.

THE Varsity Band celebrates the third birthday of its re-organization. The achievements of the past season have even surpassed the eventful record of last year with the result that the band now seems assured of a place among the university's permanent organizations.

As the term opened about seventy men made application for membership. Within ten days under the direction of Capt. Slatter they were sorted and moulded into the Varsity Band fifty strong. The usual handicap of inexperienced men was considerably alleviated by a large nucleus of former members who were acquainted with the marching formations.

The major function of the band's activities is, of course, its attendance at the Senior Intercollegiate Rugby games. All six contests witnessed the performances of the Blue and White musicians. The final trip to Montreal was made possible through the thoughtfulness and generosity of the president of the university. On this occasion the bands of the two universities combined forces to perform a rather intricate field movement that was much appreciated by the McGill rugby fans. The Toronto supporters were equally enthused with a re-enactment when Queen's visited the Varsity Stadium a week later. At the conclusion of this game the band led a student parade through the streets of the city proclaiming in no uncertain terms a glorious victory. The extremely cold weather on the day of the Tiger game made playing very difficult but failed to hinder the appearance of the men in Blue and White.

The martial airs of the rugby field were now laid aside in preparation for the annual concert. On the evening of February 22nd in Convocation Hall a programme of concert music was presented to the students. A unique feature of the occasion was the presence of Dr. C. E. Silcox, author of words of the University song and Mr. C. E. Bush, composer of the music. After being introduced to the students by Dr. Cody, Mr. Bush conducted the band while the entire assembly pealed forth the strains of 'The Blue and White'.

Within a few days the season's activities of the Varsity Band were brought to a close with a banquet in Hart House. With a glow of pardonable pride the bandsmen received the congratulations of the president of the university as he reviewed the value of the services which this organization from the 'men of every faculty' had rendered to the university.

The members of the band have been much encouraged this year by the support accorded them by the student body and particularly by the Students' Administrative Council. An equally successful achievement is in prospect for the coming season.

THE EXECUTIVE OF THE LAW CLUB OF
THE UNIVERSITY OF TORONTO 1932-33

R. G. Burrows '36 (Class of '36 Rep.), N. M. Pivnick '35 (Asst. Secretary-Treasurer).
R. Muir '34 (Sec.-Treasurer), F. R. Hume '33 (President), J. K. Blair '34 (Vice-President).

The Law Club of the University of Toronto

ALTHOUGH one of the youngest clubs in the University of Toronto, the Law Club has become a very active association, bringing monthly addresses on subjects of juristic and legal interest to its members, who are composed of those enrolled in the Honour Course in Law, the graduates of this course and members in the graduate school for graduate work in law.

The Law Club was formed in December, 1930, through the combined efforts of certain undergraduates and the faculty in the Law Course. The meetings are designed to supplement the regular work of the course and the large attendance together with the interest manifested have made the meetings a distinct success.

The Executive wishes to express through this medium their appreciation of the help received from our Hon. President, Hon. N. W. Rowell, K.C., who has addressed the Club on two occasions, and of the co-operation received from the faculty of the Department of Law, who have helped procure the speakers.

Among the outstanding speakers who have addressed the Club during the last year have been Mr. Justice Sedgewick; Mr. J. S. Woodsworth, M.P. Winnipeg North Centre; Dean Falconbridge, K.C. of Osgoode Hall; Prof. Balogh, Secretary-Treasurer of the Academy of Comparative Law, the Hague; Dr. Armour, the noted Alienist; and others.

Since one of the aims of the Law Club is to bridge the gap between those at the University and those actually practising law or registered at Osgoode Hall, graduates of the Law Course are urged to take advantage of their privilege of becoming members.

Toronto Intercollegiate Christian Union

THE T.I.C.C.U. affords to students an opportunity of coming together for prayer and Bible study, of becoming more intimately acquainted with our Saviour, Jesus Christ, and of having in Him that "fellowship one with another" which underlies all effective Christian service. We believe that God has a very definite plan for each of us, and that only as we surrender to His will and listen for His direction, can we attain fulness of life, either in university or in the larger world beyond.

The Toronto Intercollegiate Christian Union was formed in 1928 representing the nucleus of the Inter-Varsity Christian Fellowship—a group of unions similar to the T.I.C.C.U.—which was organized in the following year. The I.V.C.F. maintains close touch with the League of Evangelical Students—a similar union established among the universities of the United States. The Inter-Varsity Fellowship of Evangelical Unions in the British Isles is the oldest union of this kind.

The activities of the local union comprise a weekly discussion group, a noon-day half-hour prayer group and occasional meetings addressed by special speakers.

The members of the T.I.C.C.U. extend an invitation to those who acknowledge the Lord Jesus Christ as Saviour to join them; and to everyone an invitation to "come and see" what the Saviour means to the members of the group.

The English and History Club

IN THE autumn semester of the academic year 1930-31, the English and History Club of the University of Toronto was formed for the avowed purpose of promoting "a further social and intellectual contact between the students of English and History in the University of Toronto." Membership in the organization, according to the terms of its constitution, is open to all students, graduate and undergraduate, of the courses in English and History, Philosophy (English or History Option), and Modern History, and to professors of these subjects. The provision is also made that students of other courses, upon due submission of an application to the Executive, may, at the discretion of that body, be admitted to full privileges of association.

In conclusion and by way of valedictory, the graduating members of this year's Executive embrace this opportunity of thanking all those who did so much to make the year such a fruitful one for the Club; particularly do they wish to acknowledge the courtesy of those deans of residence whose hospitality the club has enjoyed from time to time and the splendid co-operation of those members of the faculty and of those other guest-speakers who contributed so much to the value of the 1932-33 meetings of the English and History Club.

The French Society of University College

DURING the term 1932-1933 the French Society of University College has had quite a successful year. The meetings, which are conducted entirely in French, have been held once a month, with varied programs. There have been speakers, one-act plays, and musical programs—the latter have ranged from a general singing of French songs to a concert by the newly-formed University String Quartet. At one of the meetings the President, Mr. Stanley Ryerson, who recently returned from spending a year in France, gave a very timely talk on France and the Soviet Union. The social half-hour after the meetings, with refreshments, has as always been very popular.

A new financial policy has been instituted, whereby members holding membership cards may have tickets to the play given in Hart House Theatre at half-price—which has stimulated the sale of both membership cards and tickets to the play. This year the play which is being presented is "Le Monde ou l'on s'ennuie", by Edouard Pailleron, and it is under the able direction of members of the French staff of the College. There is every indication that it should be quite as successful a production as that of last year.

For the remaining meetings, there are plans for having more music, a talk on French art, and the annual recitation contest, at the last meeting in March, which brings the year to a close. When everybody goes to examinations, then, it is hoped that they feel a little more stimulated with regard to French than they would have without the French Society.

Victoria College Debating Parliament

THOUGH not old enough to be one of the essential Victoria traditions, the Victoria College Debating Parliament has shown itself worthy of a recognized position among the societies of the College.

Instituted by the class of '31 the society has survived successfully the current depression, and now an increased attendance indicates a growing interest in its existence. The policy of the society, as outlined in the speech from the throne at the formal opening of Parliament, was to give opportunity to each member of the house to debate on any current topic. The co-operation of the junior years was particularly requested.

The five meetings of the Parliament during the year have given use to exploitations ranging from a proletarian pursuance of Representative democracy in Canada, to a risqué ramble through a co-educational residence. Those debating up to the present date included Misses Phyllis Foreman, Pauline Mills, Esther Freeland, Lois Hampson and Messrs. Norman Knight, Bill Grant, Bill Conklin and Cecil Wilson.

And for the future, "Spem successus alit".

Victoria College Music Club

NO ONE who was an active member of the Victoria College Music Club will ever forget the sensations that they experienced during the production of "H.M.S. Pinafore"—the fun of the noon hour practices in Alumni Hall with Mr. Crawford imitating the wheezing efforts of timid sopranos or the bawling throatiness of husky bassos; the energetic rehearsals with maidens "gaily tripping", and the sailor-men rendering a stiff-legged horn-pipe; the gaiety of the Conservatory parties with Paul Joneses and rye Waltzes; the excitement of the never-ending dress rehearsal when the principals forgot their parts and the chorus sang "damme" in the wrong place and the final thrill of the performances with all the glamour of backstage—costumes and cosmetics and hoarse whispers to "pipe down, the curtain's up!" and that uncertain feeling that accompanies the glare of footlights and the satisfaction of a good work well done.

"Pinafore" was a blazing success, and we're already wondering what the big attraction will be next year—see you there!

Victoria College French Club

IN THE arrangement of the programs of the French Club this year, the aims of the society have been kept well in mind. While fluency may not be a marked characteristic of most of the conversational efforts, yet those who attended the meetings could not fail to gain a definite appreciation of "things French". This year's activities have been, for the most part, quite informal—charades, sing-songs, the presentation of a number of plays; these have all played their part in maintaining the atmosphere of friendly informality. The plays, directed by Mlle. Riese have offered, to all those who wished to avail themselves of it, an opportunity of gaining the experience and having the fun of play-acting in French.

The club has appreciated especially those parts of the program devoted to music. Mr. Norris Frye gave a sketch of the development of French music, pointing out the way in which it reflected the French mentality, and illustrating at the piano. Artists on other programs were Miss Jean Evans and Professor Lasserre, the honorary president.

Very interesting speakers were secured for other meetings. Mr. Ryerson of University College spoke on "La Jeunesse du Vieux-Pays"; Mr. Arthur Lismer gave a talk on French art which he illustrated with slides; Mlle. Riese gave a number of readings from French authors.

"Pleasant and profitable" may be a tame and terribly hackneyed phrase, but it really describes very accurately the club activities for the year.

Trinity Science Club

UNDAUNTED by depressions, and more or less unaffected by world crises, the Trinity College Science Club has enjoyed a successful year, marked by a decided revival of interest.

The object of the Club, to quote the Constitution, is to "facilitate the exchange of ideas among members of College who are interested in Science, either generally or particularly". This laudable aim is carried out through the medium of fortnightly meetings held in the rooms of the various members in turn. Each meeting is given its special significance by a speech along scientific lines from either a member or an outside speaker. The inner man is sustained by refreshments, and intellectual impetus is supplied by live discussions, full of interest, if not of relevance, for these are informal and range all the way from the mundane to the æsthetic. Leading these discussions we are fortunate in having as Honourary President, Prof. A. F. Coventry, whose breadth of outlook and wise tolerance combine to provide stimulus, and dispel the natural diffidence of undergraduate members.

Besides these so-called general meetings, the Club entertains such members of College as may desire to attend at an open meeting, held this year on February sixteenth. At this meeting, an address of general interest is given by a man of some repute, and the College as a whole is given an opportunity of learning the significance of the organization. Refreshments and dancing serve to round out a pleasant evening.

The Civil Club

ONCE again signs of spring will soon be appearing and with them the thoughts of impending examinations will come. For some it will mean the ending of four happy years spent in pleasant surroundings and amid congenial acquaintances, while to others it will serve to bring them one step closer to the top.

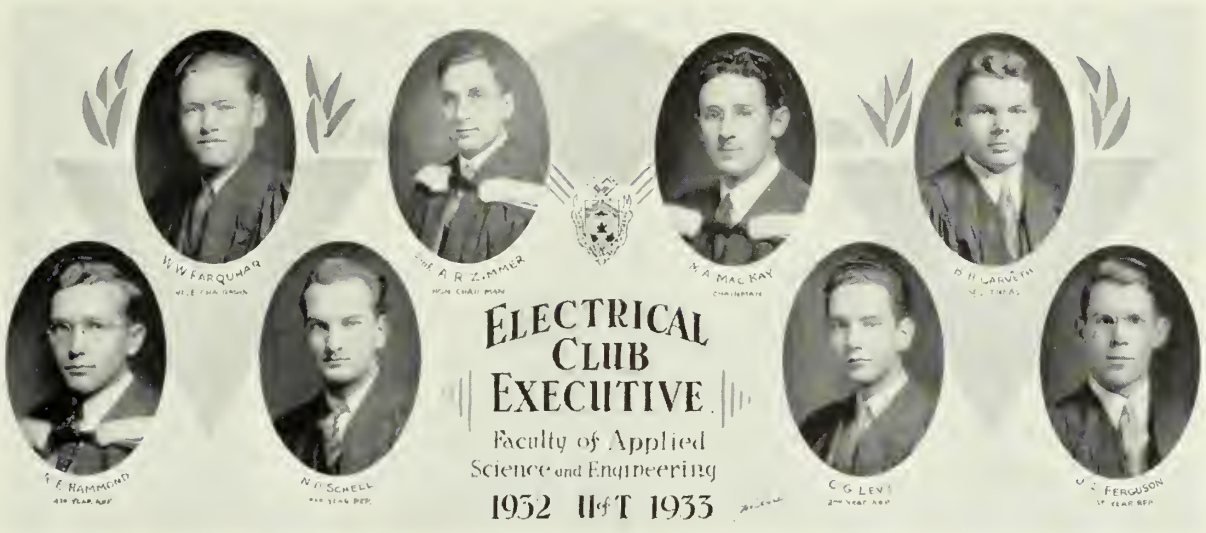

The third and fourth year members of the Civil Club had their annual trip to Windsor this year. Although only a limited number attended, the excursion was a success from an academic point of view. The tunnel between Windsor and Detroit was visited and much interesting information on the ventilation system employed was obtained. The Ambassador Bridge was also inspected and several facts in connection with the erection and special anchorages were told by the guide. It was unfortunate that all could not make the journey as many practical points were learned.

Around the first of December a smoker was held in Hart House, which several attended and thoroughly enjoyed. It was the belief of the executive that the boys could best become acquainted by discussion among themselves, and so no speaker was provided. Professor Treadgold joined in the exchange of views and also reminisced on interesting happenings at Gull Lake.

At present, plans are being made for one of the best dinners the Civil Club has had. A large attendance is expected and, no doubt, it will again be a success as in the past.

The support given the executive both by professors and students this year has been greatly appreciated, and it is hoped that this will continue when the new executive takes office.

In conclusion, it is an ardent wish that everyone may enjoy the fullest measure of success in the forthcoming examinations.

Electrical Club

AS THE session 1932-33 rushes along toward examination time we see another successful year pass by for the Electrical Club. This club, having become a separate organization three years ago, has been striving to give its members that which is connected with their work and not included in the curriculum.

This year, for the first time, the day for club trips has been set aside and one bright spot has disappeared from the various shining lights in our careers. However, as a substitute, the club members held a very enjoyable dance early in the fall term. We have been very fortunate this year in being privileged to hear at our monthly meetings such men as Mr. B. De F. Bayly of the radio department of S.P.S., Mr. J. E. Bateman of the Canadian General Electric Company, and Col. W. A. Steel of the Canadian Radio Braodcasting Commission. Also, for the first time, a dinner was held at the Toronto Engineer's Club. An excellent address was given by Col. Steel, the guest speaker and in all the affair was very enjoyable.

We feel that the Electrical Club is gradually coming to the foreground in S.P.S. activities, and with the same hearty co-operation that has been in evidence in the past we are confident that the Club will soon reach the top of the ladder.

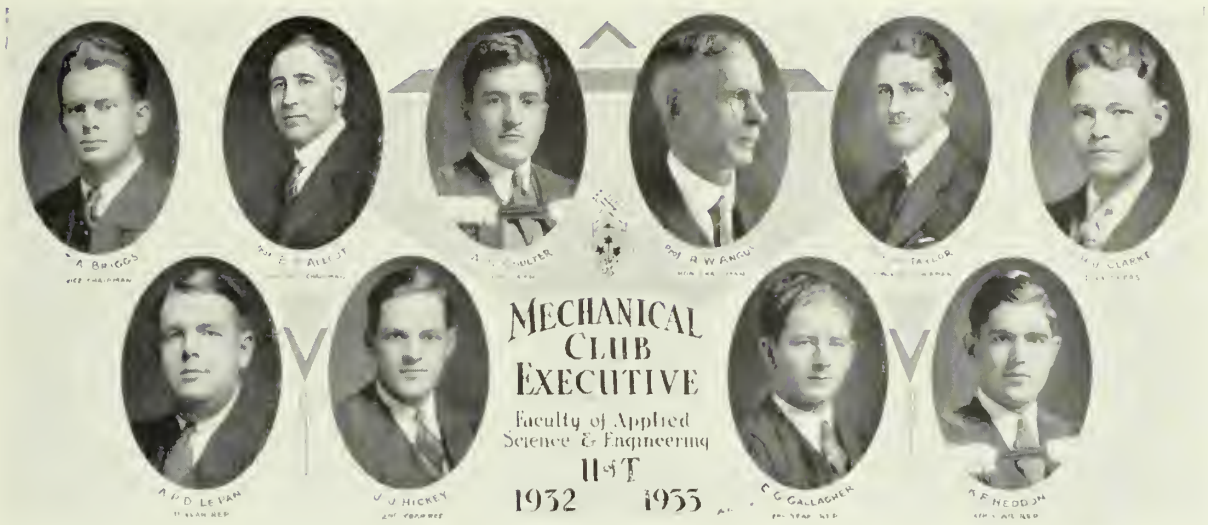

The S.P.S. Debating Club

THERE seems a specious gulf between the ways of the Engineer and the field of eloquence. The year completed, another page is turned in the history of the efforts of this Club toward bridging this gap. There are times when this high purpose seems doomed to a discouraged end. Nevertheless, the vigorous support of the few Schoolmen and the commendation of the profession outside, furnishes hope for a more thriving future.

School debating has always differed materially in character from the form generally followed in the University. Here, as in all things, reigns the great god "Use". There is no oratory for oratory's sake. Nothing is done but with a definite utilitarian purpose. To realize, then, the practical value of this ability to speak is perhaps the first object of this Club.

A series of Inter-year Debates, discussion groups, an oratorical contest and a dinner comprise the activities of the year. Sincere gratitude is expressed to those members of the Faculty and the students whose support contributed effectively to the success of the year's work.

The Mechanical Club

THE Mechanical Club, as a separate club of Undergraduate Mechanical Engineers had its beginning about five years ago. Its purpose is and has been to promote social and intellectual comradeship among the mechanical engineering students of this University, and to give the students a chance to meet and listen to some of the men who are engaged in their chosen profession.

Unfortunately the club's annual visit to some out of town plant was cut out this year, however the fourth year Mechanicals paid a visit to the vast power developments along the banks of the Niagara River.

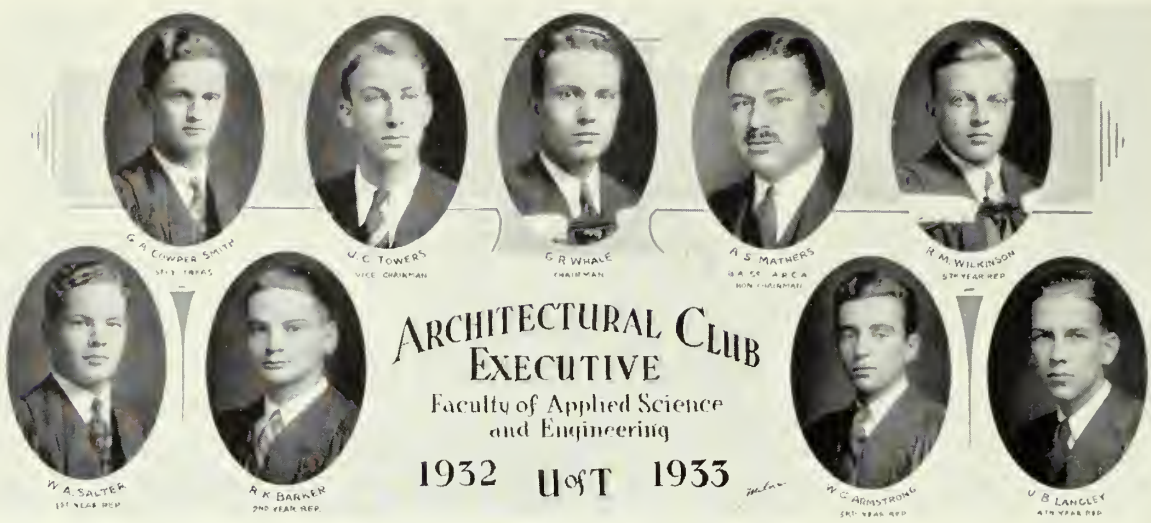

The club's real activities began in November when a smoker was held at Hart House. Instead of the customary speaker, two members of the fourth year, Mr. Charles and Mr. Morris gave short talks on the subject of their thesis, which in addition to providing an interesting evening gave the junior years a chance to see how much or how little the seniors really do know.

Just before Christmas, the club held a supper dance at the Embassy, and the lusty shouts of the joyful merrymakers left no doubt as to their identity.

On Feb. 1, 1933 the first Mechanical Club dinner was held at the Engineers' Club. After enjoying one of the best meals of the school year, and after watching and listening to the clever tricks and snappy chatter of "Toronto's gay Magician" the club was treated to a brief but exceedingly interesting talk by Mr. F. W. Paulin of Hamilton, and a graduate of '07.

Early in March came the closing function of the year, and the cessation of all activities, since another year had passed.

Although the year's activities had to be somewhat curtailed owing to the widespread financial depression, it was generally voted that the Mechanical Club had one of the most successful years in its history—the result of the excellent co-operation of the executive and members.

The Architectural Club, 1932-33

THOUGH strictly not a function of the club, I feel that the sketching trip to Gull Lake and its results should be mentioned here.

This trip, starts the year for those in Architecture, with the exception of the Freshmen. The weather at Gull Lake this fall was particularly bad for outdoor work, but even so the best results that have been produced by the students were brought forward this year. An exhibition of their work was held in the Engineering building in October and was very largely attended by an appreciative crowd.

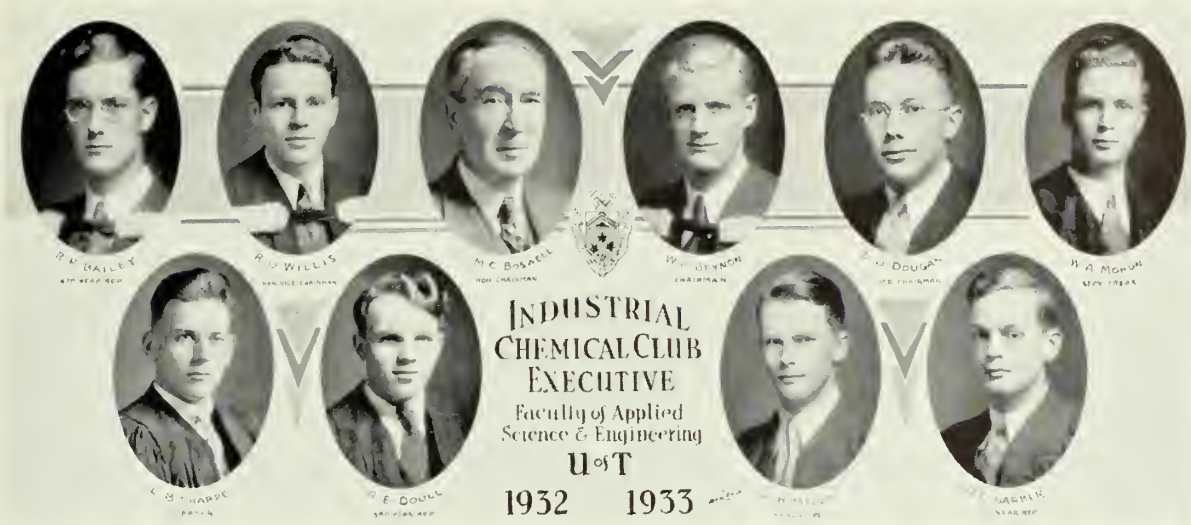

The opening meeting of the club was in the form of a dinner at the Royal York. Mr. A. S. Mathers, our honorary chairman, gave a talk on the existing conditions of Architectural design. The Freshmen and Freshettes were formally introduced to the older members of the club, and they put things over with a bang in their several skits.

In December, Mr. John M. Lyle gave us a very interesting address on Canadian decoration and details which he has designed and used on his many buildings.

On February 15th the club held forth at the Grange, during the Biennial exhibition of the Toronto Chapter of the Ontario Association of Architects. On this night a feature was made of student work of the School of Architecture. A goodly number of drawings were hung, and a large crowd attended the exhibition.

Now comes the nite of nites—the club party—that something which everyone was waiting for—except one member of the Fifth Year. The dance was held at Malloney Art Galleries and everyone enjoyed themselves thoroughly. Something new was started this year, a floor show, which proved to be a big success; and as I understand it, next year's party will see the best floor show, bar none, on the continent, sponsored by one of the "staff". The chin-dig proved too much for a couple of the members who left early to spend the rest of the wee hours by the "fireside".

For the term 1933-34, I wish the new executive all possible success and sincerely hope that they may have the whole-hearted support of all members of the Architectural Club.

The Industrial Chemical Club

THE visiting activities of the Club this year were narrowed down to the IV Year, these consisting of a well represented trip to Hamilton and a small group craving the hazards of a weekend excursion to Windsor.

The fall Smoker was quite successful and well attended. The Christmas Banquet, which has become one of the Club's most interesting and enjoyable functions, was the scene of two excellent addresses. Mr. McEwen gave some of the soundest words of advice, to which Dr. Boswell added, presenting the "Old Professor". To those who were fortunate enough to be there, the "Old Professor" will long remain a very real personality.

The Dance, a new Club activity, proved a worthy project, and might well be added to the functions of the Club. It was held at the Embassy Club, and enjoyed by about seventy of our more aesthetic members, particularly some fourth year men at a wall table.

I sincerely trust that the remaining functions will receive at least the support of those up-to-date, and that the executive of next year will enjoy every success.

The Mining and Metallurgical Club

A MOST successful year of interesting activities and pleasurable events was experienced by the Club.

"The Proving and Enlightening of Sweet Innocence" summed up the hilarious reception to the freshmen, capably and admirably carried out by the sturdy men of second year.

A good turn-out on a storm night attended the first Club dinner and heard a fine discourse on "Silicosis" by our Honorary Chairman, Mr. G. C. Bateman, Secretary of the Ontario Mining Association. The second dinner evening was the best attended in recent years, and Mr. J. Y. Murdock, President of Noranda, gave a fascinating talk on "Noranda, and Its Early Days". At the final dinner, Mr. Fraser Reid, general manager of Howey Gold Mines, delivered an interesting address before a large group on "Low Costs at Howey". An added feature on that occasion was the presentation to Professor Haultain by the students, marking the twenty-fifth year of his official connection with the department of Mining Engineering and the University.

The social side of the Club's activities was well looked after by two functions. The first was the annual tea-dance kindly given to the Club members by the Association of Women of the Mining Industry. Numerous leaders in the Mining game were present, including the Hon. Chas. McCrae, Minister of Mines for Ontario. The second function was an informal supper dance held at the Savarin Restaurant; this was a new departure for the Club and it was thoroughly enjoyed.

This year the Club has upheld its active and vigorous record of the past. Credit is due to the student members for their loyal support and to the executive for their work and co-operation. Particularly is credit due Mr. Bateman, who was unstinting of time and interest in his paternal guidance of Club affairs. All dinners were held at the Engineers' Club, whose facilities were kindly made available to us; at each dinner, a number of down-town mining men were present, and contributed largely to the interest of those functions.

WYCLIFFE COLLEGE STUDENTS' CHRISTIAN ASSOCIATION
EXECUTIVE 1932-33

JOHN MCKIBBIN (Secretary-Treasurer), CUTHBERT MACLEAN (President), W. GERALD BURCH (Vice-President).

Wycliffe College Students' Christian Association

THE constitutional basis of the Wycliffe College Students' Christian Association is as follows:

(I) To deepen the corporate and individual spiritual life of the students.

(II) To maintain living contact with missionary movements throughout the world.

(III) To co-operate with Christian organizations working among the students of the University.

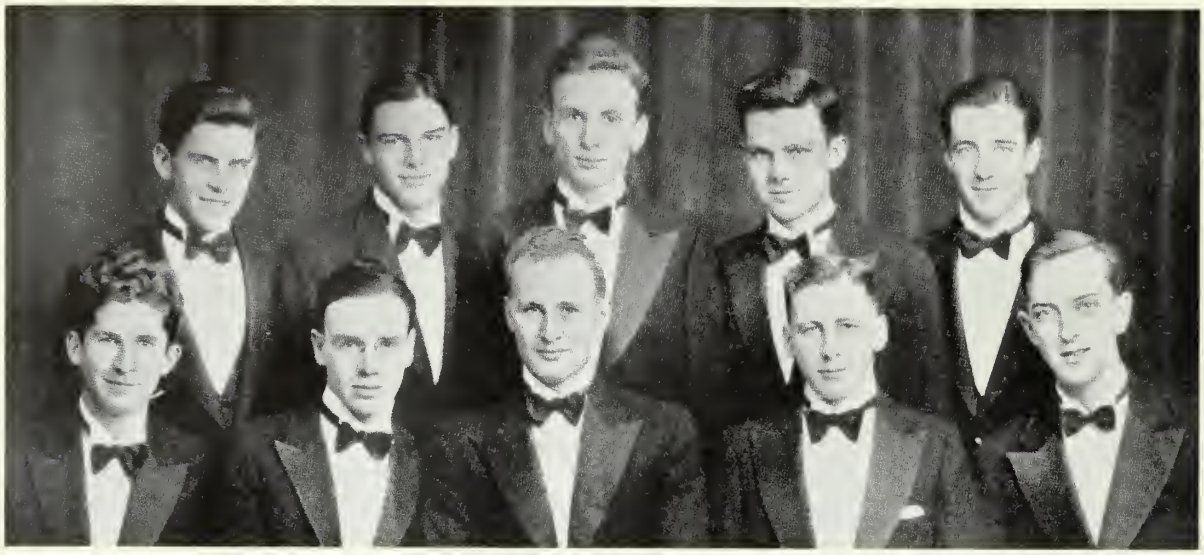

The weekly devotional periods are still the principal means of accomplishing our first aim as outlined above. Again this year the informal communal aspect was emphasized, with a consequent sustaining of the quality of the meetings.

Also in this direction, a new experiment was tried in the form of a series of lecture-discussion groups dealing with various aspects of the thought of to-day in relation to Christianity. As far as it went this was a successful venture.

The missionary side of our activity took the form of a weekly study-group led by the Rev. L. A. Dixon who is a missionary graduate of the College. A series of ten interesting discussion periods afforded a detailed review of the problems and accomplishments of Christian Missions in the present day.

As an integral part of the University Organization, our Association has assisted in the formation of study-groups on the Campus, and in arranging for several joint meetings. Some help was given in the S.C.A. clothing campaign in the Fall and a little work done in two of the city hostels.

The Executive wishes to thank all those who supported them in their various undertakings during the year.

Victoria College Bob

THE Bob of 1932 was particularly interesting as the sixtieth annual, the Diamond Jubilee of Victoria's most distinctive function. For sixty years the Bob committees have maintained an atmosphere of tense excitement on the Vic campus for the most colorful two weeks of the term, culminating in the show which formally baptizes the Freshman into the life of the college.

It was obvious even to a prejudiced observer that the Diamond Jubilee Bob was quite up to standard this year, its director proving as capable as the college could wish. From the standpoint of the ordinary observer, there is always something magical about the working of the Bob, suddenly raised up as it seems out of nowhere and set down on the stage, running without a hitch after a hurried two weeks' work.

In this sixty years Victoria has grown from a small theological college into a big university, and the Bob has grown with it. It is laboring under the difficulties of its growing pains to some extent—the faculty scene no longer goes home to everyone, many of the jokes on the freshmen are hardly obvious to anyone out of residence. However, we are promised an investigation this year, and if it materializes there should emerge from thence a newer type of show which is more adaptable to the still steadily growing college. The north-east corner of the campus may therefore continue less hampered by traditions to produce its one peculiar and characteristic entertainment which is never forgotten by an alumnus, the Victoria College Bob.

East House, University of Toronto, 1932-33

UNDER the genial guidance of our new Housemaster, Dr. E. T. Waters, we welcomed the noisiest group of frosh since the post-war days. One by one they were led through the mysterious rites which made them members of EAST HOUSE. (As usual the courtesy of the annual Christmas Bath at three A.M. was extended this year.)

For the first time in history we were honoured by a visit from the fair maidens of Hutton House at the witching hour of midnight. Ping pong swept the house by storm at the close of the rugby season, ending in a barrage of wild shots and mutilated spheroids which caused the local Observatory authorities great concern as on several occasions there was abundant evidence of wide spread terrestial disturbances recorded on the Seismograph located in the basement.

On numerous occasions stealthy nocturnal visits were paid to cars, apparently disabled, near the stadium when invaluable assistance was rendered to the distressed (?) motorists.

With the gaunt spectre of examinations hovering over us an ominous silence has pervaded the halls of the House. No longer is the carefree laughter of Varsity's cherubs heard. No longer do the ping pong balls flit about on the Common Room table. The day of reckoning is near at hand . . . . . .

South House, U. of T.

IT IS with mingled pleasure and regret that we find the time drawing near when we must say "au revoir" to South House. To quote from the immortal freshman song written by one of our grads, "our stay in South House groweth ever dear". The spirit of unanimity has prevailed within and without its walls very noticeably and becomes more firmly fixed as time goes on.

The present year has shown that interest is not lacking in sports and with the winning of the annual bed race, a much harder run than in former years, the boys have been striving for the top rung of the ladder and the interhouse athletic shield. The Annual Residence Dance, held this year in the Royal York Roof Garden was a great success even though some of the boys did not have beds or furniture on which to rest their weary bones when they arrived home.

We appreciate especially the kindly interest shown in us and our activities by our true friend, Dr. Hoskin. We feel that without him as House Master, South House could not exist as it does in our thoughts. We regret that illness has again made it necessary for Clyde MacKinnon to temporarily give up his studies here, but we hope to see him back again soon.

Under the able leadership of our president, Bob. Wilkinson, South House has weathered another season, and as we go forth, may we ever continue to uphold its honour and prestige.

North House—U. of T.

THIRTEEN new men entered the house this year to take the place of those who had graduated or who had left the house for other reasons. The sophomores outnumbered the frosh and were quite able to enforce the house regulations. Bridge was the most popular indoor sport and at this Porter Bailey and Hubert Dool should receive honourary mention. Rudy Loos also deserves mention for his success at cards; incidentally his best game was not bridge.

The house extends its congratulations to Jack Dawson who won his first T playing intercollegiate rugby.

Mr. E. B. Hymmen was appointed tutor in the residence this year and so the high academic standard of North House is again assured. If Eddie wasn't in his room it wasn't hard to guess where he was.

The house athletes will have to work hard if we are again to capture the inter-residence shield. Up to date we are a few points behind South House but several events are yet to be run off, and we are trusting in Heaven and a couple of sprinters to win the shield.

University College Men's Residence

"WHO are we?" This is the gist of the first part of our unofficial yell. The reply, again omitting embellishments, is "We're from seventy-three." To most people this reply is not very lucid. But to some thirty men of University College this number has, and always will have, many associations. It is the number of an old house on St. George St., the term time home of a friendly crowd of students. It is a place where many good times are had—at the dances, at house meetings, at the Discussion Club, in singing (?) around the piano. It is a place where (in moments snatched from study) no problem is not dealt with in wordy warfare.

Here one learns, if not to love one's neighbour as oneself, at least to tolerate him; to work despite his raucous voice, to sleep despite his noisy head. Invaluable are the lessons of residence life. Where are they more pleasantly learned than at Seventy-Three?

Middle House, Burwash Hall

MIDDLE House, in common with the other houses of Burwash has gone cosmopolitan this year. No longer can we claim the distinction of having only Vic. undergraduates meandering along our corridors. Among those present this term we have five men from School, two from Osgoode, one each in Pharmacy and Dentistry, and one in the business world, as well as two enterprising males doing Post-Graduate work. But this cosmopolitan tendency only adds to the spirit of the house and our anthem resounds with even more vigour than in past years.

Looking back over the year just gone we find that although the Athletic Trophy for inter-house competition slipped through our fingers into the hands of South House, we more than made up for this loss by annexing the celebrated candelabra symbolic of academic prowess. With a strong personnel we hope to see, not one, but both of these trophies adorning our mantelpiece next fall.

The House Party held on December 2nd, was as usual a huge success. Dinner at six-thirty in Burwash and dancing in Wymilwood were included in the evening's festivities, which were helped along by the second edition of the "Scandal Sheet" (am I blushing), and the Moonlight Serenade on the Wymilwood Terrace. A great deal of credit must go to the committee in charge, Messrs. Clarke, MacLean, Howard, and J. D. Gregory.

Our executive this year consists of our popular "Don" Archie Hare, who also lectures in French, Wilf. Gregory (Pres.) Collin Todd (Treas.) and Bert. Howard (Sec'y.); a fine bunch of chaps who have fully justified our selection.

We might also add that Middle House is fairly well represented on executives around the college and university, and you don't have to take our word for it either.

Needless to say, we are as prominent as ever in social affairs and there is nary a party but at its conclusion several voices are heard rendering (sometimes even murdering) our anthem,

"I Called on a Lady Named Browne."

Knox College Men's Residence

THE Residence of Knox College houses about one hundred men, the majority of whom are church or theological students. A sprinkling from the other faculties serves to leaven the group which presents a very heterogeneous aspect, as may be noted from the picture.

Student government prevails to the fullest extent. Discipline is autonomous in all details so that only on exceptional occasions is there a need for adjustment through the faculty. This makes for a healthy attitude towards residence life. The broadening influences of such a system sweep into the full circle of the student's activities, calling forth the best of his latent qualities as he undertakes to assume executive responsibility. The variety of his fellowships develops a rounded and well-balanced nature and distinguishes him from the student whose acquaintanceship has been more exclusive. In such environment the individual learns to evaluate personality, to tolerate idiosyncrasy, to condone inherent prejudice; and finds on examining his fellow creatures that he is able to pierce the veil of externalities and peep within at the true man.

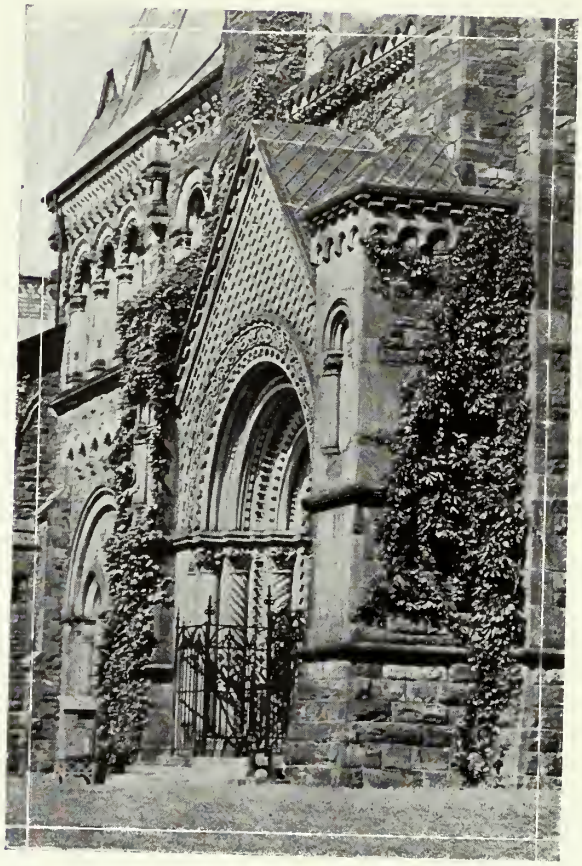

Such a residence life is an enriching experience to young men who are preparing to meet the challenge of the world.

ATHLETICS

To love the game above the prize.

Intercollegiate Athletics

VARSITY'S representatives in Intercollegiate sport in 1932-33 brought new honors to their Alma Mater. Outstanding performances were given by every team which wore the Blue and White. In competition with other universities, the University of Toronto carried off its share of the honors. Eight championships were captured this year which is an enviable record. In all our sporting activities a spirit of keen competition and true sportsmanship upheld the honor and dignity of our university.

The Senior Rugby team won the much-coveted Intercollegiate championship for the first time since 1926. Varsity drew the bye in the play-downs and met Hamilton at the Stadium in the Eastern Canada final. After sixty minutes of superb football the team was forced to accept defeat at the hands of the mighty Tigers.

The Intermediate team won its group but lost in the play-off to O.A.C.

Varsity's Junior team made history by capturing the Canadian Rugby Union championship for the first time since its inception in 1908. Thus climaxing one of the most glorious rugby seasons in Varsity history.

McGill won the Senior Tennis in a play-off with Varsity, but the Intermediate team retained the championship won last year.

The Senior Track was again taken by McGill. The meet was held this year at Toronto and a Varsity man furnished the only record-breaking performance. The Intermediate team bowed to the prowess of the athletes from McMaster.

The Soccer championship was retained this year as were the Rowing and Golf titles.

Varsity's Harrier team was forced to accept defeat from the McGill champions. The Rugger championship remained at McGill for another year.

The Boxing, Wrestling and Fencing team won a splendid victory from McGill and Queens, and the Water-polo team repeated its triumph of last year.

By tying Varsity at Toronto and defeating them in Montreal, McGill took the Intercollegiate hockey title. The University of Montreal was welcomed back this year into the Intercollegiate series.

The Intermediates tied the University of Western Ontario in games won and lost in the Intermediate Hockey, but by taking advantage of an Intercollegiate ruling Western won by virtue of having a one goal margin in the two games between the teams.

The showing of the Juniors in the O.H.A. was disappointing. Only once during the season did they play the hockey they were capable of and in that game they gave the strong Marlboros their first defeat of the season.

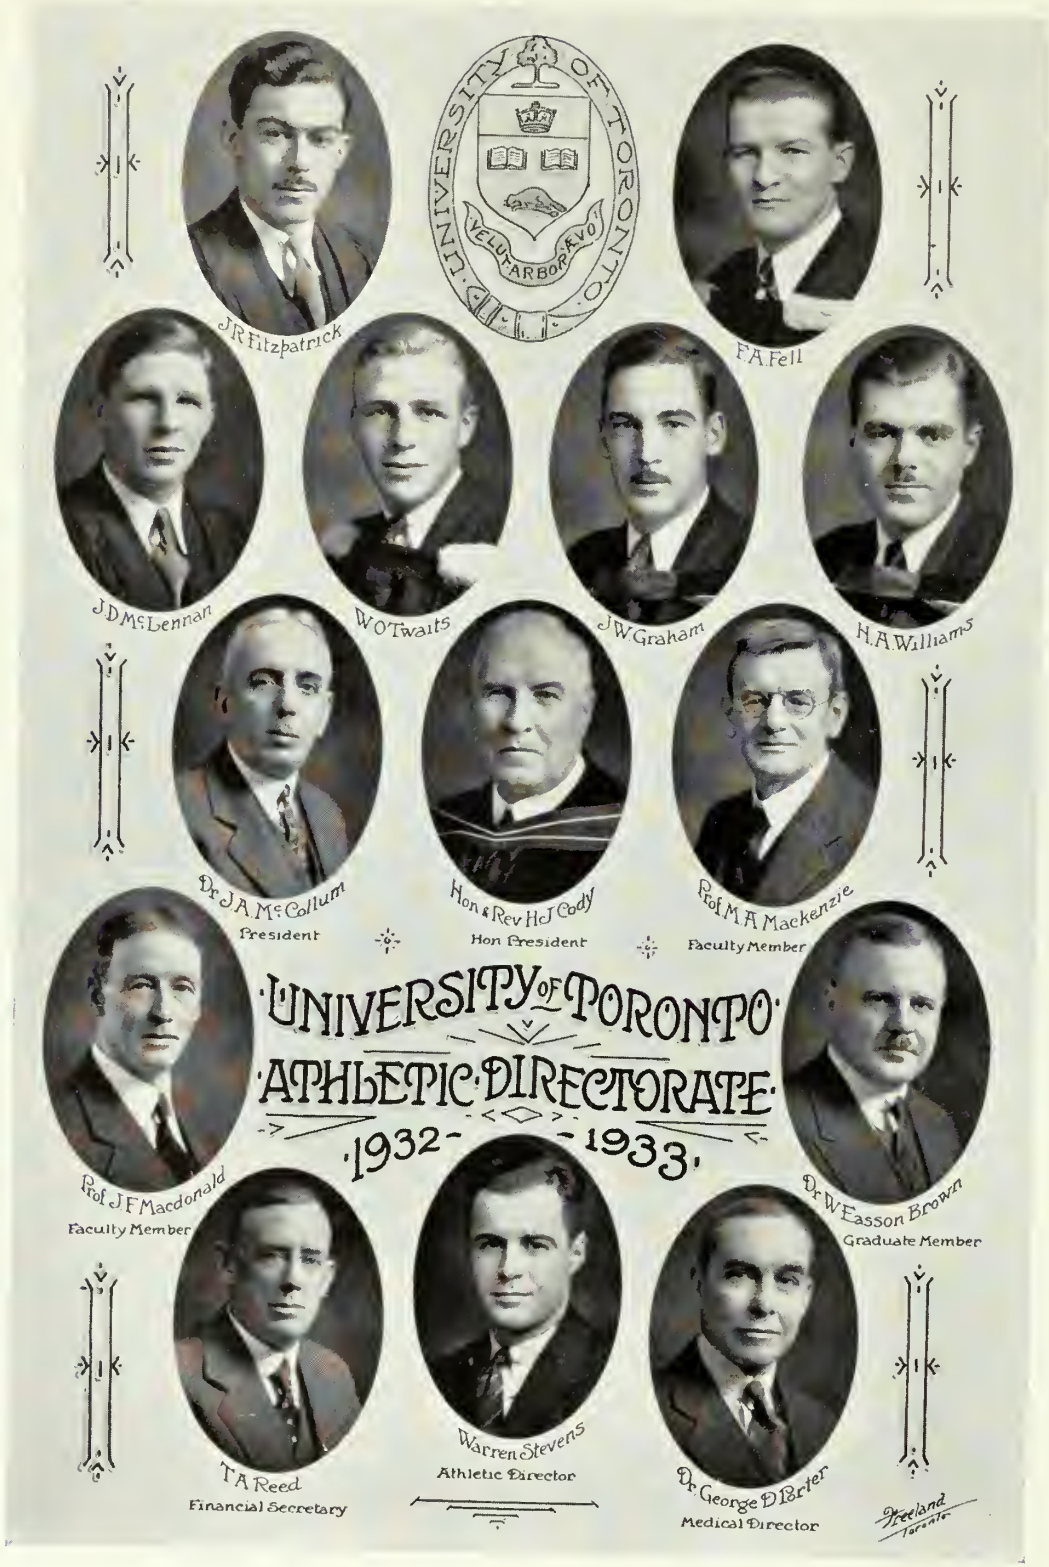

McGill captured the Swimming meet. Their last minute win in the relay wiped out Varsity's lead and gave them a two-point victory in a thrilling duel.

The Gymnasium team brought the championship to Toronto after an absence of six years. Varsity furnished the individual champion and runner-up.

The Senior Basketball team had an extremely successful season. Although losing the Intercollegiate title to McGill, they gave the Redmen their first setback in nineteen games when they defeated them in the final game at Toronto. The team entered the Toronto Basketball League this year for the first time and succeeded in capturing it after a spirited play-off series with St. Michaels.

O.A.C. won the Intermediate Basketball but the Juniors were undefeated in winning the newly-formed Junior Intercollegiate series.

The Athletic Directorate made no mistake in creating the new office of Athletic Director and in appointing Mr. Warren Stevens to that position, the year 1932-33, athletically speaking, was one of the most successful in the history of the University.

Senior Intercollegiate Rugby Team

THE Senior Intercollegiate Rugby Team of 1932, winners of the Senior Intercollegiate Championship and Eastern Dominion Semi-finalists will long be remembered as one of the greatest teams which has ever carried the colours of the Blue and White in quest of rugby honors.

Varsity opened the Intercollegiate Series with Queen's in Kingston on Saturday, October 8. The day was fine and led by Jack Sinclair this year's captain, the blue team amassed a score of 24 points to Queen's 8. The victory was marred by an injury to Captain Sinclair early in the third quarter.

McGill at Varsity the following Saturday was another great day for U. of T. The Team was by now in splendid condition and easily defeated the strong Red machine by a score of 15-6. The Blues were without the services of Jack Sinclair for this game and the two subsequent games with Western.

Western came to Toronto on October 22nd. They proved to be the strongest opposition yet encountered but the Big Blue Team was able to cope with the situation emerging on the long end of a 7-6 score.

The return game with Western was the only blot on the record of the team.

In Montreal the following Saturday with Jack Sinclair again in the line-up the Varsity squad took the field determined to win. Playing in heavy mud the Blue team came back to give a splendid exhibition of football. Sinclair had to leave the game in the first half after some heavy tackling by the McGill outsides. Bruce Fenner took his place and coolly booted over four points to break a tie and give Varsity the game 8-4.

On the following Saturday with the Intercollegiate title safely salted away, Varsity opened up the play and defeated Queens 21-2.

Two weeks later, with a bye into the semi-finals, the Blue Team met Hamilton Tigers on a hard field.

From the kick-off it was evident that it was going to be a struggle between two great teams. The Tiger line which was counted on for big things was useless against the Blue defensive. Time and time again a phalanx of Blue swarmed through to overwhelm the Tiger ball carriers before they even got started. Varsity ends tackled hard and deadly and Jack Sinclair's long hoists more than made up for Frank Turville's superb kicking. The Varsity stalwarts crashed the Tiger line successfully for short gains. The Tiger tanks, Sprague, Reed, Timmins, Small were ineffective against a stubborn Blue defence. Hees, in the centre secondary position for the Blues played a splendid game. At half time the score stood 3-1 for Tigers. In the third quarter Varsity scored a single against the wind. Varsity was travelling at top speed against a tiring Tiger team. Attempting to block a Tiger kick Laing was knocked out by a Tiger player and the Varsity backfield made its only error of the day. Tigers scored a touchdown which was converted by a drop kick. The Varsity team fought hard to the last minute, but were unable to score, Tigers winning the game 9-3.

Junior Intercollegiate Rugby, Dominion Champions, 1932

THE season just passed was the most satisfying in the history of the University's Junior Rugby team. For the first time since the institution of the series in 1908, Varsity won the C.R.U. Junior Championship. And for the eleventh time in twenty-two years the team won the Junior Intercollegiate Title.

Practice started on September twelfth under the able direction of the amiable Lou Carroll, and before long a well drilled squad was ready to take the field.

The first game was played on October 15th against Queens. The Varsity men played well throughout and after the final whistle were on the winning end of a 33 to 1 score.

Two weeks later the Juniors met R.M.C. and defeated them 55 to 0.

On November 12th, the return game with Queens was played on the Back Campus. The results of this game came as quite a shock to the somewhat overconfident Varsity players. They were hard pressed to win 13 to 0. The final game of the group was played against R.M.C. in Kingston and Varsity won 53 to 5.

Thus at the end of the group schedule Varsity was on top with four wins and no losses. Then to the great disappointment of all it was learned that the Eastern group winners were defaulting to the Blue team. Varsity was again holder of the Jimmy Douglas Memorial Cup.

After a weeks lay-off the team was again assembled. Varsity was going into the Dominion Playdowns!

The first game was played in the Stadium on December 3rd, against Malvern Grads. It was hard going all the way and only in the last few minutes when Upper intercepted a pass and carried it over for a touch did the Varsity men feel safe. Final score 7 to 0.

The next game was played against M.A.A.A. juniors on Wednesday afternoon in the Stadium. The field was wet and the ball greasy but by now Varsity felt at home under any conditions. Montreal was downed for a safety touch and Upper kicked two singles in the first period. Again in the dying minutes of the game Varsity intercepted a pass, then a long Coulter to Taylor pass over the goal line and a convert made the game certain. Final score 11 to 0.

The final game was played on Saturday the 10th in the Stadium with mercury well below freezing and a gentle snow falling. Varsity was not used to the cold and fumbled in the first five minutes and Moose Jaw scored a touch. There were twenty-five minutes of hard football until just before the half-time whistle when Coulter on the end of an end run got a touch, tying the score. All through the second half things were very even but Upper was out kicking the westerner. And the final score was 8 to 6.

And now for a year at least the Leader Cup stands in its place in Hart House a silent but impressive tribute to a great team and splendid testimony that Varsity can win Championships.

University of Toronto Intermediate Intercollegiate Rugby Team, 1932

BECAUSE of the University withdrawing from the O.R.F.U. this year the Intermediate team was, for the first time in years, truly the second football team. As a result it can be said without any reflections, that a much better type of rugby, from a Varsity point of view, was played in the Intermediate series.

Although Varsity did not win the Intercollegiate Championship the team made an excellent record. In their own group comprised of Queens, R.M.C. and the University of Ottawa, Varsity scored 141 points against 6. In the play-off Varsity was drawn against O.A.C. The game was played in Guelph under very unfavourable weather conditions and the Blue team came home on the short end of a 35-5 score.

However, this abrupt ending to the team's victorious march, did not change the view of their many loyal supporters, that this year's team was one of the smoothest and best-drilled second teams ever turned out in the blue uniform.

To Harry Bales the coach, goes the greatest credit. He, ably assisted by Lou Hayman, spent countless hours instructing and drilling the players in the science of modern football.

It would be futile to try to pick any one star on the team. Suffice it to say that they all did nobly, and any who are coming back next year are sure to be in the lineup when the first team goes out to defend the Intercollegiate Championship.

Senior Intercollegiate Track, 1932-33

AT THE beginning of the training season it looked to Varsity supporters as if the Varsity Team would again be dependent upon new material, since graduation and scholastic disabilities had claimed such a large number of outstanding athletes. The team that took the field on the day of the meet made a very commendable showing against the almost invincible Redmen.

This year the annual Intercollegiate meet was held here at Varsity Stadium. McGill repeated their display of prowess in the realm of track and field to retain the coveted trophy. The day was clear but cool, with the track in fair condition.

It was unique that the only record breaking feat was accomplished by a Toronto man, "Ronnie" Westheuser, with his team mate Crowley, a good second. This was in the Discus Throw, where a new mark was set for future aspirants to attempt to better. In the shot put Fulton and F. G. Stewart placed first and second respectively, while Ken Ford won the high jump easily.

Hamilton and F. G. Stewart took second and third places in the pole vault, and "Bill" Kibblewhite with R. G. Thompson took the second and third places in the three mile event.

Eddie Hymmen, the team captain, repeated his win in the broad jump, showing exceptional ability. It was unfortunate that his best jump lacked but $\frac{1}{4}''$ of the record of many years standing.

In the sprint events, "Freddie" Smith, a newcomer to Varsity, ran well, but was eliminated in very close finishes, taking third in the 100 yds. and fourth in the 220 yds. In "Freddie" Toronto has the makings of a first class sprinter, who should be a sure point winner in the future.

The outstanding race of the day was the Relay. It was remarkable in the fact that Toronto won from McGill and Queens, who had won all the Track Events. Byrne, Pennlington, Macfie and "Hud" Stewart all deserve a great deal of credit for their outstanding performance.

The final tally of point was McGill 73; Varsity 47; Queens 15.

Intermediate Track, 1932

THE Intermediate Track Meet held this year by the Ontario Agricultural College at the Olympic Club grounds in Hamilton, resulted in an undisputed success for McMaster's contingent of fine new athletes. Led by such seasoned stalwarts as Shaver, Moore and Holland, they were victorious in fourteen out of the fifteen carded events, breaking seven intermediate records and equalling two.

It will be seen what our team, composed mainly of young, inexperienced men, were up against if we note that eight of the marks surpassed those made a week before at the senior meet. We were overshadowed in everything but spirit.

Newton and Davison were our only men to win points in two events. The former scored a third in the Javelin and after breaking the record in the Shot, had his fine put overreached by Laughren of McMaster, the individual champion of the meet; our cheerleader, Davison, was second to Downes of McMaster in the 220 and ran third in the century.

We are very grateful to Gordon Jermyn for the unstinted time and interest he took in the coaching duties and hope that his efforts will bear fruit in our greater success next fall.

University of Toronto Harrier Club

THE University of Toronto Harrier Club held its annual Interfaculty race on Saturday morning, Oct. 29th over the Brotherton course, Upper Canada College. Approximately eighty men responded to the starting gun, and the race was keenly contested at all points. R. G. Thompson of O.C.E. set a new record of 29'49 1/5". Kibblewhite finished second, and Gilbert third in the long cross country grind. The team scoring highest number of points in the race this year was that of O.C.E.

The team chosen to represent U. of T. at the Senior Intercollegiate Harrier Meet in Kingston, Nov. 5th, consisted of Messrs. Thompson, Kibblewhite, Gilbert, McLennan and McKerracher. The race was run over the R.M.C. course under very bad weather conditions. The dirt roads and pathways were sodden and heavy from recent rains, and the runners had much difficulty in getting through. The honours this year went to McGill who took first and second places in the race, and piled up sufficient points to capture the meet. For Varsity, Thompson finished third, and Kibblewhite fourth.

This year for the first time a team was entered by Varsity in the Intermediate Intercollegiate Harrier Meet at McMaster in Hamilton. A team consisting of Messrs. Seright, Wilson, Thompson, Seaborn and Stone competed in this event which took place on November 5th. McMaster easily won this meet, placing four out of the first five men. Seright who placed seventh was the first Varsity man to finish.

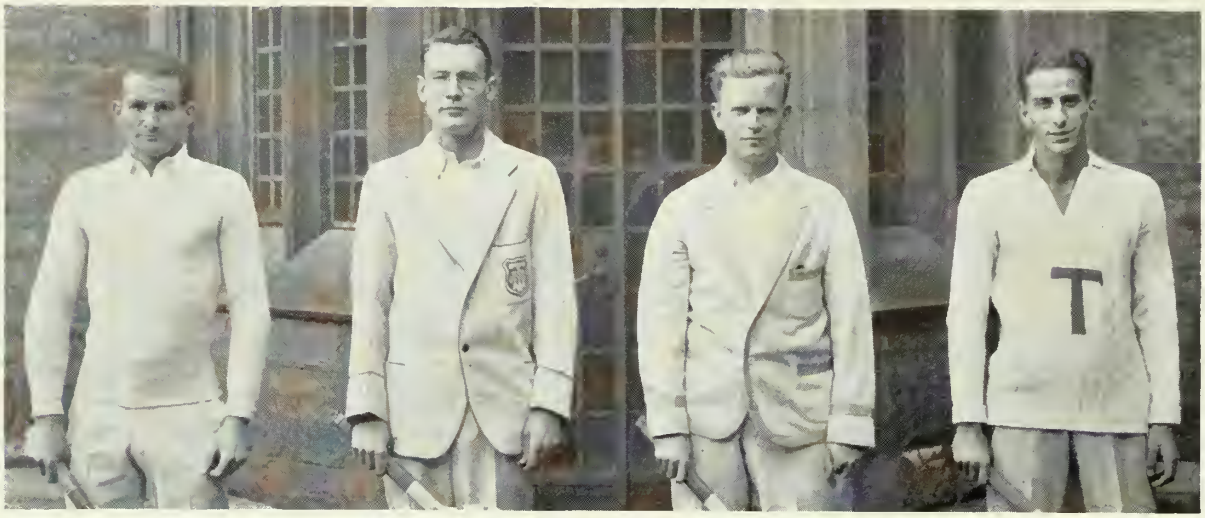

UNIVERSITY OF TORONTO GOLF CLUB INTERCOLLEGIATE CHAMPIONS - 1932-33

Intercollegiate Golf

FOR the second successive year University of Toronto won the Intercollegiate Team Golf title defeating a strong team from McGill by the very close margin of 5 points to 4. McGill were the only challengers for the team trophy, the Ruttan Cup. The individual championship was contested by the members of the two teams, and players from Queens, R.M.C. and University of Montreal, the title going to J. Archambault of University of Montreal with the remarkably low score of 77-73—150 in a heavy wind over the difficult Royal York course. In the Varsity-McGill team match Varsity took 4 of the six (6) 36-hole individual matches, Corrigan, Rea, Phelan and Stewart winning their matches, and in the two-ball foursomes Corrigan and Rea obtained the necessary point to win. Five of this year's team will be eligible next year.

Senior Intercollegiate Tennis

THE Interfaculty Tennis Tournament was again held on the courts of the Toronto Lawn Tennis Club. A large and representative entry list shows the wide interest being taken by the undergraduates in the game. Playing under ideal conditions, S. M. Hermant defeated J. Leibel for the McEachren cup and the University championship and paired with R. E. Carruth to win the doubles.

The Intercollegiate Tournament, which was this year held at Toronto, brought entries from McGill, Queens, R.M.C. and the University of Montreal. The Toronto team was composed of George Le Clerc, Sid Hermant, Elliot Carruth, Jack Leibel and Rus. Zinkann. The final matches saw Toronto opposed to McGill in each event. Unfortunately, McGill was able to win both the matches and tie Toronto with each team having won 13 points. A playoff was decided upon, which McGill won, and were declared Intercollegiate Champions.

Walter Martin—Canadian Davis Cup star and former Toronto captain, coached the team, and had them in fine shape for the matches, as shown by the excellent showing they made against the strong team from McGill.

Intermediate Intercollegiate Tennis

THE Intermediate Tennis Tournament was held this year at Toronto under varying weather conditions. Teams from McMaster, O.A.C., and University of Ottawa were welcomed. The Toronto team was composed of Shortly, Vanstone, Pigott, Davies and Black. Toronto retained the championship by a large margin of points, and was represented in both finals against Ottawa. Ottawa won the singles, and the doubles match was called about half way through because of a heavy downpour of rain. The result of the match was of no consequence to the team standing so it was not finished.

English Rugby

THE most important advance in the furtherance of English Rugby in Canada for some time took place when Queen's fielded a team for Intercollegiate competition last season. Although only one game was played with Queen's by our Club, the precedent has been set, and a foundation laid for a full-fledged Intercollegiate series.

Several good games were played against local clubs during the first part of the season with little success. Mr. Boles—who at one time played the game in the Old Country—then took the team in hand. A close game was lost to the Hamilton All-Blacks, and the following week a decisive victory was obtained against the Wanderer's "A" team. The first game with McGill was played at home, and a keen hard fought game resulted in a McGill win. Subsequently the team lost to McGill and Macdonald College while playing away.

At home Varsity met Queen's, and in the closest game of the season the visitors were successful.

Next season augurs well for the club as there will be few losses by graduation and Mr. Boles will be coaching the team from the start.

Intercollegiate Soccer

THE Soccer team under the expert coaching of Mr. Art. Halliwell was successful in defending the Intercollegiate title which they won last year.

After winning the Eastern Group by defeating R.M.C. 2-0 in Toronto and McGill 3-1 in Montreal, Varsity was challenged by O.A.C., winners of the Western Group. This is the first year that the winners of the Western Intercollegiate Soccer Group was allowed the right to contest the Senior Intercollegiate title and that they merit this right is evidenced by the fact that two games were necessary to decide the championship.

The first game played in Toronto ended in a draw after ten minutes overtime. In the second game played on a snow-covered field, in Guelph, the more experienced Varsity eleven proved their superiority over O.A.C., 3-1.

Next year's team will be without the services of Little, Organ, Carbert, Whitla, Cowling and McCullough. All of these were outstanding players and their places will be hard to fill.

Senior Hockey

THE season 1932-33 did not prove very bright from a Varsity standpoint. Although always giving its best and in the front till the final bell, the team seemed to lack that certain experience which would have pulled them through. However we succeeded in defeating Kitchener once and Nationals twice, but lost to Marlboros 4-3 and 1-0, to Hamilton and Niagara Falls, 2-1 and twice to Port Colbourne 4-2; and since the difference between victory and defeat is only one goal, we ended up in the rear of the "Supreme Seven".

In the Intercollegiate, although only losing one game, we finished in second place. University of Montreal were beaten by us twice and we played a 2 all tie here with McGill. In Montreal we lost to the Red team 4-2 and were thus eliminated but with the one consolation that we were beaten by a fine team.

Our invasion of the States at Christmas turned out to be most successful, for we came home undefeated for the first time in at least three seasons. Princeton and Yale bowed before us while Harvard was overwhelmed by the one-sided score of 8-1.

Next season the team will lose the services of Captain Don Smillie, one of the best defencemen in amateur hockey. Along with him will go Dewar, a regular defenceman for the last three seasons. Both will be missed and at present Maundrell is the only defenceman left with senior experience.

Frank Shipp in goal was a standout all season. His play showed remarkable improvement over that of last season, and he will be with us for two more years.

Of the forwards, Hendry and Cunningham were probably the most consistent, although Brant, Fullerton and MacPherson turned in some fine games. They were all with the team last year, with the exception of Fullerton who came up from the Juniors. Two freshmen, Jeffrey and Stavert along with Keith completed the squad and with this year's experience should be very useful next season when we hope for better things.

Senior "B" Hockey Team

WITH Dr. 'Bill' Dewar as coach again the team had a successful season, despite the disappointing conclusion to the Intermediate Intercollegiate series. As formerly Varsity competed in both the Intercollegiate and Senior 'B' O.H.A. schedules, constituting a fairly heavy program. For this reason it was generally felt, that in future the team should begin practising at an earlier date.

After a weak start, when two games were lost, to Western and Oshawa, the team was considerably strengthened by the addition of several members of the Junior team. In the Senior 'B' series, Varsity defeated St. Michaels to break a second place tie, and earned the right to meet Oshawa for the group title. In the play-off Oshawa won the first game rather easily, but Varsity had the satisfaction of winning the return game in Oshawa, although losing the round.

In the Intercollegiate Intermediate series the only loss sustained during the schedule, was to Western, and the group finished with Varsity and Western tied for first place. Due to an Intercollegiate ruling that permits goals to count in case of a tie, Western were awarded the title. The team were considerably disappointed that the group winner should be thus arbitrarily decided, especially in view of the fact that taking the series as a whole, Varsity had more goals 'for' and less 'against', than Western by a goodly margin.

Front Row: J. S. Poupore, P. White, D. R. Owen, J. P. McConvey.

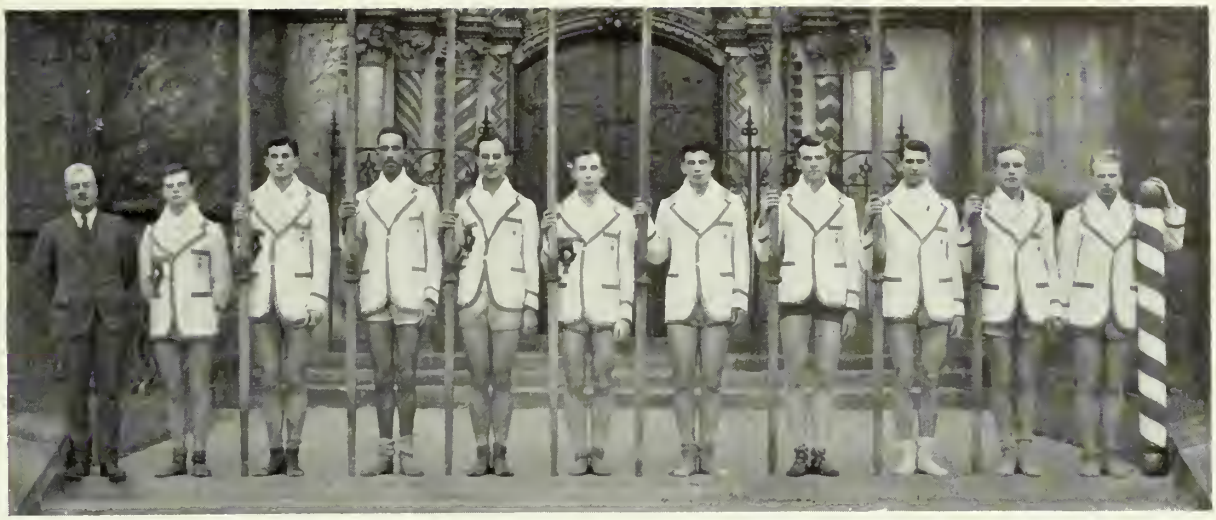

Junior Hockey Team

THE Juniors were the disappointment of the season. When Dr. Macintyre of West Toronto fame was secured as coach, and several hockey stars with enviable reputations and previous O.H.A. experience enrolled at Varsity, championship hopes seemed not too remote a thought.

However the final statistics read five wins and seven losses, five of these by one goal margins. The team never seemed to function properly, and at the crucial moment the defense would weaken or the forwards would fail to locate the net. In only one game did the team show its expected form, and that late in the season when it gave Marlboros their initial loss of the schedule.

Nevertheless many good prospects were uncovered. Campbell on the defense was consistently effective all year, and his partners Pringle and Charles, while inconsistent, had their brilliant moments. These were ably backed up by Owen and his predecessor Haddad in goal. Of the forwards Rey was outstanding and should have a bright future. Sweeney and Upper were next in line, while Poupore, White, McConvey, Lavery and Morgan showed occasional, though all too infrequent flashes of brilliancy.

The team gained much valuable experience, and it is hoped that these same men will regain in the near future Varsity's former prestige in the hockey world. Perhaps even next year, if our teams can shake the unfortunate luck which seems to pursue them, this may be accomplished. To Dr. Macintyre we owe a great debt for his constant enthusiastic efforts "day in and day out" to build up a fine team.

University of Toronto Rowing Club

THE rowing season for 1932 was highly successful. Keen interest was shown from the time work started on the machines until the finishing gun was fired at Montreal. Practice started on January 18 in Hart House with about sixty men turning out. The number decreased as the season went on, but three crews took the water near the end of April. The first race was at Hanlan's point on July 1st. Two crews entered the junior heavy eights and the first crew also entered the senior heavy in the afternoon. It placed second to Argonauts, beating Westsides of Buffalo by a small margin. There was also a junior 150 lb. crew entered that day.

At the Henley the 150 lb. crew was down to 140 lbs. and came in last in its heat. The second heavy also came in towards the rear. The first heavy crew was more successful. It placed second in its heat in the junior race and third in the finals. In the senior race it won the heat and was fouled in the finals, placing third.

Training was resumed in September to prepare for the Intercollegiate race. Of the nine men making up the crew, three were on last year's crew. One of the remaining six had rowed before, and the others were all new to the game. The showing made by this crew at Henley and at Montreal spoke well for the coaching.

The Intercollegiate race was held on the Lachine Canal on October 8th. The Varsity crew outweighed the McGill crew by a good deal and finished about six lengths in the lead.

Senior Intercollegiate Basketball

McGILL University again took the major basketball prize of the year when they repeated their Intercollegiate win of the past two seasons. However it was left to the Blue and White to break a nineteen game winning streak when they defeated the McGill team at Hart House 31 to 30 in the final Intercollegiate game of the season.

Varsity were only able to finish tied for second place with Queens, due to a disastrous road trip which opened the season. In the first game of the trip McGill trounced the Blue and White by 47 to 25. On the following night Queens upset the dope to win by 21 to 18 to practically eliminate Varsity from the contention. The teams suffered a one point loss in their game at London. Western winning by 27 to 26. In their home games Toronto took revenge on all three teams defeating Queens 26 to 22, Western 28 to 25 and McGill 31-30.

A new departure was made this year when Varsity entered their Senior team in City competition. Grouped in the "Big 5" league with St. Michael's College, Hobberlin's Lizzies, Riverdale Grads and St. Catharines, University of Toronto were able to swamp all before them winning the "Big 5" championships and also winning every Individual Series, two out of three from Lizzies, three out of three from Riverdale, and with St. Catharines, winning by points, breaking even in the two games. Six games were played with St. Michael's College. Three in the regular league schedule, and three in the play-offs, St. Michael's having finished in second place. Varsity were able to take both series, two out of three, to add to their laurels and win the Toronto Basketball League championship.

Varsity again took an American trip playing seven games against leading Colleges in New York State. University of Niagara, University of Buffalo, Union College, Cornell University, John Marshall College, New York University and Columbia were on the itinerary. While no games were won the team gained valuable experience which was used to advantage in their Canadian games.

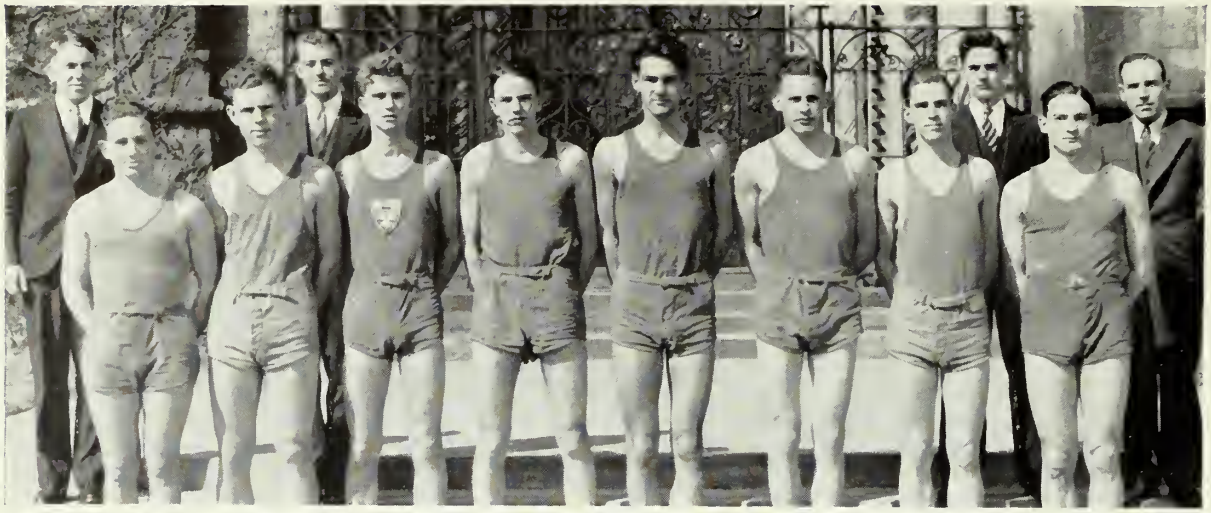

Difficulty was experienced in rounding out a team and a total of fifteen men were tried out. The following eight men survived, Forwards: Allison, Collins, Wagman; centres: Ford, Caplan; Guards: Wood, Sniderman (Captain) and Gold. Of this group three will be lost by graduation, Ford, Allison and Wood. All three will be greatly missed as they along with Collins, Sniderman and Gold played stellar basketball for the University. Caplan with two years to go will be back to hold down centre position while Wagman should find himself next year when teamed up with Collins on the forward line.

Intermediate Intercollegiate Basketball

THE University Intermediate entry had to be satisfied with an even break in the Intercollegiate series which was won by O.A.C. Six games were played consisting of home and home games with Western, O.A.C. and McMaster. Two were won from Western, 32 to 27 and 34 to 21. With Mcmaster both teams took their home games, Varsity winning 26 to 41 and losing 27 to 30. O.A.C. won both games from the Varsity entry 24 to 20 and 36 to 30.

Twelve players were used during the season. Prince and Applebaum made up the regular forward line with Grant at centre. Two veterans, Himel and H. Newman, made up the defence. Hennessey and Levy alternated on the forward line and played exceptionally well. Boettger, Magwood and Reid each played in two games.

Of this squad Grant is the only one to graduate.

Junior Intercollegiate Basketball

JUNIOR Intercollegiate made its first appearance this year and Varsity's entry justified itself by taking the championship with an undefeated record.

Entries were received from Western, O.A.C., McMaster and Varsity, rounding out a compact four team group.

While the team retained a clean slate several of the games were very close, the Blue and White scoring one point victories over O.A.C. and McMaster, 26-25 and 30-29 respectively, and at London where a two point win was pulled out in the last few seconds, 22-20. However in the remaining games of the series Varsity left no doubt as to their superiority, defeating Western 30-19 and McMaster 29-16. In the final game of the year O.A.C. conceded victory to Varsity and by mutual consent cancelled the game.

Toronto's squad of ten men are all freshmen with the exception of Culiner, who is in his second year. Norm. Newman, was the outstanding performer on the team. He played on the forward line and teamed up with Price, Higgins and Gladish. Toole played the pivot position for practically forty minutes and filled the position capably. Rolls alternated at centre. Culiner, Corrigan, Rutledge and Mullin filled the guard positions.

University of Toronto Gymnastic Team

THE Gymnastic team have had a very successful season this year thanks to the excellent coaching Mr. D. M. Barton and Mr. Alan Keith. They won the Caron cup emblematic of the intercollegiate team championship, defeating McGill, for the first time since 1927. The Werry cup for the individual championship was won by a Varsity man for the first time since it was donated five years ago. Jack Williamson, captain of the team this year, competing in his fifth intercollegiate meet, was intercollegiate champion, winning by a good margin from Farrar, another Varsity man, who was his nearest competitor.

McGill sent down a strong team, four of whom had been in intercollegiate competition before, and they won the first three events—the high bar, parallels, and horse, gaining a lead of thirty points. However in the last event, which was the tumbling, Varsity showed its superiority, and gained enough points to overcome McGill's lead and win the meet by fifty-six points.

The gym. team consisted of the following; Williamson, (captain), Kirk, Farrar, Sherwood, Barber and Beard. The last four named are all freshmen, and this fact gives us confidence that Varsity will be represented by a strong gym team for the next few years.

University of Toronto Swimming Team

SWIMMING Activities at the University during the past season have had few startling features although there have been a number of progressive and successful ones. In the three competitions of chief interest to Varsity Swimmers, the intercollegiate title went to McGill. The interfaculty honours were captured by S.P.S., and the individual championship of the University was won by Winston McCatty of 1st Year Trinity.

The intercollegiate meet was held in Montreal and was acclaimed one of the most thrilling encounters ever seen at the Knights of Columbus pool. The issue was not decided till the relay event which McGill won by a very close margin. This result wiped out Varsity's three point lead, giving the Montrealers the championship. The final score was 35-33.

Varsity showed superiority in the breast stroke, backstroke and distance events and the 50 yard free style while McGill's strength was particularly seen in the diving, the 100 yards free style and the relay.

Undoubtedly the feature of the whole meet was the outstanding performance of Winston McCatty, freshman star of the Varsity team. "Win" took first place in the 200 yards free style, second in the quarter mile, and succeeded in breaking the intercollegiate breast stroke record by some 6 seconds. Phil Tedman, the Blue captain, swam a great race in the 50 yards free style to take first place. He also turned in a fine effort in the relay, just failing to overcome McGill's lead. Cressy McCatty was also prominent, winning his backstroke specialty. Paul Hooper won the 440 yard race and also took third place in the 200 yards free style.

Growing interest has been evidenced in swimming as well as in waterpolo at the University this year, and we may confidently hope that the 1933-34 season will witness an even greater development in this branch of University athletics.

Intercollegiate Water Polo

A MOST successful season this year opened with a series of reverses for the Senior team. They finished third to their old rivals Central Y.M.C.A. in the Toronto and District race for the Star Trophy. However proof that this was no discreditible showing lies in the fact that during a six-game schedule Varsity scored but three less goals than her competitors.

The Juniors met a better fate. They defeated all teams twice to win the Aubrey Ireland Trophy in the newly formed Junior City League.

Later this team played home and home games with Queens. The first game, in the beautiful pool at Kingston, was played to a six all tie. However Toronto came through in their own pool and won a 7-4 victory.

The first game of the Intercollegiate series was played in Montreal and left McGill with a 3-2 score to carry into the second game. The return game was the longest in Intercollegiate water polo. Varsity tied the score with but 30 seconds to go, and after four overtime periods emerged with a 3 goal margin, and so the Hershorn Trophy remains at Varsity for another year.

Senior Boxing, Wrestling and Fencing Team, Intercollegiate Champions

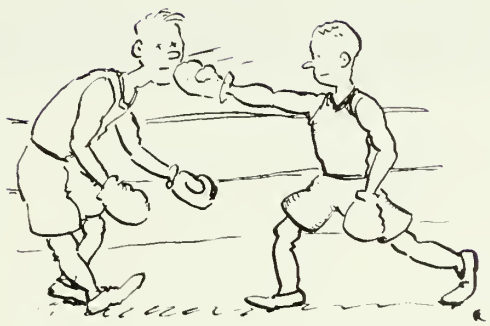

THE Boxers, Wrestlers and Fencers began training this year with the prospect of a strong team, but without any indication of the spectacular victory which they were to achieve at the intercollegiate assault-at-arms.

At the Intercollegiate Senior Assault-at-Arms held in Montreal, it was the wrestling team that carried Varsity through to score a complete victory over a field of strong contenders from McGill and Queens. With a total of seven Varsity wrestlers competing in the eight final wrestling bouts, Varsity threatened Queens for the championship as the final night of the assault commenced. Nor did these seven men disappoint the team for six of them returned with intercollegiate titles and the seventh gave an exceptionally fine exhibition against a former intercollegiate champion. Varsity owes much to her wrestlers for they won her six points of a possible eight, a feat that it will take many years to equal. Mr. Martin and Mr. Chilcott are the men responsible for the coaching of the wrestling Team and deserve the heartiest congratulation for the fine showing made by these men.

The boxers came through stiff opposition to produce three intercollegiate champions and give some of the gamest exhibitions of the Assault. Ned Sinclair's bout with Merv. Peever the Queen's knockout star comes under the latter heading. Sinclair kept his opponent well in hand for two rounds, only to be downed by a stray one in the third round. No man has given Peever as close a bout since his winning of the intercollegiate championship three years ago. Mr. Jackson, Varsity Honorary Boxing Coach deserves a great deal of credit for the three boxing wins.

The fencing team faced by McGill's intercollegiate winners intact from last year were unable to dethrone the title holders, but they did credit to Mr. Walters their coach and presented McGill with strong opposition scoring eighteen points as against McGill's twenty-four.

Trinity College Athletic Association

THIS year, Trinity has sent more men than ever into University athletics, and she can claim no small part of the success which the University has achieved. To bear this out one need only to examine the personnel of the various Varsity teams. Trinity men played on all three Rugby teams, on the Senior and Junior Hockey teams, and on the British Rugger team. The crew, Intercollegiate champions, had Trinity men in four places, including stroke and cox. The B. W. & F. Club is captained by a Trinity man as were the Golf and Gym teams. In fact, throughout all branches of University athletics, Trinity men can be proud of the support her men have given the University.

Despite this drain on her man power, the Red and Black of Trinity has been equally prominent in interfaculty activities. For the second time in succession she has been in the finals of the Mulock Cup series, although this year Victoria reversed last year's decision and removed the cup from Trinity. The Hockey team is preparing for a serious attack on the Jennings Cup and the Basketball team is rapidly rounding into championship form. In Water Polo and Indoor Baseball there is much enthusiasm being shown this year. The Lacrosse team, for its initial season has been very successful and next year should provide a serious threat for interfaculty honours. In all forms of athletic endeavour Trinity fields a strong, hardworking, representative team.

The Medical Athletic Association

THE Medical Athletic Association includes all undergraduates in the faculty. It is controlled by a group of men who are elected annually by its members. They control all athletics of the faculty.

The executive is made up of an Honorary President chosen from the faculty by the executive, a president, vice-president and secretary-treasurer chosen from Sixth, Fifth and Fourth years respectively and elected by the whole Society, and one representative from each of the lower three years elected by their own years. A quarter-master who is appointed by the executive and who is usually a fifth year man—looks after all the purchasing of athletic supplies.

During this past year, our faculty has been well represented in faculty sports and, although no championships have come our way, yet there has been a keen spirit and interest shown by all and the turnout for the various teams has been very encouraging.

L. H. CARROLL—"Lou" was a member of the championship team of 1926 when he won his award of merit and bronze "T". Since that time he was unable to compete in active sport because of injuries but continued his football activities as a coach. Probably his greatest achievement in this field of endeavour was his success with the junior team of 1932 when they won the Dominion Junior Championship. He also played at lacrosse and hockey in the interfaculty series.

R. J. GALLOWAY—"Bob" was a member of the O.R.F.U. Champions of 1928 and everyone will remember the game effort that this team made against the mighty "Tigers" up in Hamilton. He was captain of the Senior Intercollegiate Team of 1931.

J. W. GRAHAM—"Wally" leaves his Alma Mater with a string of track and harrier records to his credit. Wally's executive ability was demonstrated by his record of four consecutive years on the University Athletic Directorate. Medicine honours this athlete in his departure from the faculty in presenting him with the "Athletic Stick" emblematic of the most outstanding sportsman in the graduating year. He also has his award of merit and bronze "T".

R. T. G. GRAHAM—"Robbie" won his colours on his outstanding ability with the Intermediate Hockey Teams, playing on several championship teams. Bob also spends his leisure moments during the fall with the O.R.F.U. and Intermediate rugby teams. During the past season he made a name for himself as a receiver of forward passes, while playing with the intermediate team.

E. J. JACKSON—"Joe" received his colours through his prowess as an oarsman. He has been several times on championship Intercollegiate Crews.

J. W. SINCLAIR—"Jimmy" played for the past five years with the senior Intercollegiate Rugby team. He also supported the faculty in basketball and water-polo playing on the interfaculty teams, as well as holding his award of merit and bronze "T".

F. M. SCOTT—"Frank" in his junior years gave great promise of being an outstanding performer on the grid-iron, but because of injuries was forced into retirement. He received his colours while with the Senior Intercollegiate Team of 1928.

W. E. SHUTE—"Wilf" won his colours for his efforts as a "grappler" in 1932 in which year he was a member of the Intercollegiage Boxing and Wrestling Team which won the championship.

D. TELFORD—"Doug" came to Toronto from the U. of B.C. an accomplished English rugger player and since that time has continued his activities in this sport. During the past season as captain of the team his play was noteworthy and the University honoured him by awarding his colours.

J. A. C. THOMSON—"Carl" made a name for himself in his junior years as an oarsman, He received his colours for rowing with the Senior Intercollegiate Champion crew of 1928.

J. A. WALTERS—"Al" brought glory to himself and the faculty by winning the three mile Intercollegiate Championship in 1930. He was also a member of the Intercollegiate Track team and the Harrier team of 1931.

H. A. WILLIAMS—"Hal" has been prominent in track, harrier and hockey during the past four years. He was also a member of the U. of T. Athletic Directorate in his fifth and sixth years in the course.

J. WHITLA—"Johnny" has been prominent in soccer circles for the past four years, during which time he played on several Intercollegiate Championship Teams.

Medical First "T" Holders

MEDICAL "T" holders have comprised over one third of the total number of "T" holders in the University for a number of years. The undergraduates of 1932-33 represented the Faculty of Medicine in every sport in which the University took part. Not only in the senior years but also among the juniors one finds many "T" holders—yes and the lowly freshman class boasts of having its "First T" man.

Despite the fact that on graduation the year 3T3 boasts fourteen "T" holders, prospects for Medicine in athletics seems to be brighter than ever. May the record of this year be an inspiration to the years to follow; the goal is one which the years of the immediate future will have to work hard to reach, as will those classes of the distant future—even the year '70.

"M" Holders

THE "M" is the athletic award of the faculty of medicine, granted to those who have attained proficiency in Interfaculty Sports. "T" holders are automatically granted this award as are all members of championship teams, all who have played on an interfaculty team for three years—or, who in the opinion of the Executive of the M.A.A. have been deserving of special recognition.

Interfaculty Sport is very important, especially in the Junior years since it is the training ground for Intercollegiate teams. All men are urged by the Athletic Association to try out for Interfaculty teams and the yearly increase in the number of "M's" granted is very gratifying to those interested in the welfare of medical athletics.

Athletic Association (S.P.S.)

"SCHOOL" while not having an exceptionally successful year as far as championships go, still holds its prominent place in Interfaculty Athletics.

The Gym team and the Swimming team were both victorious, both bringing their championship cups down to School.

As yet, the Sr. Basketball, Sr. Baseball, Jr. Baseball and Sr. Hockey have not been decided. It is to be hoped that since all these teams are "in there" with a real chance of taking the silverware, that two or three will be successful.

Just to show how strong Athletics have been, we have had runners up in the Sr. Waterpolo, B.W. & F., Soccer and Track.

As for Interfaculty Semi-Finalist teams, which have put up real battles in their respective sports but have just been unable to snatch victory from the lap of "Lady Luck", we have three. The Jr. Waterpolo, the Sr. Rugby and the Jr. Rugby.

Beside Interfaculty Athletics, School provides a large representation on the Intercollegiate teams. Our wish is, that they continue to hold their high place.

S.P.S. "T" HOLDERS

S. P. S. "T" Holders

ONCE again School men have played an important part in Intercollegiate Athletics. Although the number is not as great as perhaps one or two other years they made a creditable showing and their contribution was by no means unnoticed or unappreciated.

Prominent on the rugby field with the Senior squad were Fitzpatrick, Peacock, Elson and Miller, while Smith, Crocker and Britnell played high class football with the Intermediate Intercollegiates.

Among the oarsmen Annis and Dowling were pulling hard for the Alma Mater.

Hal Collins has not lost any of his old-time ball handling ability and still continues to get the odd basket with the Senior Cage team.

Among the matmen Bruce Gray took the Intercollegiate heavyweight title this year while Bannister and Smith did not compete.

Ted Fell who won his "T" boxing in the Intercollegiate Assault, remained out of competition this year also.

Don Smillie was School's sole representative on the Senior hockey team this year as Fredie Murray chose to put his studies first. It was through no fault of Smillie's that his team did not finish on top. He starred from first to last.

Sid. Swallow showed up well on the Intercollegiate water polo team, and Westheuser broke the record for the discus throw to win his first colours.

These are only a few of the representatives from School who competed with Varsity teams this year.

S. P. S. "S" Holders

THE "S" is awarded to Schoolmen in recognition of their athletic ability as well as their support of the faculty. It is granted to outstanding members of interfaculty teams, to men who have been consistent performers for the same team for several years, to men who have shown ability to uphold the School colours in several sports, and also to first "T" holders.

It is a great honour and privilege to wear the School letter and that is probably why the picture above is filled to overflowing.

Junior School Water Polo

WITH only one regular left from last year's team, Jr. School appeared to be due for a lean year, but under the coaching of Fraser and with consistent practice a team was finally built up.

Little difficulty was experienced in beating Jr. Meds in the first game by a 3-1 score, and Dents were whitewashed to the tune of 3-0. In the return game with Meds, some good goalkeeping by Boyle and a battling forward line saw the School team win by 4-0. The final game against Dents was won 1-0, but only after a real battle with the tooth-pullers. The School defense gave Boyle good protection, and only a single goal was scored on him during the group games.

However, in the semi-final against the championship Victoria team, lack of experience told its tale and before the game ended, Victoria had scored 7 goals and blanked the School team. The second game was different, with the School team checking much closer, and Victoria finally won with the only goal scored.

In goal, Boyle showed great promise and was ably assisted by his hard-checking defense, Lilley and Charters. Bruce at rover combined well with Hooper, the fast swimming centre who rarely was beaten to the tip-off. The wings, Clarke and Zachanko, made life miserable for opposing defenses. Eaton, Heller, Hollands and Hoag rounded out a typical School team.

Too much credit cannot be given to Don Fraser, the coach, who spent so much time and energy, and who was in no small manner responsible for the good showing of the team.

SENIOR SCHOOL WATER POLO TEAM

Back Row: W. A. Wood, J. C. Towers, T. Bell, R. A. Webber, F. H. Adamson.
Front Row: L. D. Dougan, H. M. Jones, D. F. Fraser, S. E. Swallow (Coach), C. E. Hawke, F. R. Adams, L. R. Brown.

Senior School Water Polo

WITH almost all the Jr. team of last year moving up to Sr. company, a well-balanced team was entered in the group with Sr. U.C. and Sr. Meds. In the first game with Sr. Meds, close checking prevented many scores, and the game ended in a tie, 2-2. Against Sr. U.C., the more experienced School forwards scored enough goals to win by 7-3 margin. The return game with Sr. Meds was the classic of the season, when after a scoreless first period, the School defense took over the burden with the score tied 1-1, and ran in two rapid goals to win the game 3-1. The group championship was only won after a real battle with U.C. by a 4-1 score, after the U.C. defense mistook "Tubby" Bell for a line-plunger and "downed" him.

Having drawn a bye into the finals, Sr. School played the defending champions, Victoria, in a two-game series, total goals to count. An off night and a Victoria team playing championship polo resulted in an insurmountable lead of 8 goals for Victoria. In the return game, Victoria pulled the game out of the fire with less than 30 seconds to go, winning by the odd goal in five.

The School forwards of Bell, Hawke and Towers combined well, with Fraser at rover starting many plays. The defence of Jones and Wood made life miserable for opposing players and even scored the odd goal—much to their own surprise. In goal, Brown ably backed them up. The alternates of Webber, Adams, Dougan and Adamson rounded out a typical School team.

Sid Swallow, the coach, deserves a great deal of credit for the successful season enjoyed by the team, even falling into the tank during one game in his anxiety to help.

SENIOR SCHOOL HOCKEY TEAM

Front Row: CALDWELL, MACLACHLAN, BRIDGLAND (Captain), HICKEY, WHEATON

Senior School Hockey

ALTHOUGH the weatherman has been "an old meanie" this winter and not allowed us to have outdoor ice, we have carried on at Varsity Arena. Due to this our practices have been limited greatly, but nevertheless we have a team which is working together very well, with good combination and lots of fight.

To pick out stars is very difficult because every one of the players gives all he has at all times. But in the games so far, Chuck Bridgland, the captain has been going great guns on right wing and has been capably assisted by MacLachlan, Ellsworth and Finch. Kennedy on defence takes delight in stepping into any opponents who dare come close enough. Werry in goal is playing a very steady game and some of the saves he makes are marvellous.

I would like to take this opportunity of thanking all the players who turned out with the team, for the splendid spirit shown and the way in which they all co-operated. May Senior School have as good a group of boys next year.

SCHOOL GYM TEAM
SHERWOOD, BEARD, SIRMAN.

S. P. S. Gymnastic Team

SCHOOL was again successful in capturing the Harold A. Wilson trophy for Gymnastics, the team being composed of G. F. Beard; M. L. Sherwood and W. R. Sirman. The first two were successful in winning a place on the victorious Varsity Intercollegiate Team.

School has been well represented at the regular workouts and provides, especially in the first year, an excellent choice of material that should stand a good chance of coming out on top again next year.

SENIOR SCHOOL RUGBY

Back Row: West, Hayhurst, Bignon, Mitchell (Manager), MacMillan (Coach), Moffat, Symons, Hewitt.

Centre Row: Farquahar, Boyd, Glover, Monsaroff, Wheaton, Mabee, Finch.

Front Row: Coulter, Brandt, Freeland, Hallett (Captain), Waring, McNichol.

Absent: Hill, Bridgland, Gurney.

Senior School Rugby

THIS fall when the first rugby practice was held, it looked as though Senior School was bound to win the Mulock Cup. But when the Champions were declared we were not present. The fact that we did not win was not for the lack of co-operation and fight, but to several tough breaks.

By breaks I mean, injuries, weather and lack of good competition in the group play-off. The first practice resulted in the loss of Pete West and Jim Eaton, two very good men, for the rest of the season. Then the intermediates took "Beef" Lichty and Harp. McNichol our stellar halfback had his shoulder dislocated just before the play-offs started.

We won our group without any trouble whatever, but in the semi-final against "Vic" we were beaten but not disgraced. We were defeated by a mighty good team and we went down fighting.

The work of McNichol was outstanding, both individually and in team play. Bridgland and Hallet, the captain, capably assisted him on the half line, while "Dewey" Hill, who was seriously injured in the last game, Glover and Boyd were a very good tackling brigade. In the game against "Vic" George Brandt played a marvellous game along the line. Waring and Wheaton, the quarterbacks, handled the team very well and had the record of being out to practice every night throughout the whole season.

I would like to take this opportunity to thank Scotty MacMillan who so capably coached us, and also the boys for their whole-hearted co-operation.

Senior School Baseball Team

MAINTAINING a long established custom, Senior School again won their group title in Interfaculty Baseball. Pharmacy and Dents were good contenders for this honour but with proper persuasion conceded us two victories each.

Six members of the team have been playing with S.P.S. since 1928 when they assisted in the procuring of the Spalding Cup for School. George Wilson, the veteran pitcher controlled the mound and Hugh Johnston as catcher took everything coming his way. Austin Howe on first base, Keith Kennedy on second base, and Joe Howe on third base, with Tom Carbone and Tom Muir filling the gaps between at short stop, composed a perfect infield.

Bill Carmichael, and Frank Hewett were very proficient at catching the hot ones off the back wall and the rafters. Bill McBride, John Borbey, Jack Wells and Carl Britnell were always prepared to meet any emergency and filled in at any position without weakening the team.

At the time of going to press the team is playing a two game series with O.A.C. for the honour of getting into the semi-finals. Although the series is incomplete the team is rather confident of bringing the Spalding Cup to School again after an absence of a few years.

SENIOR SCHOOL BASKETBALL

Senior School Basketball

SENIOR School were represented by one of the strongest teams gathered in years, under the School banner. The team was composed of four of last year's players plus five juniors who graduated to higher company via the examination route and three others who had previously confined their basketball activities to other spheres.

However, games are not won on paper, and in their first contest the Schoolmen succumbed to Sr. Vic, last year's champions, by a 27-17 score. The game was closely contested and it was only in the last 10 minutes that the team faltered and Sr. Vic went on to victory.

In the next game, the Schoolmen showed a complete reversal of form and trounced Sr. Dents by a 49-10 margin.

In a trip to Hamilton, an exhibition game was played between a combined team from the McMaster University Intermediate and Junior squads and the Engineers flashed their best form to win, 36-22.

The long looked for return game with Sr. Vic next followed and School received ample revenge for their first defeat, with a 23-7 triumph over their ancient rivals. The game was featured by the hard checking of the Engineers, who confined the Vic men to one point in the second half.

The return game with Dents was a repetition of the first, the Schoolmen returning with a 53-8 victory in the highest scoring Interfaculty game to date.

At the time of writing, Sr. School are now tied with Sr. Vic and a third game will be necessary to decide the group title and the right to enter the playoffs.

It is difficult to single out any individual stars since all the players give of their best when playing, which is all that can be asked for. Expectations are high, and it is the hopes of the team that they will be able to return the Sifton Cup to the Little Red School House, from which it has sojourned for some years.

S. P. S. Soccer, 1932

PROSPECTS of a good Soccer season for "School" were bright this year. Most of last year's team were available and we had the makings of a strong team. There were a few vacancies for freshman which were filled before the schedule of games began.

Our confidence was rudely shattered in our first game, which was won by "Meds", 2-1. Although we had practised consistently, this game showed us that we must do more work if we were to improve our position. For this extra effort we were well rewarded, being successful in winning the remaining regular games. This left us tied with Wycliffe College for group honours. After a hard and somewhat rough struggle "School" won the Group title and privilege of playing Victoria College in the semi-finals of the Interfaculty Series.

Realizing we had a hard road ahead of us we practised diligently. The semi-finals are two games and the team with most goals is the winner. The first game was played on an icy field at the Stadium. Each side played cautiously owing to the slippery footing and "Victoria" won, 2-0. The second game was played on the Front Campus with a slight improvement in ground conditions, and ended in a draw, 1-1. Victoria College thus won the round and "School Soccer" was over for the year.

The team is indebted to Professor Allcut and Matt. Ward who came forward again this year to assist us in our endeavours to become a better School team.

SCHOOL SWIMMING

Back Row: Ridley, Swallow, Webber, Nasmith, W. Wood(Manager), B. Wood, Vessie, Crawford.

Front Row: Conron, Hawke, Bruce, Fitzgerald (Coach), Fraser, Keith, Hollands Dance.

S. P. S. Swimming Team—Interfaculty Champions, 1933

SCHOOL again annexed the Fitzgerald Trophy, emblematic of Interfaculty champions, but only after a strong finish in the relay, nosing out U.C., the runners-up by 2 points.

Practices did not start until late in the season, and for a time things looked dull. However, the acquisition of Mr. Fitzgerald as coach, a good turnout, and the showing of some first year men worked wonders.

In the 200-yard free style, Swallow annexed the first point with a third place. Due to sickness, School was not represented in the diving, but Nasmith swam a beautiful race in the 100-yard backstroke to gain a first place. Hawke and Conron boosted the total to 12 points with a first and third respectively in the 100 yards free style. Wood finished strong in the 200-yard breast stroke to gain a second place. In the 440-yard free style, a win for U.C. and Sid Swallow's third place tied up the meet at 16 points each, thus making the relay the deciding event of the meet.

Webber, Vessie, Keith and Conron all swam a great race to win the relay and with it the meet. The second relay team of Bruce, Dance, Hollands and McCatty made a great try for third place, but were nosed out. Crawford made a good showing in the breast stroke as did Ridley in the back stroke.

To Mr. Fitzgerald, the coach, the team owes not a little of its success, and with the formation of the School Swimming and Waterpolo Club this year to foster these sports, practices will be started earlier next year in defense of the trophy.

DENTAL ATHLETIC COMMITTEE

A. E. Carbert, M. R. McNeil, Ed. Dore, E. Baucroft, G. Shillington, D. Ferguson, A. E. Ward.

A. Z. Henry, E. Purdy, Dean Seccombe, R. A. Connor (President), A. J. Dupuis.

Dental Athletic Committee

THE athletic committee of the Faculty of Dentistry consists of a representative of every sport in which students in dentistry partake. They are elected annually by student vote and control all athletics and equipping of teams in connection with the faculty. The president of athletics is elected from this committee and has a seat on the students cabinet to which body he is directly responsible.

Dental teams have been entered in all the Interfaculty sports this year and in spite of the small registration of the faculty all teams have met with remarkable success.

Interfaculty teams in dentistry have been considerably weakened in hockey and other sports due to a number of men taking part in Intercollegiate sports where they have been greatly successful in maintaining the honor of "Dents".

Wycliffe College Athletic Association

WITH the small registration of sixty men Wycliffe did well to field teams in seven inter-faculty competitions. No championships were gained but in every endeavor our teams acquitted themselves creditably.

The Soccer team was a well balanced aggregation and played well, only to lose out to the "School" men in a sudden-death game for the group title by a one to nothing score.

In the inter-faculty Track and Field Meet three Wycliffe men took part and every one placed. In the Varsity Harrier Run we had men place second and third, thus gaining places on the intercollegiate team.

In Tennis, Baseball, Basketball and Hockey our teams placed well up in interfaculty standings.

Athletic competition within the College itself has also been very keen. Teams from the Upper and Lower Flats have had many evenly contested matches for the possession of the Isherwood Trophy. The Upper Flat proved the winner for the second successive year by four wins to two.

Athletics in Wycliffe have their "Ups" and "Downs" and although winning teams may be few and far between, the interest in sport never lags.

Knox College Soccer Team

KNOX won the Arts Faculty Cup for the fifth consecutive time, which is now the record number of successive years for any team to hold this trophy.

The team also acquired the distinction of going through the season without losing a game, repeating the achievement of Knox teams of the last three years. All opposition was easily overcome until the final two-game series with Victoria College. The first encounter resulted in a draw, and the deciding match gave the verdict to Knox by the narrow but well-earned margin of one goal.

With only two exceptions the same players will wear the Purple and White next Fall, and indications are that Knox will add further laurels to her name.

WOMEN'S INTERCOLLEGIATE ATHLETICS

Women's Athletics

OUTSTANDING events in women's athletics in the year 1932-33 were the loss of the intercollegiate basketball and tennis championships, long held by Varsity, to McGill and Queen's respectively, the winning of the intercollegiate hockey in two straight games, and the entry of eleven teams in the interfaculty basketball series.

The interfaculty tennis was once again won by St. Hilda's, but the showing of St. Michael's was noteworthy, Agnes Gardner of that college winning the individual championship. Queen's strong team captured both singles and doubles in the intercollegiate meet.

Dorothy Bishop's capable Senior Vic. team took the interfaculty basketball title held last year by Junior Vic., with Senior U.C. as the other finalists. The feature of the series was the showing of the combined Meds. and Public Health team. An inexperienced intercollegiate squad lost the 'Bronze Baby' to McGill in Montreal, but defeated Western. Sally Ballard was coach of the team, Kay Stewart, manager, and Eleanor Wallace, Captain. The intermediates won one game and tied one, losing three others by close scores.

The interfaculty hockey series is again incomplete due to lack of ice but the intercollegiates again won the title from Queen's, under the able coaching of Stewart Ferguson, with Isobal Blair and Marnie Faulds as managers and Margot Thompson as captain. The City League is still unfinished.

Victoria won back the baseball cup in a three-team series with St. Mike's and U.C. An interfaculty badminton series is being played with a number of outstanding players competing. The interfaculty swimming meet is scheduled for March 8 and will undoubtedly bring out some outstanding talent.

Directorate members for 1932-33: Dr. C. C. Benson, President, Mrs. W. A. Kirkwood, Dr. Edith Gordon, Miss I. G. Coventry, Mrs. W. B. Elsley, Miss Adele Statten and Miss A. E. M. University College Women's Athletics

WOMEN'S athletics at University College were carried on this year under the direction of the Women's Sports Executive. Although no Interfaculty championships have been won, it is expected that the swimming and badminton teams will attain great honours in their respective fields.

Tennis was the first scheduled sport of the College. The tournament was carried on very enthusiastically considering the difficulty U.C. experienced in obtaining courts.

U.C. had three basketball teams this year, showing that this sport is very popular in the College. The Senior team lost the Interfaculty championship to Victoria in a closely contested battle. The other two teams did not win many games but contain much good material for future Senior teams. Four U.C. basketball players won places on the Senior Intercollegiate and three on the Intermediate Intercollegiate teams.

Baseball was revived at U.C. this year after a lapse of two years. The team was unable to regain the championship which the last team had won but sufficient enthusiasm was shown by the players to indicate that the College may regain its position of leadership in the near future.

After two years' trial in the College, the U.C. Badminton Club was officially recognized by the W.U.A. this year.

In the latter part of February the Interfaculty swimming meet was held and U.C. sent a very strong team to compete in this event. Practically all the members of last year's team were eligible this year and in addition there are a number of girls in the first year who have shown up very well in the practices.

U.C. has four players on the Intercollegiate hockey team, including one freshman.

U.C. sporting activities were brought to a close this year with the Annual Athletic Banquet on March 16 at which the shields, crests and T's were awarded.

The St. Hilda's Athletic Association

ANOTHER year is nearly gone, and once again the past is being dug out to become immortal on the pages of Torontonensis.

As usual, Tennis occupied our time during the first few weeks of the Michaelmas term, and as usual weather conditions were unfavourable to the completion of the College tournament. In the Interfaculty competition we made a good beginning by winning the tournament by a considerable margin, while one member of the team played for Varsity in the Intercollegiate matches.

In spite of the fact that four regular members of the basketball team of last year graduated, the almost-new squad, through splendid coaching and hard work, reached the Semi-finals but were defeated by the "eminent Victorians". Several members of the team are now turning out for Intercollegiate and Intermediate practices.

There seems to be little hope of playing out the Interfaculty Hockey Series but if the weather is favourable, we are pinning our hopes on Betty Carter who is not eligible for Intercollegiate Hockey this year.

Badminton, while not yet recognized as an Interfaculty Sport, will this year receive some sort of recognition by the University. The comparative ability of our team will be known at a later date.

With four places to be filled on the swimming team, it remains to be seen whether we shall be able to keep the cup so hardly wrested from U.C. last year.

In March we will officially bring to a close the Athletic activities of the year by our annual Athletic dinner and distribution of awards.

FRATERNITIES

"No receipt openeth the heart but a true friend, to whom you may impart Grief, Joys, Fears, Hopes, Suspicions, Counsels, and whatsoever liveth upon the heart to oppress it."

Bacon.

The Interfraternity Council of the University of Toronto

CERTAIN fraternities, sharing a common purpose in the academic and social welfare of the University, and desiring co-operation between themselves for their mutual benefit, organized an interfraternity council and established a constitution to govern its proceedings.

Article No. 2 of this Constitution reads:

Purposes:

"To insure co-operation among the fraternities.

"To discuss questions of mutual interest.

"To promote interfraternity sport and social intercourse.

"To establish a permanent executive representing the fraternity body of the University.

"To further the interests of the University."

The Interfraternity Council of the University came into being in 1922, established by the fourteen charter members. Its activities since that time have fully justified its existence. Many of these are carried on from year to year, others are undertaken where they are believed beneficial to all concerned.

In sports the Council has filled an important rôle, organizing hockey, baseball, squash racquets and basketball competitions, and awarding trophies. But not only here; the Council emphasizes scholarship and an award is made every year to the fraternity having the highest academic standing as a result of the preceding year's work.

It is altogether desirable that the men in the different fraternities should get to know one another. With this object in view, the Council arranges the time and place for an exchange at lunch or dinner. On such occasions the members of a fraternity are at the same time guests and hosts.

There are many concerns upon which the fraternities can combine for their mutual benefit, for instance, in dealing with merchants for supplies and in the matter of securing reliable help.

ADVERTISING
AND
INDEX

Business is closely similar to a trimotored aeroplane; one of the engines is advertising; another is personal salesmanship; and another is the mere motive force of primitive needs. When you kill the advertising engine, the business craft can neither speed nor climb.

—Roger W. Babson.

INDEX

GETTING TO THE HEART OF THINGS

The quest for knowledge is a never ending story. Through the ages man has carried on perpetual efforts to become informed concerning the hitherto "unknown".

The greater the results—the greater the efforts to enlarge upon them.

In their own field of endeavour Eaton's too are explorers. Their continual search for fresh avenues which will lead to better values for customers, is a task in which all departments of the store co-operate to the full.

The Research Bureau—Comparisons Office—Systems Department—as well as the various merchandise units, are all vitally concerned with new means and methods of ensuring that our customers shall enjoy the added satisfaction which the latest discoveries, and modern ideas of merchandising put within our power to bring to them.

Go exploring in Eaton's yourself . . . and you will find such values as will convince you of the truth of the statement that:—

"A straight line is the shortest distance"

EUCLID proved that a straight line was the shortest distance between any two given points. The same axiom applies when one travels the path towards Independence.

The young man or woman who deposits a few dollars every week and who leaves his or her savings to grow at interest is moving in a straight line towards security and happiness.

Set yourself an objective now. Every week deposit a definite percentage of your salary. This is a safer and more direct route to a substantial balance than by casual saving.

(*Continued on page 469*)

O sleep, O gentle sleep,
Nature's soft nurse, how have I frighted thee,
That thou no more wilt weigh my eyelids down,
And steep my senses in forgetfulness?
Why rather, sleep, liest thou in smoky cribs,
Upon uneasy pallets stretching thee,
And hushed with buzzing night-flies to thy slumber,
Than in the perfumed chambers of the great,
Under high canopies of costly state,
And lull'd with sounds of sweetest melody?
O thou dull god, why liest thou with the vile
In loathsome beds, and leav'st the kingly couch
A watch-case or a common 'larum-bell?
Wilt thou upon the high and giddy mast
Seal up the ship-boy's eyes, and rock his brains
In cradle of the rude imperious surge,
And in the visitation of the winds,
Who take the ruffian billows by the top,
Curling their monstrous heads, and hanging them
With deafening clamour in the slippery shrouds,
That, with the hurly, death itself awakes?
Canst thou, O partial sleep, give thy repose
To the wet sea-boy in an hour so rude;
And in the calmest and most stillest night,
With all appliances and means to boot,
Deny it to a king? Then, happy low, lie down!
Uneasy lies the head that wears a crown.

(KING HENRY IV, PART 2, II, 1.)

The three most common causes of sleeplessness are (1) blood congested brain cells (2) digestive unrest (3) nervous irritability. Whether you suffer from one or all, Ovaltine brings you sleep.

When taken as a warm drink at bedtime, Ovaltine tends to draw the excess blood away from the head, and combats mental over activity.

Ovaltine is high in "diastase", a food property of malt, which has the unique power of digesting the starch content of any starchy food lying heavily in your stomach, thus relieving digest unrest.

While you sleep Ovaltine nourishes your body, brain and nerves. It supplies Organic Phosphorus, Vitamins, Calcium, and other food elements required for complete nutrition.
